APPLICANT: Robert Brumley

ACTION REQUESTED: Variance to reduce the lot area and lot area per unit requirement; Variance to reduce the required front street setback; Variance to reduce the required rear yard setback; Variance to reduce the required side street setback; Variance of the open space requirement in an RS-3 district (Section 5.030)

PRESENT USE: residential TRACT SIZE: 5625 SQ FT

LEGAL DESCRIPTION: W 75' LTS 1 2 3 BLK 5, PARK HILL ADDN AMD

RELEVANT PREVIOUS ACTIONS:

Surrounding Property: BOA-19995; on 3.08.05, the Board approved a Variance of the front yard requirement from 35 feet to 11 feet to allow for the establishment of a single-family dwelling in the RS-3 District. Located: 1612 W. Edison St. (SW/c of N. Union Ave. & W. Edison St.)

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an 'Existing Neighborhood' and an 'Area of Stability'.

An Existing Neighborhood is intended to preserve and enhance Tulsa's existing single-family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code.

The Areas of Stability include approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS-3 zoned residences on all sides.
The district 20 from 25 sample motion requirement move unit open space per unit requirements. 4,000 sq. ft. to 5625 sq. ft.

The applicant is requesting a Variance to reduce the front street setback from 25 ft. to 20 ft. along W. Easton Pl. Based on the submitted plan, W. Easton Pl. is indicated as the front setback. The Major Street and Highway Plan considers this a non-arterial street and would therefore be required by code to maintain a building setback of 25 feet in an RS-3 zoned district (Sec. 5.030-A).

The Code states that, for detached houses on corner lots, the minimum side street setback along a non-arterial may be reduced to 15 feet provided that the minimum setback for street-facing garage doors is 20 feet or 20 feet from the back of the sidewalk, whichever is greater (5.030-B.3). As shown on the submitted plan, the side street setback along N. Union Ave. is 17 ft. The Variance request to reduce the required side street setback is not needed.

The Code requires that detached houses maintain a rear setback of 20 ft in an RS-3 zoned district (Sec. 5.030-A). As shown on the submitted site plan, the proposed residence would encroach 15 ft into the required rear setback. Per the code, a Variance to reduce the rear setback from 20 ft. to 5 ft. (Section 5.030-A) is required to construct the proposed residence.

The Code requires a open space per unit of 4,000 sq. ft for detached houses in an RS-2 zoned district. Open space per unit refers to the amount of outdoor open space required to be provided on a lot for each dwelling unit on the subject lot. The following may be counted toward satisfying minimum open space-per unit requirements: (1) Outdoor areas that are not occupied by buildings, driveways or parking areas and are generally useable by residents; (2) Driveways and parking areas located in the rear yard of a detached house or duplex; and; (3) Green roofs covering 25% or more of the subject building’s overall roof area. The applicant has requested a Variance to reduce the open space per unit requirement to 3520 sq. ft. (lot area – building area).

Sample Motion

Move to ________ (approve/deny) a Variance to reduce the lot area and lot area per unit requirement from 6900 sq. ft. to 5625 sq. ft.; a Variance to reduce the required front street setback from 25 ft. to 20 ft. along W. Easton Pl.; a Variance to reduce the required rear yard setback from 20 ft. to 5 ft.; a Variance of the open space requirement from 4,000 sq. ft to 3520 sq. ft. in an RS-3 district (Section 5.030);

- Finding the hardship(s) to be ________________________________.
- Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.
- Subject to the following conditions _________________________________

The Board finds that the following facts, favorable to the property owner, have been established: “a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;
b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision's intended purpose;

c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;

d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;

e. That the variance to be granted is the minimum variance that will afford relief;

f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and

g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan."
Interested Parties:
Howard Joiner, 7015 East Haskell, stating he came to find out what were the applicant’s plans. They were open to family oriented activities and advantageous to the community.

Tim Lewis, 7305 East Latimer Place, stated there has been a history of vandalism, when the bowling alley existed.

Mr. Dunham offered the applicant and interested parties time to discuss the application outside of the room to resolve any issues and be heard later in the meeting.

Board Action:
To be heard later in the meeting.

Case No. 19994
Action Requested:
Verification of required 300 ft distance from another family day care home (Section 402.B.5.g), located: 11866 East 36th Street South.

Presentation:
Jerry Ray, 4750 Hobbyhorse Lane, stated he is the father of the applicant. He added they did a survey and did not find another home day care within 300 ft.

Interested Parties:
There were no interested parties present who wished to speak.

Board Action:
On Motion of Stephens, the Board voted 4-0-0 (Dunham, Stephens, Stead, Henke "aye"; no "nays"; no "abstentions"; Paddock "absent") to APPROVE a Verification of required 300 ft distance from another family day care home (Section 402.B.5.g), on the following described property:

LT 9 BLK 6, GARNETT PARK ADDN, City of Tulsa, Tulsa County, State of Oklahoma

Case No. 19995
Action Requested:
Variance of front yard requirement from 35 feet to 11 feet to allow for the establishment of a single-family dwelling in the RS-3 District, SECTION 4 - Use Unit 6, located: 1612 West Edison Street.
Presentation:
Michael Simmons, 1719 West Easton Court, the subject property has been neglected with a history of code violations. They are trying to improve the neighborhood and he bought this property to improve it also. This property is unique, being the only lot facing Edison in Owen Park that would have a structure built under the current zoning code. He submitted photographs (Exhibits B-1 and B-2) to support his presentation. He pointed out one house is close to the street and the small lots. There would be no garage and the curb cut is on Union.

Interested Parties:
There were no interested parties present who wished to speak.

Board Action:
On Motion of Stephens, the Board voted 4-0-0 (Dunham, Stephens, Stead, Henke "aye"; no "nays"; no "abstentions"; Paddock "absent") to APPROVE a Variance of front yard requirement from 35 feet to 11 feet to allow for the establishment of a single-family dwelling in the RS-3 District, SECTION 4 -- Use Unit 6, finding the lot was created prior to the current zoning code and created a substandard lot, on the following described property:

W 50' OF LTS 1 2 & 3 BLK 4, PARK HILL ADDN AMD, City of Tulsa, Tulsa County, State of Oklahoma

Case No. 19996
Action Requested:
Special exception to allow Use Unit 5 - Community Center- in an SR zoned district (Section 851), located: 11545 East 43rd Street South.

Mr. Dunham abstained from Case No. 19996.

Presentation:
Josh Fowler, stated he is the Executive Vice-President of the Home Builders Association of Greater Tulsa, 11545 East 43rd Street. They were not adding onto the structure or changing the use from what they have done for years. It was found that they were originally approved for office space, but they need a special exception to have the members meetings there and comply with the code.

Interested Parties:
There were no interested parties present who wished to speak.

Board Action:
On Motion of Stead, the Board voted 3-0-1 (Stephens, Stead, Henke "aye"; no "nays"; Dunham "abstained"; Paddock "absent") to APPROVE a Special Exception to allow Use Unit 5 - Community Center- in an SR zoned district (Section 851), on the following described property:

Application No. BLDR-19658-2018

Note: As provided for in Section 70.130 you may request the Board of Adjustment to grant a variance from the terms of the Zoning Code requirements identified in the letter of deficiency below. Please direct all questions concerning variances, special exceptions, appeals of an administrative official decision, Master Plan Developments Districts (MPD), Planned Unit Developments (PUD), Corridor (CO) zoned districts, zoning changes, platting, lot splits, lot combinations, alternative compliance landscape and screening plans and all questions regarding (BOA) or (TMAPC) application forms and fees to an INCOG representative at 584-7526. It is your responsibility to submit to our offices documentation of any appeal decisions by an authorized decision making body affecting the status of your application so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf.

Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

1. 35.010-A Detached House
A detached house is a principal residential building, other than a manufactured housing unit or mobile home, that contains only one dwelling unit and that is located on a single lot that is not occupied by other principal residential buildings. Detached houses are not attached to and do not abut other dwelling units.

Review Comments: You are proposing a detached house on more than one lot.

1. Please apply for a lot combination at INCOG located at Two West Second Street, Suite 800. Please direct all questions concerning lot combinations and all questions regarding TMAPC application forms and fees to an INCOG representative at 584-7526.

2. After you receive a copy of the lot combination agreement from INCOG you will need to go to the Tulsa county clerk's office at 500 S. Denver and have the lot combination agreement recorded.

3. Submit a copy of the lot combination agreement with the Tulsa county clerks recording sticker on it to this office as a revision.

2. 5.030-A: Setback(s) (Residential): In the RS-3 zoned district the minimum front setback shall be 25’ from the front property line.

Review Comments: The proposed plans indicate a 20’ front setback from the P/L. Revise the plans indicating compliance with a 25’ front setback or you may pursue an administrative adjustment from INCOG to reduce the front setback from 25’ to 20’.

3. 5.030-A: In the RS-3 zoned district the minimum rear yard setback shall be 20 feet from the rear property line.
**Review Comments:** Revise your plans to indicate a 20' rear setback to the property line, or apply to INCOG for a variance to allow less than a 20' rear setback.

4. **5.030-A – Setback(s) (Residential):** In the RS-3 zoned district, the minimum side yard requirement not abutting a public street shall be 5 feet, and the minimum side yard setback abutting a public street shall be 15 feet from the property line abutting the street (20' for the garage accessing the street).

   **Review Comments:** Revise site plan to indicate a 15' side street setback from the property line along Union Ave. If you are unable to meet the setback requirements mentioned above, then you will need to apply to the City of Tulsa Board of Adjustment (BOA) for a Variance to reduce the side street setback requirement(s).

5. **5.030-A Table of Regulations**
   The lot and building regulations of Table 5-3 apply to all principal uses and structures in R districts, except as otherwise expressly stated in this zoning code. General exceptions to these regulations and rules for measuring compliance can be found in Chapter 90.

   **Review Comments:** Per table 15-3 an RS-3 zoning district requires a minimum 6,900 sq ft of lot area per unit. You are proposing 5625 sq ft of lot area for a Detached House. If you are unable to meet the Minimum lot area requirements mentioned above, then you will need to apply to the City of Tulsa Board of Adjustment (BOA) for a Variance to reduce the required Minimum lot area requirements.

6. **5.030-A Table of Regulations**
   The lot and building regulations of Table 5-3 apply to all principal uses and structures in R districts, except as otherwise expressly stated in this zoning code. General exceptions to these regulations and rules for measuring compliance can be found in Chapter 90.

   **Review Comments:** RS-3 zoned lots require a minimum open space of 4000 square feet on this lot. You are proposing 3520 sq ft which is less than the required amount. Revise plans to show compliance or apply to BOA for a variance to allow less than 4000 sq ft of open space on this lot.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter. A hard copy of this letter is available upon request by the applicant.

Please Notify Plans Examiner By Email When You Have Submitted A Revision.

