Subject: BOA-23025
Date: Friday, November 6, 2020 10:51:03 AM

In the case of BOA-23025 and the request for a special exception to permit a medical marijuana grower operation, we ask that this request be turned down.

There is at least one medical marijuana establishment on all but the east side of the neighborhood. We do not want to become known as the marijuana neighborhood anymore than we wanted to become known as the junker car neighborhood.

There are plenty of other spaces that can be used for this establishment - in neighborhoods that are not already degraded by 3rd rate businesses.

Thank you in advance for considering the denial of this request.
