CASE NUMBER: CBOA-2900
CASE REPORT PREPARED BY: Robi Jones

HEARING DATE: 08/17/2021 1:30 PM

APPLICANT: Patricia Contreras

ACTION REQUESTED: Special Exception for Use Unit 2, Area-Wide Special Exception Uses, for a Wedding and Event Venue in an AG district (Section 1202); and a Variance from the all-weather parking surface requirement (Section 1340.D).

LOCATION: 14225 N YALE AV E

ZONED: AG

FENCILE: Collinsville

PRESENT USE: Residential

TRACT SIZE: 37.76 acres

RELEVANT PREVIOUS ACTIONS: None relevant

ANALYSIS OF SURROUNDING AREA: The subject tract abuts AG zoning to the north, west (Highway 75), and south. It abuts RE zoning to the east. Surrounding uses appear to be agricultural with some residential to the north and northeast.

NEW STAFF COMMENTS:

August 17, 2021: Case was continued until 9/21/2021 to give the applicant more time to prepare.

LATER STAFF COMMENTS:

July 20, 2021: Case was continued until 08/17/2021 due to a mapping error.

ORIGINAL STAFF COMMENTS:

The applicant is before the Board requesting a Special Exception for Use Unit 2, Area-Wide Special Exception Uses, for a Wedding and Event Venue in an AG district (Section 1202); and a Variance from the all-weather parking surface requirement (Section 1340.D).

A Special Exception is required as the proposed use is not permitted by right in the AG district because of potential adverse affects, but which if controlled in the particular instance as to its relationship to the surrounding area and to the general welfare, may be permitted. The proposed wedding/event center must be found to be compatible with the surrounding area.

The applicant has submitted a site plan and drawings indicating that the site will contain overflow parking on a gravel lot on the southern part of the parcel. The Wedding and Event venue will be located both
indoors in the proposed renovation of a 80'6" x 85'4" building and outdoors near the barns. The applicant lives on the property in a single-family home.

The Code requires all parking surfaces be paved with an all-weather surface so as to maintain a minimum level of aesthetics, but more importantly to control air-borne particulates like dust and to control the tracking of dirt and mud onto public streets. The applicant has requested a variance to permit a gravel parking area.

The applicant provided the following statement. "Our proposed renovation is approximately 9,837 sf total. 1,466 sf will be used as storage while the other 8,371 sf will be usable event space. Through event planning and management, only half of the usable space will be occupied at one time. For example, a wedding ceremony will be held on one portion of the building and then the entire party will migrate to the other portion of the building for the reception. Considering the worst-case scenario based on preliminary calculations, we are assuming roughly 37 parking spots will be required. For aesthetic design purposes, we would like for the majority of the guests to park on an overflow gravel lot, but if required, we believe we have enough space on the existing all-weather pavement to lay out 37+ parking spots. This gravel lot will connect to a proposed driveway for additional site circulation. Our goal is to stay true to the historic nature of the property and minimize disturbances to the land. If this piece of the property were to one day be reused for agricultural purposes, we believe that removing and rehabilitating a small gravel lot will cause less damage to the property than removing new pavement. This building is truly adored by locals, and we would like to celebrate its uniqueness without bringing too much commercial development to the area.

The landscape and land features in the area of the proposed gravel lot and driveway provide a water runoff feature and a gravel lot would allow the water to drain by maintaining water control and reducing pooling of water."

The Collinsville Comprehensive Plan as well as the Tulsa County Comprehensive Land Use Plan designate this area as Residential. Residential is defined as follows:

Residential land use includes single-family homes, duplexes, townhouses, apartment units, and manufactured homes.

If inclined to approve the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed use is compatible with the surrounding area. The Board, if concerned with the performance of such a use, may limit approval for a temporary period to essentially establish a trial period. The Board may consider the following conditions:

- Limiting the number of onsite events per year.
- Limiting the total number of guests permitted at one time.
- Limiting the day and hours of operation.

Sample Motion:

"Move to ______ (approve/deny) a Special Exception for Use Unit 2, Area-Wide Special Exception Uses, for a Wedding and Event Venue in an AG district (Section 1202).

Approved per conceptual plan on page ______ of the agenda packet.

Subject to the following conditions (including time limitation, if any) ________.

Finding the Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare."
Move to ________ (approve/deny) a Variance from the all-weather parking surface requirement (Section 1340.D).

Finding the hardship to be ________.

Approved per conceptual plan on page ______ of the agenda packet.

Subject to the following conditions (including time limitation, if any): ________. 

Finding by reason of extraordinary or exceptional conditions or circumstances, which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan.