**END –ZONING CODE REVIEW**

**NOTE:** THIS CONSTITUTES A PLAN REVIEW TO DATE IN RESPONSE TO THE SUBMITTED INFORMATION ASSOCIATED WITH THE ABOVE REFERENCED APPLICATION. ADDITIONAL ISSUES MAY DEVELOP WHEN THE REVIEW CONTINUES UPON RECEIPT OF ADDITIONAL INFORMATION REQUESTED IN THIS LETTER OR UPON ADDITIONAL SUBMITTAL FROM THE APPLICANT.

KEEP OUR OFFICE ADVISED OF ANY ACTION BY THE CITY OF TULSA BOARD OF ADJUSTMENT OR TULSA METROPOLITAN AREA PLANNING COMMISSION AFFECTING THE STATUS OF YOUR APPLICATION FOR A ZONING CLEARANCE PERMIT.

LOCATION: 3618 E ADMIRAL PL S

ZONED: CH

PRESENT USE: vacant

TRACT SIZE: 5323.05 SQ FT

LEGAL DESCRIPTION: LT 1 LESS N 5 CITY BLK 1, WALNUT PARK ADDN

RELEVANT PREVIOUS ACTIONS:
Subject Property:
BOA-14218; on, the Board approved per drawing, a Variance of the required 50 feet setback from the centerline of East Admiral Place to 35 feet to permit two business signs.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of a “Main Street” and an “Area of Growth”.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the City where general agreement exists that development or redevelopment is beneficial.

Main Streets are Tulsa’s classic linear centers. They are comprised of residential, commercial, and entertainment uses along a transit-rich street usually two to four lanes wide, and includes much lower intensity residential neighborhoods situated behind. Main Streets are pedestrian-oriented places with generous sidewalks, storefronts on the ground floor of buildings, and street trees and other amenities. Visitors from outside the surrounding neighborhoods can travel to Main Streets by bike, transit, or car. Parking is provided on street, small private off street lots, or in shared lots or structures.

ANALYSIS OF SURROUNDING AREA: The subject tract abuts CH zoned parcels to the east and west; CS zoned commercial uses to the south; E. Admiral Pl. is immediately north of the subject property.

STAFF COMMENTS:
On 11/30/18, the City Council voted to adopt, with emergency, amendments to the City of Tulsa Zoning Code regarding Medical Marijuana.
The applicant is proposing to convert the existing building into a medical marijuana dispensary. To permit the dispensary the applicant is before the Board requesting a Spacing Verification for medical marijuana dispensary in a CH district from other medical marijuana dispensaries (Section 40.225-D).

Per the newly adopted amendments, a medical marijuana dispensary is permitted by right in the CH district as long as it meets the spacing requirement of 1,000 ft. from from other medical marijuana dispensaries (Section 40.225-D). The spacing requirement must be verified before the Board of Adjustment in a public hearing to distribute public notice to property owners within the required distance radius. Surrounding neighbors and property owners are provided the ability to notify the Board of any conflicting uses within the required spacing radius.

In Section 40.225-I, the separation distance required under Section 40.225-D must be measured in a straight line between the nearest perimeter walls of the buildings (or portion of the building, in the case of a multiple-tenant building) occupied by the dispensaries. The separation required under Section 40.225-D shall not be applied to limit the location of a medical marijuana dispensary for which a license was issued by the Oklahoma State Department of Health prior to December 1, 2018 for the particular location.

The applicant submitted exhibits indicating a radius around the subject property that contains the proposed medical marijuana dispensary and has labeled the uses of property within the subject building and that radius in support of the verification.

Sample Motion:

I move that based upon the facts in this matter as they presently exist, we accept the applicant's verification of spacing to permit a medical marijuana dispensary subject to the action of the Board being void should another medical marijuana dispensary be established prior to the establishment of this medical marijuana dispensary.
Case No. 14217

**Action Requested:**  
Minor Variance - Section 430.1 - Bulk and Area Requirements In Residential Districts - Use Unit 1206 - Request a minor variance of the required setback from the centerline of South Louisville Avenue from 50' to 40' to allow proposed construction, located on the NE/c of East 87th Place South and South Louisville Avenue.

**Presentation:**  
The applicant, Robert Beckstrom, 2227 East Skelly Drive, Tulsa, Oklahoma, and the developer who is selling the lot, was represented by Jon Vrooman, 6138 South Louisville, Tulsa, Oklahoma. He submitted a plot plan (Exhibit K-1) and explained that other lots in the area have been approved for a similar request. Mr. Vrooman pointed out that, due to 2 street setbacks on the corner lot, a very narrow space remains for construction. He stated that the house will align with the structure to the north.

**Board Action:**  
On MOTION of BRADLEY, the Board voted 5-0-0 (Bradley, Chappelle, Quarles, Smith, White, "aye"; no "nays"; no "abstentions"; none, "absent") to APPROVE a Minor Variance (Section 430.1 - Bulk and Area Requirements In Residential Districts - Use Unit 1206) of the required setback from the centerline of South Louisville Avenue from 50' to 40' to allow proposed construction; per plot plan submitted; finding a hardship imposed by the corner lot location and 2 street setbacks; on the following described property:

Lot 1, Block 3, Harvard Manor Addition, City of Tulsa, Tulsa County, Oklahoma.

Case No. 14218

**Action Requested:**  
Minor Variance - Section 1221.3(f) - General Use Conditions for Business Signs - Request a minor variance of the minimum required setback from the centerline of Admiral Place from 50' to 35' to permit 2 business signs to be installed on a single pole, located SW/c of Louisville and Admiral Place.

**Presentation:**  
The applicant, Louis Abraham, 3606 East 66th Street, Tulsa, Oklahoma, submitted a plot plan (Exhibit L-2) and photographs (Exhibit L-1). Mr. Abraham stated that he is representing his father who is requesting to change the two existing signs to a single pole which will be 36' from the centerline, with the property line being 35' from the centerline. He informed that the building was erected many years ago and the sign has very little exposure behind the other signs in the area.
Case No. 14218 (continued)

Board Action:
On MOTION of BRADLEY, the Board voted 5-0-0 (Bradley, Chappelle, Quarles, Smith, White, "aye"; no "nays"; no "abstentions"; none, "absent") to APPROVE a Minor Variance (Section 1221.3(f) - General Use Conditions for Business Signs) of the minimum required setback from the centerline of Admiral Place from 50' to 35' to permit 2 business signs to be installed on a single pole; per sign plan submitted; finding that there are other signs in the area as close to the street as the sign in question; on the following described property:

Lot 1, Block 1, Walnut Park Addition, City of Tulsa, Tulsa County, Oklahoma.

NEW APPLICATIONS

Case No. 14199

Action Requested:
Variance - Section 240.2(e) - Permitted Yard Obstructions - Request a variance to exceed the maximum floor area for accessory buildings from 750 square feet to 4,640 square feet, located NW/c of 13th Street and 143rd East Avenue.

Presentation:
The applicant, Leon Henderson, 1244 South 143rd East Avenue, Tulsa, Oklahoma, asked the Board to permit him to finish construction of a pole barn on his property at the above stated address. He informed that the barn was already framed when he was notified that he would need to acquire a Building Permit. Mr. Henderson stated that he complied with this request, but construction was delayed when Stormwater Management informed him that the property is located in a flood zone. He informed that he was then cited by Code Enforcement and allotted 10 days to remove the building materials and other items from his back yard, but at his request, was given a 30 day extension to complete the cleanup. Mr. Henderson stated that he continued to work on the barn and that it is now 75% complete. He informed that, with Stormwater Management approval, he was able to obtain a Building Permit for the structure, but needs this Board's approval to allow him to finish the project.

Comments and Questions:
Ms. Hubbard informed that the case report reflects that the barn contains 4,640 sq. ft. of floor space and the plans that are in her office call for 6,296 sq. ft.

Mr. Henderson stated that there is an existing 600 sq. ft. building on his property and a barn which is 72' by 52'.

APPLICANT: Greg Weisz

ACTION REQUESTED: Variance of the minimum lot area per unit requirement; Variance of the minimum open space per unit requirement in a RM-1 district (Section 5.030-A)

LOCATION: SW/c of E. Archer St. & N. Lewis Ave.  
ZONED: RM-1

PRESENT USE: vacant  
TRACT SIZE: ± 1.608 sq. ft. (proposed Tract A)

LEGAL DESCRIPTION: A TRACT OF LAND THAT IS PART OF BLOCK FOUR (4), EASTLAND ADDITION, AN ADDITION TO THE CITY OF TULSA, TULSA COUNTY, STATE OF OKLAHOMA, ACCORDING TO THE RECORDED PLAT THEREOF, SAID TRACT OF LAND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF SAID BLOCK 4; THENCE SOUTH 01°06'54" EAST ALONG THE EASTERLY LINE OF SAID BLOCK 4 FOR 242.74 FEET; THENCE SOUTH 88°53'06" WEST FOR 10.00 FEET TO THE POINT OF BEGINNING OF SAID TRACT OF LAND;

THENCE CONTINUING SOUTH 88°53'06" WEST FOR 309.29 FEET TO A POINT ON THE WESTERLY LINE OF SAID BLOCK 4; THENCE NORTH 01°06'54" WEST ALONG SAID WESTERLY LINE FOR 195.69 FEET TO A POINT OF CURVE; THENCE NORTHEASTERLY ALONG A CURVE TO THE RIGHT WITH A RADIUS OF 30.00 FEET, A CENTRAL ANGLE OF 89°11'59", A CHORD BEARING OF NORTH 43°29'05" EAST, A CHORD DISTANCE OF 42.13 FEET FOR AN ARC LENGTH OF 46.70 FEET; THENCE NORTH 88°05'05" EAST PARALLEL WITH AND 13.00 FEET SOUTHERLY OF THE NORTHERLY LINE OF SAID BLOCK 4 FOR 261.92 FEET; THENCE SOUTH 51°45'39" EAST FOR 23.04 FEET; THENCE SOUTH 01°06'54" EAST PARALLEL WITH AND 10.00 FEET WESTERLY OF THE EASTERLY LINE OF SAID BLOCK 4 FOR 214.74 FEET TO THE POINT OF BEGINNING OF SAID TRACT OF LAND.

SAID TRACT OF LAND CONTAINING 1.608 ACRES, OR 70,025 SQUARE FEET, MORE OR LESS.

RELEVANT PREVIOUS ACTIONS:

Subject Property:  
BOA-19923; on 10.12.04, the Board approved a Special Exception to allow medical offices (Use Unit 11) in an RM-1 zoned district. (meeting minutes unavailable)

BOA-16016; on 4.28.92, the Board approved a Special Exception to permit public school use in a RM-1 zoned district for the existing Whittier School.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an 'Neighborhood Center and an 'Area of Growth'.

