Board Action:

LT 1 BLK 1, RICHARD HENRY ADDN, BURRIS SQUARE, LESLIE LEIGH ADDN, BRIANA ANN ADDN RESUB L1 B1 LESLIE LEIGH ADDN, City of Tulsa, Tulsa County, State of Oklahoma

Mr. Bond entered the meeting at 1:15 P.M.

22442—Amy Peters

Action Requested:

Special Exception to allow a Commercial/Assembly & Indoor Entertainment use (large capacity over 250) in a CS District (Section 15.020). **LOCATION:** 3502 East 51st Street South (**CD 9**)

Mr. Van De Wiele asked staff if there were concerns and/or issues about the addresses. Ms. Ulmer stated the request should be tied to the address of 3328 East 51st Street. The address 3502 East 51st Street is the overall address for the larger parcel, and that was a mistake to have the notices sent with that address. Mr. Van De Wiele asked Ms. Ulmer if the address 3328 East 51st Street was the old grocery store. Ms. Ulmer answered affirmatively.

Presentation:

Cody Herndun, 632 Grove Creek Road, Waxahachie, TX; stated that Urban Air is a place where every parent can create life long memories with their children. That was accomplished by bringing world class cutting edge attractions into the facility, coupled with the opportunity to have birthday parties. There will be about 70 people employed at the subject location, with many of the employees being 15, 16, 17 and 18 years of age, and for most of them this will be their first job. Urban Air also is involved civically in the community; working with the schools and the non-profits within Tulsa.

Mr. Van De Wiele asked if the interior of the facility changes, i.e., is it a trampoline park one day and a Jupiter jump another day. Mr. Herndun stated that it does not change. Only 20% of the floor plan has trampolines, it is really a full adventure park. There are 15 attractions planned for the facility; the structures and design of many of the

attractions are to stay in place. Urban Air has evolved away from the trampoline park setting and into adventure park setting by taking out some of the trampolines and replacing them with rides like the Sky Rider and the rock wall climbing. The hours of operation will change during the summer; while school is in session the facility would open from 4:00 P.M. to 8:00 P.M., Monday through Thursday, Friday hours are 12:00 noon to 11:00 P.M., Saturday hours are 10:00 A.M. to 11:00 P.M., and Sunday 1:00 P.M. to 8:00 P.M. When school is out of session, i.e., Christmas break or spring break, the hours will be 10:00 A.M. to 8:00 P.M., Monday through Thursday; everything else will stay the same. None of the hours elongate.

Mr. Van De Wiele stated that to the extent the Board is in favor of this request, the Board would probably limit the activity to the 3328 East 51st Street address so the entire facility does not change to an adventure park. Typically, the Board tries to limit the use to what is being done by the applicant so there is not an unintended use, i.e., night club.

Mr. Van De Wiele asked Mr. Herndun if he was leasing the location. Mr. Herndun answered affirmatively. Mr. Van De Wiele asked Mr. Herndun how long the lease was for. Mr. Herndun stated that the lease is for ten years. Mr. Van De Wiele asked Mr. Herndun if he had signed the lease. Mr. Herndun answered affirmatively. Mr. Van De Wiele asked Mr. Herndun when the lease started. Mr. Herndun stated the lease actually begins when permits can be obtained and take occupancy.

Mr. Flanagan asked Mr. Herndun if there would be alcohol served at the facility. Mr. Herndun stated there would not.

Ms. Back asked Mr. Herndun about the sound proofing of the facility. Mr. Herndun stated they don't sound proof. Mr. Herndun stated that the Waxahachie facility, which was also a previous grocery store, has neighbors on the east and west sides and the only time they heard anything was during construction.

Amy Peters, 11290 Sugar Mill Lane, Frisco, TX; stated there will nothing outside of the building and there will be no music played outside. Everything is indoors.

Interested Parties:

Bruce Horgen, 5142 South Marion Avenue, Tulsa, OK; stated his residence backs up to the subject property. His concerns were if this change would affect the entire parcel and seeing this is just for the address that concern is relieved. Mr. Horgen stated there is PUD-372 that overlaps the CS property and the residential property, and he assumes if the request is granted that it will not go into the PUD as well. Mr. Van De Wiele answered affirmatively.

Board Action:

On **MOTION** of **BACK**, the Board voted 5-0-0 (Back, Bond, Flanagan, Ross, Van De Wiele "aye"; no "nays"; no "abstentions"; none absent) to **APPROVE** the request for a **Special Exception** to allow a Commercial/Assembly & Indoor Entertainment use (large capacity over 250) in a CS District (Section 15.020), subject to conceptual plans submitted today, dated 05/22/2018. The approval is subject to the following conditions; it is limited to the conceptual attractions as submitted that go along with the adventure park theme, limited to ten years from the issuance date of the Certificate of Occupancy, limited to the address of 3328 East 51st Street South. The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare ; for the following property:

22443—Billy Thompson

Action Requested:

Special Exception to permit a carport in the street setback (Section 90.090-C.1).