CBOA-2089 March 2004: The Board approved a Use Variance to allow a residence on the property for security purposes. The applicant withdrew the request for a Variance of the required 75' setback from abutting AG zoned property to 43' to permit new construction on property located at 4532 South 265th West Avenue, the subject property.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by AG zoning with what appears to be a mixture of agricultural and residential uses.

STAFF COMMENTS:

The applicant is before the Board requesting a Variance of the required 75' setback from an abutting AG district in an IL district (Section 930); and a Variance from the all-weather parking surface requirement (Section 1340.D).

Section 930, Table 2 requires a 75 ft setback from the boundary lines of an abutting AG district. The site plan submitted by the applicant shows a 47-foot setback from the abutting AG property to the west.

The Code requires all parking surfaces be paved to maintain a minimum level of aesthetics, but more importantly to control air-borne particles like dust and to control the tracking of dirt and mud onto public streets.

The applicant submitted the following statement: “Foundation is existing, there is only a driveway on other side of north property line. We are not adding parking. Existing drive and parking are gravel, same as every other property in this area.”

REQUEST TO CONTINUE AND CASES TO WITHDRAW

Case No. 2089
Action Requested:
Variance of the required 75' setback from abutting AG zoned property to 43' to permit new construction.

Presentation:
Mr. Beach informed the Board the case was continued today, but has since been withdrawn.

Board Action:
There was no need for Board action regarding the following described property:

********
When Mr. West added there is no code limitation to the size of the building. Mr. Hutson asked if this was not to be for rental property. Ms. Simon replied that no one would be living in it.

**Interested Parties:**
There were no interested parties present who wished to speak.

**Board Action:**
On Motion of Hutson, the Board voted 3-0-0 (Walker, Hutson, Tyndall "aye"; no "nays"; no "abstentions"; Charney, Dillard "absent") to APPROVE a Variance of land area per dwelling unit from 2.1 to 1 acre to permit two dwelling units on a two acre tract in an AG district, finding it will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan, on the following described property:

**Action Requested:**
 Use Variance to allow residence on property for security purposes.  SECTION 910.  PRINCIPAL USES PERMITTED IN INDUSTRIAL DISTRICTS – Use Unit 6, located: 4532 South 265th West Avenue.

**Presentation:**
Larry Westfall, 3158 S. 57th W. Ave., stated he owns the subject property. He submitted an amended site plan Exhibit B-1). He pointed out an existing metal building about 50' X 100'. The proposed building site is 80' from any boundary. It would be about 40' X 60' in size. The purpose is for security reasons. There is an existing stem wall foundation with a 45' setback. He proposed using that foundation, though the setback requirement is greater than 45'.

**Comments and Questions:**
Mr. Beach pointed out that advertisement did not include relief of the required setback. Mr. Walker asked about the materials of the proposed structure. Mr. Westfall replied it would be a pre-fabricated, pre-engineered metal building. There is no garage included. Mr. Westfall asked for a continuance for more relief.

**Interested Parties:**
There were no interested parties present who wished to speak.
Board Action:

On Motion of Tyndall, the Board voted 3-0-0 (Walker, Hutson, Tyndall "aye"; no "nays"; no "abstentions"; Charney, Dillard "absent") to APPROVE a Use Variance to allow a residence on the property for security purposes, finding it is the only IL property in the area; and finding that functionally the surrounding properties have a residence on them.

On Motion of Hutson, the Board voted 3-0-0 (Walker, Hutson, Tyndall "aye"; no "nays"; no "abstentions"; Charney, Dillard "absent") to CONTINUE Case No. 2089 to the meeting on April 20, 2004, on the following described property:

LEGAL DESCRIPTION: S/2 S/2 SE NE SW LESS E25 & W25 THEREOF FOR RD SEC 32 19 11 2.31AC,

RELEVANT PREVIOUS ACTIONS:

Surrounding Property:

CBOA-705 November 1986: The Board approved a Special Exception to allow a mobile home in an AG-R district, on property located at 5711 South 155th West Avenue.

CBOA-642 March 1986: The Board approved a Special Exception to allow a mobile home in an AG-R district; and approved a Variance to allow 2 dwelling units per lot of record, on property located at 5811 South 155th West Avenue.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by AG & AG-R zoning and what appears to be residential uses.

STAFF COMMENTS:

The applicant is before the Board requesting a Variance to allow two dwelling units on a single lot of record in an AG-R district (Section 208); Special Exception to permit a mobile home in an AG-R district. (Section 310 Table 1).