Neighborhood Centers are small-scale, one to three story mixed-use areas intended to serve nearby neighborhoods with retail, dining, and services. They can include apartments, condominiums, and townhouses, with small lot single family homes at the edges. These are pedestrian-oriented places served by transit, and visitors who drive can park once and walk to number of destinations.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter

4.2

REVISED11/16/2019
auto trips. Areas of Growth are parts of the City where general agreement exists that development or redevelopment is beneficial.

**ANALYSIS OF SURROUNDING AREA:** The proposed Tract A is surrounded by a mix of uses. The proposed Tract A abuts vacant RM-1 zoned lots to the south; a large CH zoned tract to the east; RS-4 zoned properties to the west; E. Archer St. is immediately to the north.

**STAFF COMMENTS:**

On 12/18/18, a Lot-split application and the attached Lot-Split exhibit were submitted to INCOG. At the time of this staff report, Staff had not received comments from City of Tulsa Development Services. The applicant is proposing to construct the apartment building on Tract A if the Lot-Split application is approved.

The applicant is proposing to construct an apartment building on a north portion of the overall subject site. Per the Code, a apartment is defined as a principal residential building on a single lot that is occupied by 3 or more dwelling units (other than a multi-unit house) that share common walls and/or common floor/ceilings. An apartment building use is by permitted by right in the RM-1 district.

The proposed Tract A is 70,025 sq. ft. For an apartment use in the RM-1 district the Code requires a lot area of 10,000 sq. ft. and a lot area per unit of 1,750 sq. ft. As shown on the attached site plan, the apartment building will have 52 dwelling units. Per the code, the lot would need to be a total of 91,000 sq. ft. (1,750 sq. ft. x 52 dwelling units) to meet the lot area per unit requirement for the apartment building as proposed. The minimum lot area per unit requirement of 1,750 sq. ft. for the 70,025 sq. ft. lot would allow for 40 dwelling units. The applicant has requested a **Variance** to reduce the lot area per unit requirement from 1,750 sq. ft. per unit to 1,346 sq. ft. per unit (70,025 sq. ft./52 dwelling units).

The Code requires a open space per unit of 600 sq. ft for apartment buildings in an RM-1 zoned district. Open space per unit refers to the amount of outdoor open space required to be provided on a lot for each dwelling unit on the subject lot. The following may be counted toward satisfying minimum open space-per unit requirements:

- Outdoor areas that are not occupied by buildings, driveways or parking areas and are generally useable by residents;
- Driveways and parking areas located in the rear yard of a detached house or duplex;
- Green roofs covering 25% or more of the subject building's overall roof area.

The applicant has stated that “with the current site plan there are 569 sq. ft. of open space per dwelling units”. The applicant has requested a **Variance** to reduce the open space per unit requirement from 600 sq. ft. per unit to 560 sq. ft. per unit.

**Sample Motion**

Move to ________ (approve/deny) a **Variance** of the minimum lot area per unit requirement; a **Variance** of the minimum open space per unit requirement in a RM-1 district (Section 5.030-A)

- Finding the hardship(s) to be _________________________________.
- Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.
- Subject to the following conditions ______________________________
The Board finds that the following facts, favorable to the property owner, have been established:

"a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;

b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision’s intended purpose;

c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;

d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;

e. That the variance to be granted is the minimum variance that will afford relief;

f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and

g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan."
Case No. 16015

Action Requested:
Variances of the setback from the centerline of East 21st Street from 110' to 103' to permit a drive-in window - Section 703. BULK AND AREA REQUIREMENTS IN THE COMMERCIAL DISTRICTS - Use Unit 12, located 1923 South Garnett.

Presentation:
The applicant, Long John Silver's, was represented by Don Godsey, 8900 Indian Creek Parkway, Overland Park, Kansas, who submitted a plot plan (Exhibit W-1) for the addition of a drive-through window to an existing restaurant. He pointed out that the new window would alleviate dining room and parking lot congestion.

Comments and Questions:
Mr. Jackere asked if the entire building encroaches into the setback, and Mr. Godsey stated that the actual building was constructed to comply with the 110' required setback.

Protestants:
None.

Additional Comments:
Mr. Jones stated that it has been discovered that property owners within 300' feet of the subject property may not have received adequate notice of the hearing, and suggested that the case be continued to May 12, 1992.

Protestants:
None.

Board Action:
On MOTION of FULLER, the Board voted 5-0-0 (Bolzle, Chappelle, Doverspike, Fuller, White, "aye"; no "nays"; no "abstentions"; none "absent") to CONTINUE Case No. 16015 to May 12, 1992.

Case No. 16016

Action Requested:
Special Exception to permit a public school in an R District - Section 401. PRINCIPAL USES PERMITTED IN THE RESIDENTIAL DISTRICTS - Use Unit 5, located at 68 North Lewis Avenue.

4.28.92:608(33)
Case No. 16016 (continued)

Presentation:
The applicant, Tulsa Public Schools, was represented by Jim Choate, 1555 north 77th East Avenue, Tulsa, Oklahoma, who explained that mobile units are being proposed in order to bring the class size into compliance with House Bill 1017 requirements. A plot plan (Exhibit AA-1) was submitted.

Comments and Questions:
Ms. Hubbard stated that the school is in compliance with all other Code requirements.

Protestants:
None.

Board Action:
On MOTION of DOVERSPIKE, the Board voted 5-0-0 (Bolzle, Chappelle, Doverspike, Fuller, White, "aye"; no "nays"; no "abstentions"; none "absent") to APPROVE a Special Exception to permit a public school in an R District - Section 401. PRINCIPAL USES PERMITTED IN THE RESIDENTIAL DISTRICTS - Use Unit 5; per plan submitted; finding that the temporary units will not be detrimental to the area, or violate the spirit and intent of the Code; on the following described property:

Lots 1-20 and Lots 31-50, Block 4, Eastland Addition, City of Tulsa, Tulsa County, Oklahoma.

Case No. 16017

Action Requested:
Special Exception to permit a public school in an R District - Section 401. PRINCIPAL USES PERMITTED IN THE RESIDENTIAL DISTRICTS - Use Unit 5, located 3441 East Archer.

Presentation:
The applicant, Tulsa Public Schools, was represented by Jim Choate, 1555 north 77th East Avenue, Tulsa, Oklahoma, who explained that mobile units are being proposed in order to bring the class size into compliance with House Bill 1017 requirements. A plot plan (Exhibit BB-1) was submitted.

Comments and Questions:
Ms. Hubbard stated that the school is in compliance with all other Code requirements.

Protestants:
None.

Greg,

One last thing, could you provide me with the open space per unit calculation? The minimum the Code requires for an RM-1 district is 600 sq. ft. per unit. I just want to verify that you will not need additional relief. Let me know if you have any questions.

HEARING DATE: 01/22/2019 1:00 PM

APPLICANT: Corey Robison

ACTION REQUESTED: Special Exception to allow a Indoor Commercial/Assembly and Entertainment Use (RC Car Racetrack) in the IM district (Section 15.020)

LOCATION: 6240 E 15 ST S

PRESENT USE: warehouse

LEGAL DESCRIPTION: E/2 NW NE SE SEC 10 19 13,

TRACT SIZE: ± 5 acres

ZONED: IM

RELEVANT PREVIOUS ACTIONS:

Surrounding property:
BOA-14379; on 02.05.87, the Board approved a special exception Use Units 13, 14 and restaurant and bar use only in Use Unit 12 in an IM zoned district located west of the northwest corner of East 15th Street South and South Sheridan Road (6239 East 15th Street South).

BOA-12495; on 3.24.83, the Board approved a special exception to allow a veterinarian hospital in an IM zoned district located west of the northwest corner of East 15th Street South and South Sheridan Road (6231 East 15th Street South).

RELATIONSHIP TO THE COMPREHENSIVE PLAN: the Tulsa Comprehensive Plan identifies the subject property as part of an “Employment” area and an “Area of Growth”.

Employment areas contain office, warehousing, light manufacturing and high tech uses such as clean manufacturing or information technology. Sometimes big-box retail or warehouse retail clubs are found in these areas. These areas are distinguished from mixed-use centers in that they have few residences and typically have more extensive commercial activity.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.
ANALYSIS OF SURROUNDING AREA: The subject tract abuts RS-3 zoned residences to the south; large IM zoned parcels to the east and west; E. 15th St. S. is immediately north of the overall property.

STAFF COMMENTS:
The applicant is before the Board requesting a Special Exception to allow an Indoor Commercial/Assembly and Entertainment Use (RC Car Racetrack) in the IM district (Section 15.020). The overall parcel consists of several warehouse and industrial buildings. As indicated on the attached site plan, the proposed radio controlled race track will be in the highlighted building as it exists presently.

A special exception is required as the proposed radio-controlled race track is a use which is not permitted by right in the IM district because of potential adverse effect, but which if controlled in the particular instance as to its relationship to the surrounding area and to the general welfare, may be permitted.

The applicant has stated that the radio-controlled car races occur twice a week, usually on Tuesday and Saturday, and practices are on Thursday. The applicant also stated that there has not been more than 45 people at the events in the past.

Sample Motion

Move to _________ (approve/deny) a Special Exception to allow an Indoor Commercial/Assembly and Entertainment Use (RC Car Racetrack) in the IM district (Section 15.020)

- Per the Conceptual Plan(s) shown on page(s) ______ of the agenda packet.

- Subject to the following conditions: ________________.

In granting a Special Exception, the Board finds that the Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
Case No. 14377 (continued)
that the neighborhood is concerned with the traffic generated by the
business operation in the area. Mr. Karlovich informed that the
homes in the area are very nice, with costs being in the $200,000
price range. He stated that vandalism has also been a problem in
the neighborhood, and asked the Board to deny the application.

Mr. Jackere asked how long the business has been in operation at the
Hornak home, and Mr. Karlovich replied that he is sure it has been
open for 6 months, and maybe longer.

Board Action:
On MOTION of QUARLES, the Board voted 4-0-0 (Bradley, Chappelle,
Smith, Quarles, "aye"; no "nays"; no "abstentions"; White, "absent")
to DENY a Special Exception (Section 440 - Special Exception Uses in
Residential Districts - Use Unit 1212) to allow for an existing home
occupation - merchandise sales by appointment in a RS-1 zoned
district; finding that the granting of the special exception request
would be detrimental to the neighborhood and would violate the
spirit and intent of the Code and the Comprehensive Plan; on the
following described property:

Lot 5, Block 1, Southern Hills 2nd Addition, City of Tulsa,
Tulsa County, Oklahoma.

Case No. 14379

Action Requested:
Special Exception - Section 910 - Principal Uses Permitted in
Industrial Districts - Request a special exception to allow for Use
Units 12, 13, and 14 in an IM zoned district, located at 6239 East
15th Street.