LOCATION: 8933 East Oklahoma Street North (**CD 3**)

Presentation:

Billy Thompson, 8933 East Oklahoma Street, Tulsa, OK; stated he would like to have a permit for a carport.

Delores Deckard, 13808 East 83rd Street North, Owasso, OK; stated she is Mr. Thompson's daughter.

Mr. Van De Wiele asked Ms. Deckard if the carport depicted on page 4.7 of the agenda was the carport being discussed. Ms. Deckard answered affirmatively.

Mr. Van De Wiele asked about the dimensions of the carport. Ms. Deckard stated the carport is 20 feet long and 12 feet wide. The carport frame measured out at 20 feet long with a 6" overhang, and she believes why the carport was questioned.

Mr. Van De Wiele asked Ms. Deckard if there were other carports in the neighborhood. Ms. Deckard answered affirmatively.

22445—Wallace Engineering – Mike Thedford

Action Requested:

Variance of the required street setback from South Birmingham Avenue (Section 5-030-A); Variance to permit a retaining wall within the City of Tulsa street right-of-way (Section 90.090-A). **LOCATION:** 1803 South Birmingham Avenue East (**CD 4**)

Presentation:

Mike Thedford, Wallace Engineering, 200 East M. E. Brady, Tulsa, OK; stated there is a deteriorated sidewalk and it will be replaced, and they would like to improve the street access to the residence with a landing, retaining wall and stairs within the right-of-way. There is about 15 feet from the property line to the street, an existing sidewalk, and the general location of the new sidewalk will be the same as the existing sidewalk location. The proposed landing is so if someone parks on the street there is a landing with access to the stairs with a retaining wall on each side of the stairs. Mr. Thedford stated the grade is about three feet and from the structure it is four feet.

Mr. Van De Wiele asked Mr. Thedford if the width of the sidewalk would be about four feet. Mr. Thedford answered affirmatively.

Ms. Back asked Mr. Thedford if he had received the license agreement and if it had been approved. Mr. Thedford answered affirmatively.

Mr. Van De Wiele asked Mr. Thedford to provide INCOG with a copy of the license agreement.

Mr. Thedford stated the hardship for the Variance is the topography; the slope necessitates the proposal. There will be no other improvements except for the retaining wall and stairs with a sidewalk in front of it.

Robert Wallace, 1803 South Birmingham Avenue, Tulsa, OK.

Board Action:

On **MOTION** of **BACK**, the Board voted 4-0-1 (Back, Bond, Ross, Van De Wiele "aye"; no "nays"; Flanagan "abstaining"; none absent) to **APPROVE** the request for a Variance of the required street setback from South Birmingham Avenue (Section 5-030-A); Variance to permit a retaining wall within the City of Tulsa street right-of-way (Section 90.090-A), subject to conceptual plans 6.11, 6.12, 6.13, 6.14 and 6.15 of the agenda packet. The Board finds the hardship to be the topography of the land making it difficult

to utilize the front approach to the house for guests. The applicant is to submit the approved license agreement to INCOG. The Board finds that the following facts, favorable to the property owner, have been established:

- a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;
- b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision's intended purpose;
- c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;
- d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;
- e. That the variance to be granted is the minimum variance that will afford relief;
- f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and
- g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan; for the following property:

LT 9 BLK 2, BARNARD VIEW ADDN EXT, BARNARD VIEW ADDN, City of Tulsa, Tulsa County, State of Oklahoma

22444—Jay Kingsley

Action Requested:

Variance to permit a swimming pool to be located within the street setback (Section 5.030-A, Section 90.090-C). **LOCATION:** 2929 East 56th Place South (CD 9)

Presentation:

The applicant was not present.

Mr. Van De Wiele stated the Board can decide whether to act on this request or to continue it. Mr. Van De Wiele stated that personally he would choose to act on it because there was a very similar request a few doors down.

Mr. Van De Wiele asked Ms. Miller if the reason this request is necessary is because the house has a front on two streets. Ms. Miller answered affirmatively.

Ms. Blank stated the previous Variance granted in 2016 was for the lot immediately to the west, so it is not the pool that is seen in the aerial photo. Ms. Blank stated the Board also needs to consider that if the applicant is not in attendance today it may be

because the plans have changed, or the applicant may no longer need the Variance. Ms. Blank stated it is a better practice for the Board to continue the request.