As shown on the attached plan, the applicant has an existing home on the lot and is proposing to add a single-wide mobile home on the east side of the property. Section 208 of the Code states that not more than one single-family dwelling or mobile home may be constructed or otherwise placed on a lot with the exception in the AG district that there not be more than two dwellings per lot. Additionally, Section 330, Table 3 of the Code requires a minimum lot area of 1 acre and a minimum land area per dwelling unit of 1.1 acres in the AG-R district. The applicant is proposing two dwelling units on the 2.31-acre subject lot.

REVISED 9/15/2021
The applicant provided the following statement: “1) Variance to allow two dwelling units on a single lot in AG-R District. 2) Exception to permit a mobile home in an AG-R district. 3) Request to park on a gravel surface - Variance from the all-weather parking surface requirement.”

If inclined to approve, the Board may consider any conditions it deems necessary and reasonably related to the request to ensure that the additional dwelling is not injurious to the surrounding agricultural district.

Sample Motion:

“Move to ________ (approve/deny) a Variance to allow two dwelling units on a single lot of record in an AG-R district (Section 208); Special Exception to permit a mobile home in an AG-R district. (Section 310 Table 1).

- Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.

Special Exception - Section 310 - Principal Uses Permitted In
Agriculture Districts - Use Unit 1209 - Request a special exception
to allow a mobile home in an AG-R District, located at 5711 South
155th West Avenue.

Presentation:
The applicant, Nancy Logan, 5711 South 155th West Avenue, Sand
Springs, Oklahoma, submitted a petition of support (Exhibit D-1) and
asked permission for her son to place a mobile home on the subject
property. She informed that the mobile will be located on the north
1 1/4 acres and a septic tank has been installed for sewage
disposal. Ms. Logan pointed out that there are other mobile homes
in the neighborhood.

Board Action:
On MOTION of TYNDALL, the Board voted 3-0-0 (Alberty, Looney,
Tyndall, "aye"; no "nays"; no "abstentions"; Eller, Walker,
"absent") to APPROVE a Special Exception (Section 310 - Principal
Uses Permitted In Agriculture Districts - Use Unit 1209) to allow a

the lot area from 2 acres to 1.12 acres and a variance of the lot width from 200' to 198' in order to permit a lot split; located on the NW/c of 41st Street and 177th West Avenue.

Presentation:
The applicant, Andrew Underwood, was represented by Alma Underwood, Route 2, Box 55, Sand Springs, Oklahoma. She stated that she owns 10 acres and asked the Board to permit a lot split which would enable her to give each of her 3 children a 1 1/2-acre lot.

Comments and Questions:
Mr. Alberty asked if the lots would have an access road and Ms. Underwood stated that adjoining property is being developed and access is already provided.

Mr. Looney asked Ms. Underwood if the road has been dedicated and she answered that it has not.

Mr. Alberty pointed out that the road is not built to county standards, but the Board accepted it from the standpoint of meeting our requirements.

Mr. Walker voiced a concern that the access is on a road that is not dedicated at this time.

Mr. Gardner informed that TMAPC approved the lot split on March 5, 1986.

Protestants: None.

Board Action:
On MOTION of LOONEY, the Board voted 4-0-0 (Alberty, Looney, Walker, Wines, "aye"; no "nays"; no "abstentions"; Tyndall, "absent") to APPROVE a Minor Variance (Section 330 - Bulk and Area Requirements In Agriculture Districts - Use Unit 1206) of the lot area from 2 acres to 1.12 acres and a variance of the lot width from 200' to 198' in order to permit a lot split; finding a hardship demonstrated by the shape and size of the tract; on the following described property:

E/2, E/2, SE/4, SE/4, Section 24, T-19-N, R-10-E, Tulsa County, Oklahoma.

Case No. 642

Action Requested:
Special Exception - Section 310 - Principal Uses Permitted In Agriculture districts - Use Unit 1209 - Request a special exception to allow a mobile home in an AG-R District.
Case No. 642 (continued)

Variances - Section 208 - One Single Family Dwelling Per Lot of Record - Request a variance to allow 2 dwelling units per lot of record, located at 5811 South 155th West Avenue.

Presentation:
The applicant, Tony Barens, was represented by Jean Shook, 5811 South 155th West Avenue, Tulsa, Oklahoma, who is the daughter of the applicant. Ms. Shook asked the Board to allow her parents to live in a mobile home on the back portion of her property. She informed that her home faces 155th Street and the mobile home would face 153rd Street.

Comments and Questions:
Mr. Alberty asked if a percolation test has been acquired for the property and she answered in the affirmative.

Mr. Alberty inquired if this would be a permanent residence for Ms. Shook's parents and she replied that she would like for them to have a permanent home nearby.

Interested Parties:
Pat Grode, 5800 South 155th West Avenue, Tulsa, Oklahoma, stated a concern that other mobile homes would locate on the remaining 2 1/2-acre tracts and that they would be placed too close to the boundary lines.