Presentation:
The applicant, Millard Mashburn, 108 South Ora, Pryor, Oklahoma,
stated that he has a building at the above stated location and asked
the Board to permit the requested uses. He pointed out that he will
have a better opportunity to sell or lease the building if more uses
are allowed. Mr. Mashburn informed that on three occasions he has
had a chance to rent his building for a sexually oriented business,
but has declined the offers. He pointed out that he does not want
this type of operation on his property. Mr. Mashburn informed that
he has visited with the adjoining property owners and they are not
opposed to the variance request.

Board Action:
On MOTION of SMITH, the Board voted 4-0-0 (Bradley, Chappelle,
Smith, Quarles, "aye"; no "nays"; no "abstentions"; White, "absent")
to APPROVE a Special Exception (Section 910 - Principal Uses
Permitted in Industrial Districts) to allow all uses in Use Units 13
and 14, and only eating establishments and a bar in Use Unit 12;

02.05.87;483(4)
subject to no sexually oriented business; finding that there are numerous other commercial uses and multiple zoning classifications in the area; on the following described property:

A tract of land being located in the SE/4 of the NE/4 of Section 10, T-19-N, R-13-E, Tulsa County, Oklahoma, being more particularly described as follows: Beginning at a point on the south line of said SE/4 of the NE/4 said point being 497.52' west of the SE/C of said SE/4 of the NE/4; thence northerly and parallel to the east line of said SE/4 of NE/4 a distance of 496.00'; thence westerly and parallel to the south line of said SE/4 of the NE/4 a distance of 125.00'; thence southerly and parallel to the east line of said SE/4 of NE/4 a distance of 496.00' to a point on the south line of said SE/4 of NE/4; thence easterly along said south line a distance of 125.00' to the point of beginning, LESS AND EXCEPT the south 40' thereof for street right-of-way, City of Tulsa, Tulsa County, Oklahoma.

Case No. 14381

Action Requested:
Special Exception - Section 410 - Principal Uses Permitted in Residential Districts - Use Unit 1205 - Request a special exception to allow for a church and related uses in an RS-3 zoned district.

Variance - Section 1205.3 - Use Conditions - Use Unit 1205 - Request a variance of the minimum lot area of 1 acre and of the lot width of 100 feet, located at 1223 South Canton Avenue.

Presentation:
The applicant, Spiritual Assembly, was represented by Kay Connell, 2423 North Boston Place, Tulsa, Oklahoma, who submitted a plot plan (Exhibit C-1) and a packet (Exhibit C-2) containing the Baha'í meeting schedule and guidelines. She informed that a house at the above stated location has been donated to the congregation. Ms. Connell gave a brief explanation of the function of the organization and asked the Board to allow church use in a residential neighborhood. She stated that the exterior of the house will not be changed, but a driveway and landscaping will be added.

Comments and Questions:
Mr. Chappelle asked Ms. Connell to state the number of members that will be meeting in the church, and she informed that the membership is approximately 25.

Mr. Quarles asked the applicant to give a brief description of the house, and she informed that there are 3 rooms downstairs and 2 rooms upstairs. She stated that the kitchen, library and meeting room will be located in the downstairs portion.

Case No. 12490 (continued)

Discussion:
Mr. Victor did not feel that the variance request was appropriate and did not feel that a hardship was proven. Mr. Jackere advised that since the applicant can use the property for the desired use, duplex use, a hardship does not exist. Mr. Jackere, Legal Counsel, advised that the applicant has the choice of being heard by this Board which requires the finding of a hardship or to be heard by the Planning Commission. Mr. Victor advised that he did not oppose the request, but felt that it would be more appropriate for the applicant to go through the PUD process.

Board Action:
On MOTION of CHAPPELLE and SECOND by WAIT, the Board voted 3-0-0-0 (Chappelle, Victor, Wait, "aye"; no "nays"; no "abstentions"; Purser, Smith, "absent") to deny a Variance (Section 430 - Bulk and Area Requirements in the Residential Districts) of the front setback requirements from 25' to 20' and a variance of the side yard requirement to allow a zero lot line to allow duplexes to set across lot lines and a variance of the minimum lot width and lot area, on the following described property:

A tract of land, containing 7.50 acres, that is the W/2 of the NW/4 of the SE/4 of the SE/4 and the W/2 of the E/2 of the NW/4 of the SE/4 of the SE/4 of Section 16, Township 18 North, Range 13 East, of the Indian Base and Meridian, Tulsa County, Oklahoma.

Case No. 12495

Action Requested:
Special Exception - Section 910 - Principal Uses Permitted in the Industrial District - Request to allow a (Use Unit 14) veterinarian hospital, located at 6231 East 15th Street.

Presentation:
Attorney Curtis Culver, 5136 East 21st Street, was present representing Dr. D. H. Hohman, and submitted four (4) photographs of the subject property (Exhibit "I-1"). Mr. Hohman has operated a veterinarian hospital at the subject location for a number of years and desires to expand the facility. As the applicant made application to this Board he was advised that this property might be a nonconforming use which would require a special exception for the expansion. Mr. Culver advised that the veterinarian hospital is a Use Unit 14 and is permitted in an Industrial District by special exception.

Protestants: None.

Board Action:
On MOTION of CHAPPELLE and SECOND by WAIT, the Board voted 3-0-0 (Chappelle, Victor, Wait, "aye"; no "nays"; no "abstentions"; Purser, Smith, "absent") to approve a Special Exception (Section 910 - Principal Uses Permitted in the Industrial District) to allow a (Use Unit 14) veterinarian hospital, on the following described property:

A tract of land being located in the SE/4 of the NE/4, Section 10, Township 19 North, Range 13 East, Tulsa County, Oklahoma, being more particularly described as follows: Beginning at a point on the South line of said SE/4 of the NE/4 said point being 622.52' West of the SE corner of said SE/4 of the NE/4; thence Northerly & parallel to the east line of said SE/4 of the NE/4 a distance of 496.00'; thence Westerly and parallel to the South line of said SE/4 of the NE/4 a distance of 100.00'; thence Southerly 3.24.83:383(11)

and parallel to the East line of said SE/4 of the NE/4 a distance of 496.00' to a point on the South line of said SE/4 of the NE/4; thence Easterly along said South line a distance of 100.00' to the point of beginning, subject to an easement on the South 40' for Highway purposes, easements on the North 10' and the East 7.5' for utility purposes and other easements and building restrictions of record, containing 1.05 acres more or less.

Case No. 12497

Action Requested:

Special Exception - Section 410 - Principal Uses Permitted in Residential Districts - Request to permit a day care center. This property is at the SE corner of 36th Street and Hudson Avenue.

Presentation:

Dale Edmond, 6044 South Lakewood, requested permission to locate a day care center in Phillips Elementary School. The facility will provide day care needs for pre-schoolers, ages 4 and 5, and will provide day care for school aged children before and after school. The center will operate Mondays thru Fridays from 6:30 a.m. to 6:30 p.m., for twelve months a year.

Protestants: None.

Board Questions:

Mr. Chappelle inquired if any signs would be placed on the subject property and Ms. Edmond answered no. Mr. Chappelle also asked if there was a fenced play area for these children who attend the day care center and Ms. Edmond answered in the affirmative.

Board Action:

On MOTION of CHAPPELLE and SECOND by WAIT, the Board voted 3-0-0 (Chappelle, Victor, Wait, "aye"; no "nays"; no "abstentions"; Purser, Smith, "absent") to approve a Special Exception (Section 410 - Principal Uses Permitted in the Residential Districts) to permit a day care center five days a week (Monday thru Friday) from 6:30 a.m. to 6:30 p.m., and that there be no sign permitted, on the following described property:

A tract of land lying in the SE/4 of Section 22, Township 19 North, Range 13 East of the Indian Base and Meridian, Tulsa County, Oklahoma, being more particularly described as follows, to-wit:

Beginning at a point in the North boundary of and 85 feet East of the Northwest corner of said SE/4 of Section 22; thence South and parallel to the West boundary of said SE/4 a distance of 500.00 feet to a point; thence East a distance of 670.00 feet to a point; thence North a distance of 500.00 feet to a point in the North boundary of said SE/4; thence West along the North boundary of said SE/4 a distance of 670.00 feet to the point of beginning, said Tract containing 7.7 acres more or less.

1. **Sec.15.020 Table 15-2**: The proposed RC car racetrack is designated a Commercial/Indoor Assembly and Entertainment Use. It is located in an IM zoned district. This will require a Special Exception approved by the BOA.
   
   **Review comment**: Submit an approved BOA Special Exception to allow a Commercial/Indoor Assembly and Entertainment Use in an IM zoned district.

2. **Sec.55.020 Table 55-2**: The proposed RC car racetrack is designated a Commercial/Indoor Assembly and Entertainment Use. It is located in an IM zoned district. The minimum parking requirement is 3.75 spaces per 1000 ft² of floor area. The proposed floor area is 8000 ft². This will require 30 parking spaces.
   
   **Review comment**: Revise and submit a site plan providing 30 spaces. The parking spaces are required to be on the same lot as the building and compliant with the design criteria listed Sec.55.090. If you are unable to meet the parking requirement you may wish to consider submitting an alternative compliance parking ratio reviewed and approved through the special exception procedures of Sec.70.120 or an off-site parking agreement in compliance with Sec.55.080-D.

Subject: Shifty's RC raceway support to make sure track stays open.

Sending in my support for Shifty's RC raceway to be able to stay open to allow us a building to be able to run our Radio Control cars. I drive from Bartlesville, OK down to Shifty's RC raceway to run my Radio Control cars and also eat at surrounding restaurants while at the track.

Thanks,
Marcus Carver
Hello, to all it may concern. I was informed that Shifty's R/C raceway was under threat of closing down and if I wrote this email, hopefully someone would reconsider. My dad has raced for many years as a kid, I've been racing rc since my dad passed it down when I was 10, I am now 23 and still loving it. There use to be 3-5 tracks within an hour of me (Tulsa, Oklahoma) now it's down to 1, sadly. I truly wish I had more places to race, but I'm still happy to be able to and not have to sell everything I have. I have a 2 year old son and hes been out to shiftys numerous times & loves it so much. I hope for him to have his own car and race it one day. But mostly me pass down this hobby to him where we can spend time together and bond. But if there are no tracks near us, I dont see that possible. I would love for shiftys to stay open where friends and family can come together for good, clean fun. These arent just little toy cars.. (well they are) but they're so much more than that. This brings people together & keeps dreams alive. Thank you for taking the time to read.

Sirs,

I feel compelled to write to you about the change in zoning for this area and this r/c track.

It seems this area looks and seems to be pretty much in a great state of dis-repair. If anyone would want to occupy the space and have any kind of business there, one would think they would want to be in full compliance with any and all applicable codes and regulations.

If you allow this, why not allow the body shop on the same land to just not follow any codes or regulations?

If you grant any exemptions to any codes for this business, what would keep any current or future business for asking for the very same?

Why would you compromise the safety and well being of any of your residents? There are houses immediately to the south of this location and also to the east.

If a fire happens, why would you risk the safety of your own city workers who would be there to fight the fire?

Make them follow any and all regulations if they wish to have a business there.
To whom it may concern,

I am writing in regard to Shifty's RC track. I have been to this facility for a big race, and I was very impressed. I made the 4 hour trip from Olathe, KS. It's a nice, big facility that is perfect for RC racing. The race program was very well run, and the owner went out of his way to welcome out of town racers as well as the local racers. RC racing is a great hobby, one that I have thoroughly enjoyed for 4 years now with my twelve year old son. Competitive RC racing teaches the value of consistency, respect, etiquette, and patience. I truly believe it is one of the best things for a father and son to do together, or the entire family for that matter. In an age where so many kids are at home playing questionable video games and doing other things they should not be doing, I think having a local RC track is an excellent option.

RELEVANT PREVIOUS ACTIONS:

Surrounding Property:

BOA-14180; on 8.21.86, the Board denied a special exception to permit a day care center in a RS-2 zoned district. Located at 6108 South Trenton Avenue (immediately west of the subject property).

BOA-7380; on 4.6.72, the Board approved an exception to permit erecting two duplexes in an RS-3 district. Located immediately east of the subject property.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an "Existing Neighborhood" and an "Area of Stability".

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa’s existing single-family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

The Areas of Stability includes approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality.
of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

**ANALYSIS OF SURROUNDING AREA:** The subject tract abuts RS-3 zoned lots to the east; RS-2 zoned residences to the south and west; and E. 61st St. S. is immediately to the north.

**STAFF COMMENTS:**
The applicant is before the Board requesting a **Special Exception** to permit a Bed & Breakfast with on-site events on “Subject Property A” (Section 5.020). The applicant has provided a detailed explanation of the proposed use in the attached documents.

The following supplemental use regulations in **Section 40.060** apply to all bed and breakfast uses.

- Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.
- The maximum length of stay for any guest is limited to 30 consecutive days.
- The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.
- Cooking facilities are prohibited in guest rooms.
- Signs are allowed in accordance with the sign regulations of the subject zoning district unless the board of adjustment establishes stricter conditions at the time of special exception approval.
- Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the board of adjustment at the time of special exception approval. The board of adjustment may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires express authorization of the board of adjustment, in accordance with the special exception procedures of Section 70.120. As part of approval of the special exception, the board of adjustment is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility's likely impacts on the area.

**Sample Motion**

Move to _________ (approve/deny) a **Special Exception** to allow a Bed and Breakfast with on-site events in a RS-2 District (Section 5.020; Section 40.060).

- Subject to the following conditions (including time limitation, if any): ____________

- Per the Conceptual Plan (s) shown on page(s) ____________ of the agenda packet.

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
Case No. 14179 (continued)

Board Action:

On MOTION of BRADLEY, the Board voted 4-0-0 (Bradley, Chappelle, Quarles, Smith, "aye"; no "nays"; no "abstentions"; White, "absent") to APPROVE a Variance (Section 430.1 - Bulk and Area Requirements in Residential Districts - Use Unit 1205) of required 25' rear yard setback in an RS-2 district to 10' to allow proposed construction to line up with the existing church; per plot plan submitted; subject to Stormwater Management requirements; finding that the new addition will align with the existing building; on the following described property:

The east 352.12' of the south 126' of Lot 10, and the east 352.12' of the north 97.786' of Lot 11, Block 1, Allen Sub-Division, City of Tulsa, Tulsa County, Oklahoma.

Case No. 14180

Action Requested:

Special Exception - Section 410 - Principal Uses Permitted In Residential Districts - Use Unit 1205 - Request a special exception to allow a day care center as well as a single-family dwelling in an RS-2 zoned district, located at 6108 South Trenton.

Presentation:

The applicant, David Fletcher, 4839 South Braden, No. 1404, Tulsa, Oklahoma, submitted a plot plan (Exhibit N-5) and photographs (Exhibit N-1) and asked the Board to allow a day care center to be operated in a house at the above stated location.

Comments and Questions:

Ms. Bradley asked the applicant if he intends to live in the house where the day care will be located and he replied that he will live there for approximately 3 months.

Mr. Quarles asked Mr. Fletcher how long he has been in the day care business and he replied that this will be his first experience with a day care center, but that he plans to employ a grade school teacher to work with the children.

Mr. Chappelle asked the hours of operation for the center and the number of children it will serve. The applicant stated that the day care will be open from 7 a.m. to 6 p.m., Monday through Friday, and will have 15 preschool children.

Protestants:

Kevin Jeffords stated that he represents 13 homeowners (Exhibit N-3) surrounding the subject property, who are of the opinion that this business would add to an already hazardous traffic situation. He submitted a location map (Exhibit N-4) of Metro Christian Academy.
and informed that this street is one of the access streets to the school. Mr. Jeffords stated that his clients do not feel that the day care center is in harmony with the residential character of the neighborhood and asked the Board to deny the application. Photographs (Exhibit N-1) of the substandard street were submitted.

Floy Hartman, 1547 East 51st Street, Tulsa, Oklahoma, stated that there are many children walking in the area and that any added traffic to the already congested area would be a hazard to these children.

Karen Thomas, 6135 South Trenton, Tulsa, Oklahoma, stated that at times the street is so congested that she is unable to get out of the driveway of her home and asked the Board to deny the application.

Letters of protest (Exhibit N-2) were received by the Board.

Applicant's Rebuttal:
The applicant stated that there are 3 access streets to McClure High School and that he agrees there is a traffic problem in the area, but has never seen 3 or 4 cars waiting at the stop sign.

Additional Comments:
Mr. Smith asked the applicant if he has already purchased the property in question and he answered in the affirmative.

Board Action:
On MOTION of BRADLEY, the Board voted 4-0-0 (Bradley, Chappelle, Quarles, Smith, "aye"; no "nays"; no "abstentions"; White, "absent") to DENY a Special Exception (Section 410 - Principal Uses Permitted in Residential Districts - Use Unit 1205) to allow a day care center as well as a single-family dwelling in an RS-2 zoned district; finding that a day care center is not compatible with the neighborhood and the special exception request is not in harmony with the Code and the Comprehensive Plan; on the following described property:

South 134.4' of Lot 1, Valley Center Addition to the City of Tulsa, Tulsa County, Oklahoma.

OTHER BUSINESS

Case No. 13697

Action Requested:
Special Exception - Section 710 - Principal Uses Permitted in Commercial Districts - Use Unit 1217 - Request a special exception to allow a modification to a previously approved site plan for a car
over-built for the area. He advised the Board that a representative for M & M Lumber Company informed him that the proposed structure would not be all brick, nor would they be as high quality in design or construction as the existing duplex. He stated that approval of the subject request would set the precedent in the area for duplex development. He stated that the area surrounding the subject tract is vacant with the exception of one house, and approval of the subject request would lead to further requests for duplex development.

A woman present advised the Board that approval of the subject request would increase the traffic in the area, presenting a hazard to children in the neighborhood.

Mr. Doyle advised the Board that it would be impossible to erect a structure similar to the existing duplex on the subject tract. He maintained that the requested use would be beneficial to the neighborhood, and advised the Board that after discussion with several members of the neighborhood, it was his impression that the request would not be objected to.

Mr. Leland advised the Board that, as representative for the protesters, they objected to approval of duplex use in the area regardless of the design or construction.

On MOTION of COHEN, the Board (3-2, with Hendricks and Jolly voting "nay") denied application no. 7376 on the following described tract:

The North 90' of the South 180' of the East 137.5' of Block 30, Albert Pike Subdivision, AND the South 90' of the South 180' of the East 137.5' of Block 30, Albert Pike Subdivision to the City of Tulsa, Oklahoma.

Exception (Section 410 - Principal Uses Permitted in Residential Districts) to permit erecting two duplexes in an RS-3 District, and

Variance (Section 440 (3) (c) - Duplexes in RS-3 Districts - Under the Provisions of Section 1470) to modify the front footage requirements from 75' to 73.46' in an RS-3 District on a tract located in the 1600 Block of East 61st Street.

The Proposed Plan:

A Taste of Italy Inn is comprised of the following:

1. **Amenities:**
   a. 4 bedrooms
   b. 2.5 baths (2 additional baths to make 4.5 baths, upon Special Exception approval)
   c. Game / Video Room
   d. Front office
   e. Living Room
   f. Dining Room
   g. Family Room
   h. Kitchen w/ dinette
   i. Swimming Pool
   j. On approx. 2/3's acre
   k. Pergola
   l. 2 Porches
   m. 3 Decks
   n. 10 exterior doors
   o. 3900 sq ft, 4752 after additions
   p. Addition: 44 x 18 greenroom / solarium (upon approval of Special Exception (See Exhibit G)

2. **Rental Season:** All year (home will be reserved for personal family events on major holidays and at other times during the year). Check-in will be 4 to 6 pm, check-out 11 am.

3. We live on-site and we will live between this home and “Property B” (property just to the west) when all four of our bedrooms are reserved.

4. Fresh breakfast each morning, coffee, tea, water, mid-day appetizers will be provided.

5. **Average stay** is estimated to be 2 to 3 nights, but may be up to 14 nights.

6. Alcohol will not be served. Wine and beer may be brought in. This will require the hiring of a security guard during a booked event.

7. **This will NOT be an Airbnb, VRBO, or other like rental.** A Taste of Italy Inn will be a Traditional Bed and Breakfast Inn, with events, which could include any of the following: Bridal party overnights, small weddings, receptions, afternoon ladies’ teas, business meetings, anniversary parties, birthday parties, engagement parties, retirement parties, holiday parties, sweet sixteen parties, graduation parties, family reunions, business luncheons, meetings, fundraising events, client appreciation parties, dinner parties, and the like. These events are such that are held in private homes often, and have been held in this home many times prior to this without charging a fee.

8. **Events** will have at least one staff member on sight; overnight guests will have proprietors on sight or across Trenton in office house.

9. **Due to the extensive renovations that will be made at a cost of approximately $150,000, a perpetual Special Exception is requested (no expiration date).**

10. **Request is made that no limitations be put on the number of nights lodging or events that A Taste of Italy Inn may hold due to the accepted industry rate of approximately 44% occupancy.** Should the A Taste of Italy Inn have a higher percentage of days of usage, it would only mean an increased positive reputation for the neighborhood and the city of Tulsa.

11. **Use of land and structures (See Exhibit A)**
   a. Purchased Property B
   b. Additions to Property A are noted in #1 above, which include 2 baths, enlarged pantry, and a green room (Ex G, B-1, B-2)
   c. Addition of parking on Property B
   d. Update exterior of Property B
Special Exception request supporting information for: *A Taste of Italy Inn*

**CONDITIONS WILL BE MET FOR THE SPECIAL EXCEPTION AS FOLLOWS:**

1) The special exception will be in harmony with the spirit and intent of the Zoning Code. (Please see attached Site Plan and accompanying documents Exhibit A):
   a. The owners will reside on the properties being used for the Bed and Breakfast with Events as set forth herein;
   b. The property will be used for lodging, breakfast, events, just as any residential property would be used.
   c. The property (Property A) is located on the east corner of 61st and Trenton Ave, location is not in the middle of a neighborhood, but on a main thoroughfare.  Ex B.
   d. 8 car parking available on the gated property driveway.
   e. Professional Yard Service and Pool Service provided.
   f. No pets will be allowed.

2) The special exception will not be injurious to the neighborhood or otherwise detrimental to the public welfare as described in the following subparagraphs:

   a. It is the applicants' position that not only will the special exception not be injurious or otherwise detrimental to the neighborhood, but the plan put forth here will actually help this area improve and also offer to the city a Traditional Bed and Breakfast Inn establishment that will add to the appeal of the city and its eclectic offerings.  This Bed and Breakfast Inn will also be unique, adding a new style to the B&B offerings in Tulsa. *A Taste of Italy Inn* is Italianate and the furnishings are along the same lines, differing from the antique or western themes offered by many B&B's in Oklahoma.  Ex. C, C(1), C(2),

   b. 3 surrounding parcels of land are owned or in the process of being purchased by applicants (See Ex. D).  The parcel of land directly to the south of the subject property is owned by a neighbor, Julie Johnston, who is in full support of this proposal and is evidenced by a letter emailed to the Board and attached hereto.  Ex D(1).

   c. The property just steps directly to the west (Property B) is in contract for purchase by your applicants and will be improved and used for office, extra living space, and additional parking.  Ex A

   d. The property directly to the south of Property B has been vacant for over 3 years.  The owner, Josh Barrett, keeps the outside of the property in good repair and uses it as a parking lot for his travel trailer, as well as parking for his trailer of scado's, and another trailer of lawn equipment.  Ex. E.

   e. The property directly to the east are duplex units (also by special exception) with long term renters.  Ex. F

   f. Metro Christian Academy is 1.5 blocks south on Trenton from the subject property, and applicants have allowed MCA to put signage up on the corner to help direct traffic to their school.  Traffic for the proposed bed and breakfast inn will not cause additional traffic on Trenton as the subject property and additional parking on Property B is sufficient for the uses proposed with direct access to 61st street.

   g. Due to the extensive renovations that will be made at a cost of approximately $150,000 (see Proposed Plan), a *perpetual* Special Exception is requested (no expiration date).

   h. Permission for use of signage is requested for both Trenton Ave and E 61st Street

   i. Request is made that no limitations be put on the number of nights lodging or events that *A Taste of Italy Inn* may hold due to the accepted industry rate of approximately 44% occupancy.  Should the *A Taste of Italy Inn* have a higher percentage of days of usage, it would only mean an increased positive reputation for the neighborhood and the city of Tulsa.

   j. Property A is fully fenced, as is Property B.  Property A will be used for the B&B w/events, Property B will be used for the work office (Property A has small check-in office), additional sleeping quarters for owners, and parking.

**INFORMATION ABOUT SUBMITTING REVISIONS**

Our review has identified the following code omissions or deficiencies in the project application forms, drawings, and/or specifications. The documents shall be revised to comply with the referenced code sections.

Revisions need to include the following:

1. A copy of this deficiency letter
2. A written response as to how each review comment has been resolved
3. The completed revised/additional plans form (see attached)
4. Board of Adjustment approval documents, if relevant

Revisions shall be submitted directly to the City of Tulsa Permit Center located at 175 East 2nd Street, Suite 450, Tulsa, Oklahoma 74103, Phone (918) 596-9601. The City of Tulsa will assess a resubmittal fee. Do not submit revisions to the plans examiners.

**SUBMITTALS FAXED / EMAILED TO PLANS EXAMINERS WILL NOT BE ACCEPTED.**

---

**IMPORTANT INFORMATION**

1. Submit two (2) sets of drawings if submitted using paper, or submit electronic revisions in "supporting documents", if originally submitted online, for revised or additional plans. Revisions shall be identified with clouds and revision marks.

2. Information about zoning code, Indian Nation Council of Government (INCOG), Board of Adjustment (BOA), and Tulsa Metropolitan Area Planning Commission (TMAPC) is available online at www.inco.org or at INCOG offices at 2 W. 2nd St., 8th Floor, Tulsa, OK, 74103, Phone (918) 584-7526.

3. A copy of a "Record Search" is not included with this letter. Please present the "Record Search" along with this letter to INCOG staff at time of applying for Board of Adjustment action at INCOG. Upon approval by the Board of Adjustment, INCOG staff will provide the approval documents to you for immediate submittal to our office. (See revisions submittal procedure above.)

(continued)
Note: Please direct all questions concerning special exceptions and all questions regarding BOA application forms and fees to an INCOG representative at 918-584-7526. It is your responsibility to submit to our offices documentation of any appeal decisions by an authorized decision making body affecting the status of your application so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf. Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

1. Sec.35.050-G1: Your application is for a Bed & Breakfast which is located in an RS-2 zoning district. This use is allowed in the RS-2 district by Special Exception (Table 5-2: R District Use Regulations).
   **Review Comment:** Submit a copy of the Special Exception reviewed and approved per Sec.70.120 to allow a Bed & Breakfast in the RS-2 zoning district.

2. Sec.40.060-A: Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.
   **Review Comment:** Submit a floor plan that provides the location and size of event room(s) and the number and location of Guest rooms.

3. Sec.40.060-F: Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the BOA at the time of Special Exception approval. The BOA may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires express authorization of the BOA, in accordance with the Special Exception procedures of Sec.70.120. As part of approval of the Special Exception, the BOA is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility’s likely impacts on the area.
   **Review Comment:** Submit a copy of the Special Exception reviewed and approved per Sec.70.120 to allow on-site events at the Bed & Breakfast in the RS-2 zoning district.

4. Sec.55.020 Table 55-1: The parking requirement for the proposed Bed & Breakfast is .85 spaces per guestroom and 3.75 spaces per 1000 ft² of special event floor area.
   **Review comment:** Submit a site plan providing the location of parking spaces and that are in compliance with the following sections
   - Sec.55.090-F1: All off-street parking areas must be surfaced with a dustless, all-weather surface
   - Sec.55.110: Accessible parking facilities must be provided in accordance with the building code.
   - Sec.55.090-A: The parking area design regulations of this section apply to all off-street parking lots for motor vehicles, whether containing required parking spaces or non-required parking spaces.
- **Sec.55.090-B**: All parking areas must be designed to allow vehicles to enter and exit a street and cross public sidewalks in a forward motion, except that this requirement does not apply to lots with access on a minor street.

- **Sec.55.090-C**: Parking spaces must be at least 8.5 feet in width and 18 feet in length, exclusive of access drives and aisles. In parking areas where permanent wheel stops have been installed, 2.5 feet of the parking space length (depth) beyond the wheel stop may be counted as part of the required stall length if that area is unobstructed and not part of another parking stall, drive aisle or sidewalk.

- **Sec.55.090-D**: Parking areas must be designed in accordance with the dimensional standards of Table 55-5 and Figure 55-5 which show minimum dimensions for various parking layouts (angles).

5. **Sec.65.040-B1**: The parking lot landscaping requirements of this section are intended to help soften the visual impacts of parking lots and provide shading.

   a. Off-street parking areas located within 25 feet of a street right-of-way, residential (R) zoning district or residential development area must be separated from the abutting rights-of-way, residential districts and abutting residential development areas by a landscaped area that is at least 10 feet in width and that contains an S1 screen (see §65.060-C1) containing at least 3, 5-gallon shrubs per 10 linear feet. This area may be counted towards satisfying the minimum street landscaping requirements of §65.030-B1 if it is located within the street yard.

   b. All parking spaces must be located within 50 feet of a tree. Required parking lot trees must be located in a landscaped area that is at least 64 square feet in area and that has a minimum width or diameter of 8 feet.

**Review comment**: Your proposed parking area is located within 25' of the S Trenton Ave ROW and an R Zoned district to the South and West. Submit a Landscape Plan compliant with this section.

- **Sec.65.070-A**: An underground irrigation system must be provided for all required landscaped areas.

- **Sec.65.070-C**: Required landscaping must be installed in accordance with an approved landscape plan that includes at least the following information:

  1. The date, scale, north arrow, and name of the owner;
  2. The location of property lines and dimensions of the site;
  3. The approximate center line of existing water courses, the approximate location of significant drainage features, the location and size of existing streets and alleys, existing and proposed utility and existing and proposed sidewalks on or adjacent to the lot;
  4. The location, size and type (tree, shrub, ground cover) of proposed landscaping and the location and size of the proposed landscape areas;
  5. Planting details and/or specifications;
  6. The method of protecting any existing trees and vegetation proposed to be preserved, including the identification of existing and finished contours illustrating the limits of grading near the drip line of any trees;
  7. The proposed irrigation plan for each required landscape area;
  8. The schedule of installation of required trees, landscaping and appurtenances;
  9. The location of all proposed drives, alleys, parking and other site improvements;
  10. The location of all existing and proposed structures on the site;
  11. The existing topography and proposed grading;
  12. The area in which grading and vegetation removal will occur; and
  13. The area and dimensions of each landscape area and the total landscape area provided on the site.

- **Sec.65.080-B**: Required landscape plans for sites that have an area of more than 50,000 square feet and that are occupied by buildings with a combined gross floor area of more than 15,000 square feet must be prepared and sealed by an architect, landscape architect or engineer licensed to practice in the State of Oklahoma. All other required landscape plans must meet the same requirement or be accompanied by written certification from an architect, landscape architect or engineer licensed to practice in the State of Oklahoma, that the landscape plan is in conformance with the minimum requirements of this chapter.
NOTE: The following supplemental use regulations of Sec.40.060 apply to all bed and breakfast uses.

- **Sec.40.060-B**: The maximum length of stay for any guest is limited to 30 consecutive days.
- **Sec.40.060-C**: The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.
- **Sec.40.060-D**: Cooking facilities are prohibited in guest rooms.
- **Sec.40.060-E**: Signs are allowed in accordance with the sign regulations of the subject zoning district unless the BOA establishes stricter conditions at the time of Special Exception approval.

Please notify the reviewer via email when your revisions have been submitted.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.

A hard copy of this letter is available upon request by the applicant.

Case Report

Str: 9318
Czm: 37
Cd: 4
A-p#: Case Number: BOA-22576

Hearing Date: 01/22/2019 1:00 PM

Applicant: Matt King

Action Requested: Variance to allow a detached accessory structure to exceed 500 sq. ft. of 40% of the of the floor area of the principal structure (Sec. 45.030-B); Variance to allow a detached accessory structure to exceed 18 ft in height and exceed 1-story in the rear setback in an RS-2 zoned district (90.090-C)

Location: 2115 E 23 ST S
Zoned: RS-2

Present Use: Single-family residence
Tract Size: 10876.98 sq ft

Legal Description: All of Lt 14 & W1/2 of Lt 15 Blk 7, Brentwood Hgts

Relevant Previous Actions:

Surrounding Property:
Boa-20829; on 1.13.09, the Board approved a Variance of the side yard requirement in an RS-2 district from 5 ft. to 3.8 ft. (Section 403) to permit residential reconstruction and expansion. Located; 2107 E. 23rd St.

Boa-20708; on 6.24.08, the Board approved a Variance of the maximum permitted height from 18 ft. to 24 ft. and from one story to two stories for a detached accessory building located in the required rear yard of a residentially zoned property; and a Variance of the maximum permitted coverage of the required year yard of 25%. Located; 2121 E. 22nd Pl. S.

Relationship to the Comprehensive Plan: The Tulsa Comprehensive Plan identifies the subject property as part of a "Existing Neighborhood" and an "Area of Stability".

The Areas of Stability include approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as
permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

**ANALYSIS OF SURROUNDING AREA:** The subject tract is surrounded by RS-2 zoned residences on all sides.

**STAFF COMMENTS:**
The applicant is proposing to construct a garage with a second story as shown on the attached exhibits.

The Code states that detached accessory buildings in RS districts may be located in the required rear setbacks if the building does not exceed one story or 18 feet in height and is not more than 10 feet in height to the top of the plate (Section 90.090-C.2).

![Figure 90-9: Maximum Height of Accessory Buildings In Rear Setbacks (RE, RS and RD Districts or RM Zoned Lots Used for Detached Houses or Duplexes)](image)

As shown on the attached building plans, the proposed garage will exceed the 18' overall height requirement and will exceed the 1-story requirement. The applicant has requested a Variance to allow the detached accessory building exceed 18' in height to allow a overall height of 22'1" and to be 2-stories.

**Sample Motion**

Move to _________ (approve/deny) a Variance to allow a detached accessory building to exceed 18 ft. in height to 22ft.-1in. and to exceed 1-story to 2-stories in the rear setback in an RS-2 zoned district (90.090-C)

- Finding the hardship(s) to be ____________.
- Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.
- Subject to the following conditions ____________.

The Board finds that the following facts, favorable to the property owner, have been established:

"a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;

b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision’s intended purpose;"
c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;

d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;

e. That the variance to be granted is the minimum variance that will afford relief;

f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and

g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan.”
**Case No. 20829**

**Action Requested:**
Variance of the side yard requirement in an RS-2 district from 5 ft. to 3.8 ft. (Section 403) to permit residential reconstruction and expansion, located: 2107 East 23rd Street.

**Presentation:**
Zhuline Phillips, 25127 Stonebridge Parkway, Claremore, Oklahoma, 74019.
Before starting this remodel, Ms. Phillips had obtained all the necessary permits and had those plans reviewed by the Board. She stated the plans have not been altered and they have strictly adhered to them. Per the request of the Planning Review Board's request, the lower portion of the addition was moved in to meet the requirement of the 5 ft. setback.

**Comments and Questions:**
Ms. Stead commented that the applicant had done everything that had been asked even when other requirements were requested. She confirmed with Ms. Phillips that the mechanical units on the east side would be screened.

**Interested Parties:**
There were no interested parties who wished to speak.

**Board Action:**
On Motion of Stead, the Board voted 5-0-0 (White, Henke, Stead, Tidwell, Stephens "aye"; no "nays"; no "abstentions"; no "absences") to APPROVE the variance of the side yard requirement in an RS-2 district from 5 ft. to 3.8 ft. (Section 403) to permit residential reconstruction and expansion. The findings for the hardship are that the owner has submitted numerous plans meeting the distances required that they were approved by the City of Tulsa and later questioned, submitted again, later questioned and the Board finds the unnecessary length of construction caused by these events are an unnecessary hardship to the applicant in this case and that the Board accepts the building as constructed in accordance with the site plan on page 6.25. In granting this hardship, the Board finds that by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the code would result in further unnecessary hardship, and that such extraordinary exceptional conditions or circumstances do not apply generally to other properties in the same use district and the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan. The owner shall screen the mechanical units on the east side of the following described property:
E1/2 LT 12 & ALL LT 13 BLK 7, BRENTWOOD HGTS, City of Tulsa, Tulsa County, State of Oklahoma

**Case No. 20708**

**Action Requested:**
Variance of the maximum permitted height from 18 ft. to 24 ft. and from one story to two stories for a detached accessory building located in the required rear yard of a residentially zoned property; and a Variance of the maximum permitted coverage of the required rear yard of 25% by a detached accessory building (Section 210.B.5), located: 2121 East 22nd Place South.

**Presentation:**
Jack Arnold, 7310 South Yale, Tulsa, Oklahoma, a Registered Architect, represented Hap Fry and Sara Fry. He submitted a sketch and photograph looking south at the lot in question (Exhibits F-2 and F-3). He pointed out the detached garage on the property, on which they plan to build. He noted it is prevalent in this neighborhood to find detached buildings in the rear yard. He explained they plan for it to be a visual and noise buffer from the parking lot of Monte Casino and the trash pick up. The sketch is a profile of the house, parking lot and beyond is a three-story structure that looks down over the house.

**Comments and Questions:**
Ms. Stead asked about plans for living quarters or other use for second story of the accessory building. Mr. Arnold responded it would have sewer, water, and electricity. He did not object to the condition that it would not be used for rental property.

Robert Fry, 1304 East 18th Street, Tulsa, Oklahoma, stated he and his wife personally went to the neighbors for signatures on the petition. They explained to all and not one neighbor was opposed. They were unable to communicate with someone at Utica Square or at the synagogue. Site plan and elevations are listed as (Exhibits F-14.6 and F-14.17).

**Interested Parties:**
There were no interested parties who wished to speak.

**Board Action:**
On Motion of Stead, the Board voted 5-0-0 (White, Stephens, Henke, Stead, Tidwell "aye"; no "nays"; no "abstentions"; no "absences") to APPROVE a Variance of the maximum permitted height from 18 ft. to 24 ft. and from one story to two stories for a detached accessory building located in the required rear yard of a residentially zoned property; and a Variance of the maximum permitted coverage of the required rear yard of 25% by a detached accessory building (Section 210.B.5); finding the location of the property is near institutional property presenting a big hardship; finding these are extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship;
that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan; with the provision that the completed second story will never be used for commercial rental property, per the site plan and elevation as shown on pages 14.6 and 14.17 in the agenda packet, on the following described property:

Case No. 20709

Action Requested:
Special Exception to permit the restoration of a legal non-conforming structure (non-conforming as to front, side, and rear yards, and livability space) in the RS-3 district (Section 1405.8), located: 1807 East 16th Street South.

Presentation:
Dave Dankard, 2425 South Dogwood, Broken Arrow, Oklahoma, stated he has a Certificate of Appropriateness from the Historical Society (Exhibit G-2). This house was burned down during the ice storm, which they plan to rebuild where the structure was located (Exhibit G-1).

Board Action:
On Motion of White, the Board voted 5-0-0 (White, Stephens, Henke, Stead, Tidwell "aye"; no "nays"; no "abstentions"; no "absences") to APPROVE a Special Exception to permit the restoration of a legal non-conforming structure (non-conforming as to front, side, and rear yards, and livability space) in the RS-3 district (Section 1405.8), per plan submitted as shown on page 15.9 in the agenda packet; finding the special exception will be in harmony with the spirit and intent of the code and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare; noting the applicant has provided an approved Certificate of Appropriateness from the TPC,

On Amended Motion of White, the Board voted 5-0-0 (White, Stephens, Henke, Stead, Tidwell "aye"; no "nays"; no "abstentions"; no "absences") to APPROVE a Special Exception to permit the restoration of a legal non-conforming structure (non-conforming as to front, side, and rear yards, and livability space) in the RS-3 district (Section 1405.8), per plans submitted as shown on pages 15.9 and 15.11 in the agenda packet; finding the special exception will be in harmony with the spirit and intent of the code and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare; noting the applicant has provided an approved Certificate of Appropriateness from the TPC, on the following described property:

WAIVER OF LETTER OF DEFICIENCY REQUIREMENT

If the Board staff waives the requirement that an LOD accompany an application to the Board, the Applicant is responsible for requesting all necessary relief and for citing the sections of the Zoning Code pertinent to the relief sought. (The waiver of the requirement that an LOD accompany an application to the Board shall not be considered a waiver of the necessity to apply for a building permit or a zoning clearance permit, as may be required by the particular proposed use or construction.) In the event that the applicant does not request all necessary relief, additional BOA action may be required resulting in significant delays during the building permit process.

I hereby certify that I have read and understand the above requirements and that I will have the LOD requirement waived for the subject property in case number: ________.

RELEVANT PREVIOUS ACTIONS: None relevant.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an “Existing Residential Neighborhood” and an “Area of Growth”.

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa’s existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exist that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

ANALYSIS OF SURROUNDING AREA: The subject tract abuts RS-2 zoned residences to the east and south; RS-1 zoned residences to the west; E. 41st St. S. is immediately to the north.
According to the submitted exhibits, the proposed freestanding sign along E. 41st St. S. will contain a 23.25 sq. ft. dynamic display sign.

Dynamic displays are prohibited in R districts except on a lot occupied by an allowed public, civic or institutional use; the Board is authorized to approve a special exception for the allowed freestanding sign to include a dynamic display. If approved the permitted dynamic display in an AG district is subject to the following regulations:

1. The allowed dynamic display component may not exceed 32 square feet in area, and no more than one (wall or freestanding) dynamic display is allowed per street frontage.
2. The sign area allowed for a dynamic display is not in addition to the maximum sign area allowed for a wall or freestanding sign, but rather is counted as part of the maximum area of a wall or freestanding sign.
3. Dynamic displays in R districts and in AG districts may operate only between the hours of 7:00 a.m. and 9:00 p.m. unless otherwise expressly approved through the special exception process.

The applicant is requesting a Special Exception to allow a dynamic display sign to be located in an RS-2 district (Section 60.050-B.2) for Patrick Henry Elementary school.

Dynamic displays may not be located within 200 feet of any of the following: (1) an R district (other than street, highway or freeway right-of-way); (2) a residential development area. This separation distance does not apply if the dynamic display is not visible from the referenced district, area or lot, and the requirements may be modified in R and AG districts if approved through the special exception process. The applicant has also requested a Special Exception to permit a dynamic display to be located within 200 ft. of an R district. It appears the proposed sign falls within 200 ft. of the RS-3 district to the north.

**Sample Motion**

Move to _______ (approve/deny) a Special Exception to permit a dynamic display sign to be located within 200 ft of an R district (Section 60.100-F); a Special Exception to allow a dynamic display sign for a school to be located in an RS-2 district (Section 60.050-B.2)

- Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.
- Subject to the following conditions __________________________.

The Board finds that the requested Special Exceptions will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

(Continued)
1.) Section 60.050 Signs in R and AG Zoning Districts

2. Nonresidential Uses
The following regulations apply to all principal nonresidential uses in R districts and AG districts.

c. Dynamic Displays
Dynamic displays are prohibited in R districts and AG districts except that on a lot occupied by an allowed
public, civic or institutional use, the board of adjustment is authorized to approve a special exception for the
allowed wall sign or the allowed freestanding sign to include a dynamic display.

(1) The allowed dynamic display component may not exceed 32 square feet in area, and no more than one
(wall or freestanding) dynamic display is allowed per street frontage.

(2) The sign area allowed for a dynamic display is not in addition to the maximum sign area allowed for a
wall or freestanding sign, but rather is counted as part of the maximum area of a wall or freestanding sign.

(3) Dynamic displays in R districts and in AG districts may operate only between the hours of 7:00 a.m. and
9:00 p.m. unless otherwise expressly approved through the special exception process.

(4) Dynamic displays are subject to the dynamic display regulations of Section 60.100.

Review Comments: The proposed freestanding sign with a 23.25 sq. ft. dynamic display is located in an RS-
3 zoning district and requires a special exception from the BOA prior to issuance of a sign permit.

2.) Section 60.100 Dynamic Displays

1.) 60.100-F Dynamic displays may not be located within 200 feet of any of the following: (1) an R district
(other than street, highway or freeway right-of-way); (2) a residential development area. This separation
distance does not apply if the dynamic display is not visible from the referenced district, area or lot, and the
requirements may be modified in R and AG districts if approved through the special exception process.

Review Comments: The proposed dynamic display sign appears to be located within 200 feet of an RS-3
Residential zoning district to the North. You may pursue a special exception from the BOA to permit a digital
sign (dynamic display) to be located within 200 feet of an RS-3 zoning district.

NOTE: Please direct all questions concerning variances, special exceptions, appeals of an administrative
official, Planned Unit Developments (PUD), Corridor (CO) zoned districts, zoning changes, platting, lot splits,

decision of any actions by the BOA or TMAPC affecting the status of your application for a Sign Permit to our
office so we may continue to process your application. INCOG does not act as your legal or responsible
agent in submitting documents to the City of Tulsa on your behalf.
NOTE: THIS CONSTITUTES A PLAN REVIEW TO DATE IN RESPONSE TO THE SUBMITTED INFORMATION ASSOCIATED WITH THE ABOVE REFERENCED APPLICATION. ADDITIONAL ISSUES MAY DEVELOP WHEN THE REVIEW CONTINUES UPON RECEIPT OF ADDITIONAL INFORMATION REQUESTED IN THIS LETTER OR UPON ADDITIONAL SUBMITTAL FROM THE APPLICANT.

KEEP OUR OFFICE ADVISED OF ANY ACTION BY THE CITY OF TULSA BOARD OF ADJUSTMENT OR TULSA METROPOLITAN AREA PLANNING COMMISSION AFFECTING THE STATUS OF YOUR APPLICATION FOR A CITY OF TULSA SIGN PERMIT.

BOA-20016; on 4.12.05 the Board approved a Variance of the maximum coverage of an unenclosed off-street parking area in the required front yard in an RS-3 district to permit 30 ft. wide driveways for 3 car garages with a hardship, finding it applies to the whole subdivision; located throughout StoneBrooke Park just to the east of this developing subdivision.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of a “Existing Neighborhood” and an “Area of Stability”.

The Areas of Stability include approximately 75% of the city’s total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small
scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS-3 zoned residences on all sides.

STAFF COMMENTS:

On September 18, 2018 the below driveway width amendment to the City of Tulsa Zoning Code became effective:

55.090-F Surfacing

3. In RE and RS zoning districts, driveways serving residential dwelling units may not exceed 50% of the lot frontage or the following maximum widths, whichever is less, unless a greater width is approved in accordance with the special exception procedures of Section 70.123, or, if in a PUD, in accordance with the amendment procedures of Section 30.010-1.2. [1] Maximum width applies to the composite of all driveways if multiple curb cuts are provided.

[2] Provided that for lot frontages less than 24 feet, a driveway up to 12 feet in width is permitted.

In case #BOA-20458, the Board approved a Variance of the maximum coverage of an unenclosed off street parking area in the required front yard in an RS-3 district to permit 30 ft. wide driveways for 3 car garages. This approval included the subject tract and several lots in the Stonebrooke Glenn Addition.

As shown on the attached exhibit, the lot has ± 61 ft. of frontage on W. 77th Pl. S. As shown in the attached minutes for #BOA-20458, the applicant is allowed by right a driveway width of 30' within the right-of-way and 30' within the street setback. The applicant is before the Board requesting a Special Exception to allow a driveway width of 36'-2" in the right-of-way and in the street setback.

Case No. 20458

Action Requested:
Variance of the maximum coverage of an unenclosed off street parking area in the required front yard in an RS-3 district to permit 30 ft. wide driveways for 3 car garages (Section 1303.D), located: West of South Guthrie Avenue and West 77th Street.

Presentation:
Randy Branstetter, 802 West Main, Jenks, Oklahoma, stated the subdivision they are developing is 141 acres. In Phase II of this development, the houses will range in value from $350,000 to $450,000. This market is demanding a three-car garage. He noted the Board approved a variance of the exact same nature for Phase I.

Interested Parties:
There were no interested parties who wished to speak.

Board Action:
On Motion of Stead, the Board voted 5-0-0 (White, Stephens, Henke, Stead,

Variance of the maximum coverage of an unenclosed off-street parking area in the
required front yard in an RS-3 district (Section 1303.D) to permit driveways for 3
car garages, finding marketing trends and increased automobile use has changed
since the zoning code was enacted; the variance applies to the entire Stonebrook

driveways no more than 30 ft. in width; in granting this variance the Board finds
these extraordinary or exceptional conditions or circumstances which are peculiar
to the land, structure or building involved, the literal enforcement of the terms of the
Code would result in unnecessary hardship; that such extraordinary or exceptional
conditions or circumstances do not apply generally to other property in the same

noted the suggestion to rotate the new structure and it would not require any relief but it would block all of the windows and back door on the west side of the duplex.

Interested Parties:
Maria Barnes, 2252 East 7th Street, stated she is the President of the Kendall-Whittier Neighborhood Association. She was in agreement with the three-foot side yard. As long as the new structure is used for the purposes as presented they are in support of the application and no commercial use. The applicant has discussed it with the neighbors.

Board Action:
On Motion of Stead, the Board voted 3-0-0 (Dunham, Stead, Stephens "aye"; no "nays"; no "abstentions"; Paddock, Henke "absent") to APPROVE a Variance of the required 10 ft. setback from the side yard in an RM zoned district to 3 ft.; and a Variance of the required 20 ft setback from the rear yard to 5 ft. for an accessory building (40 ft. x 25 ft. garage and family game room), that by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan, on the following described property:

Case No. 20016
Action Requested:
Variance of the maximum coverage of an unenclosed off-street parking area in the required front yard in an RS-3 zoned district to permit 30 foot wide driveways for 3-car garages. 1303.D, SW/c of 77th St. and S. Elwood Ave.

Presentation:
Randy Branstetter, 4313 East 101st Place, stated he is the Manager of Stonebrook Development Group, LLC. They have about 141 acres at 77th and Elwood. Stonebrook Park is the first phase with eighty lots. There is a 35-acre greenbelt park for recreation. It was rezoned to RS-3, which allows 60 ft.-wide lots. In this first phase 82% of the lots are 70 ft. wide. They plan for three-car garages. He stated the hardship would be that the market conditions have changed since this portion of the code was adopted. He pointed out that even in smaller houses buyers are wanting three-car garages and smaller yards. Some developments are making 26' to 30' wide driveways.
Comments and Questions:
Ms. Stead asked about houses on Elwood and accesses. Mr. Branstetter replied there would be no houses on Elwood and two accesses into the subdivision from Elwood. He added that they will be constructing a full masonry wall of brick with stone columns along 1200 ft. of Elwood.

Interested Parties:
Dustin Wright, 111 South Greenwood, with Tulsa Zoning Plans Review, stated that the driveways are figured by the width of the lot, according to the zoning code. On the 60' wide lot a 20.4' driveway would be allowed. The applicant is asking for a driveway as wide as the garage doors.

Mr. Wright indicated that this will probably be a recurring request. He suggested a re-evaluation of this provision of the code.

Board Action:
On Motion of Stephens, the Board voted 3-0-0 (Dunham, Stead, Stephens "aye"; no "nays"; no "abstentions"; Paddock, Henke "absent") to APPROVE a Variance of the maximum coverage of an unenclosed off-street parking area in the required front yard in an RS-3 zoned district to permit 30 foot wide driveways for 3-car garages with a hardship, finding that by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, the literal enforcement of the terms of the Code would result in unnecessary hardship; and finding it will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan, and applies to the whole subdivision, on the following described property:

Presentation:
Ken Schmidt, 4554 South Harvard, stated this property is composed of three lots, Lots 20, 21 and 22. The applicant intends to build something consistent with RM-2, probably a two-story, multi-family dwelling.

Exhibit “A”

Applicant requests a Special Exception from Section 55.090-F.3 of the Tulsa Zoning Code (the “Code”) to permit a residential driveway that is 36'-2” wide in an RS-3 district. Currently, the Code allows a driveway width of 26 feet within the right-of-way and 30 feet within the street setback.

The subject property is a residential corner lot located at 676 W. 77th Place S. (the “Property”) and is the last lot to be developed in the subdivision. The residence on the Property will have a three-car garage. A majority of the lots in the subdivision with three-car garages have driveway widths ranging from 30 to 35 feet. The proposed driveway width for the Property is in keeping with the character of the area and is not injurious to the neighborhood. Furthermore, as the final undeveloped lot in an established neighborhood, the Special Exception is in harmony with spirit and intent of the Code.
REQUEST FOR WAIVER OF LETTER OF DEFICIENCY REQUIREMENT

If the Board staff waives the requirement that an LOD accompany an application to the Board, the Applicant is responsible for requesting all necessary relief and for citing the sections of the Zoning Code pertinent to the relief sought. (The waiver of the requirement that an LOD accompany an application to the Board shall not be considered a waiver of the necessity to apply for a building permit or a zoning clearance permit, as may be required by the particular proposed use or construction.) In the event that the applicant does not request all necessary relief, additional BOA action may be required resulting in significant delays during the building permit process.

I hereby certify that I have read and understand the above requirements and that I request that the LOD requirement be waived for the subject property in case number: BoA-22578