Mr. Alberty informed that mobiles being placed on any property in the area would be required to comply with the county zoning regulations as to setbacks.

Board Action:
On MOTION of LOONEY, the Board voted 4-0-0 (Alberty, Looney, Walker, Wines, "aye"; no "nays"; no "abstentions"; Tyndall, "absent") to APPROVE a Special Exception (Section 310 - Principal Uses Permitted In Agriculture districts - Use Unit 1209) to allow a mobile home in an AG-R District; and to APPROVE a Variance (Section 208 - One Single Family Dwelling Per Lot of Record) to allow 2 dwelling units per lot of record; subject to a Building Permit and Health Department approval; subject to the mobile home being occupied by a family member only; finding a hardship imposed on the applicant by the size and shape of the tract; and finding that there are other mobile homes in the area and the granting of the special exception request will not be detrimental to the neighborhood; on the following described property:

S/2, N/2, NE/4, SE/4, SW/4 of Section 32, T-19-N, R-11-E, Tulsa County, Oklahoma.

APPLICANT: Joanna Ford

ACTION REQUESTED: Variance to permit a detached accessory building to exceed 750 square feet in the RS district. (Sec. 240); Variance to allow a detached accessory building to be located in the side yard in an RS district. (Section 420.2.A-2).

LOCATION: 12833 S. 121st E. Ave.
ZONED: RS

FENCeline: Broken Arrow

PRESENT USE: Vacant
TRACT SIZE: 0.46 acres

LEGAL DESCRIPTION: LT 8 BLK 11, WILLOW SPRINGS ESTATES ADDN

RELEVANT PREVIOUS ACTIONS: None Relevant

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS zoning in a residential neighborhood.

STAFF COMMENTS:

The applicant is before the Board requesting a Variance to permit a detached accessory building to exceed 750 square feet in the RS district. (Sec. 240); and a Variance to allow a detached accessory building to be located in the side yard in an RS district. (Section 420.2.A-2).

Section 240.2.E permits accessory buildings in the RS district; the total square footage of all accessory buildings on the lot cannot exceed 750 SF of floor area. The provision of the Code attempts to establish and maintain development intensity of the district, preserve the openness of living areas and avoid overcrowding by limiting the bulk of structures.

The client has provided the following statement: "We purchased this lot to build this shop and home specifically. Otherwise, it will stay vacant land or park the RV's on the lot. The neighborhood doesn't have covenants and there are several shops this size. This will increase the value of the homes."

According to the drawing provided by the applicant, they are proposing to construct a 40'x 60', (2,400 SF), detached accessory building north of the existing house on the site. The applicant has requested a variance to increase the total permitted square footage of accessory buildings to 2,400 SF. The applicant is also requesting a variance to allow a detached accessory building in the side yard.
If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed accessory building is compatible with and non-injurious to the surrounding area.

**Sample Motion:**

"Move to _______ (approve/deny) a Variance to permit a detached accessory building to exceed 750 square feet in the RS district. (Sec. 240); Variance to allow a detached accessory building to be located in the side yard in an RS district. (Section 420.2.A-2).

Per the Conceptual Plan(s) shown on page(s) ______ of the agenda packet.

Subject to the following conditions, if any: ________________________________.

Finding the hardship to be ________.

In granting a Variance, the Board must find that by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan."

I live close to this and DO NOT want a commercial building going in that will cause more traffic and larger vehicles on the roadway.
I vote NO

My husband and I live directly north of 12833 S 121 E Ave. The proposed building is 3.2 times the 750 sq ft covenant. The building is for an RV which will require at least 12 foot sides and a 14 foot door. It will also set 5 feet from our fence. We do not want this building taking up our whole back yard view to the south. Our neighbors agree and also do not want the building. They are all elderly. Do I need to get a signed petition from my neighbors and bring it to the hearing or email it to you?

*
1. Customer is responsible for getting all construction site pre-work. (Note: We highly encourage owners to submit pictures of their job site to DCB.)
   a) Customer must provide a level building site with a maximum slope no greater than 8". Post depth of 36" is based on level ground. If ground is cut of level and extra length posts are required, the customer will be responsible for the extra cost, which will include material and delivery.
   b) Customer is responsible for getting any utility lines clearly marked.
   c) Customer must have the exact location of the building clearly marked. (Setting stakes or flags at the building corners and door locations is adequate. DCB is responsible for squaring all marked locations.)
   d) Arrangements for fill dirt, if DCB is pouring the concrete, should be made before materials are delivered. Amount of fill dirt is an estimate. If more fill dirt is needed it is the customer's responsibility. If sufficient fill dirt is not provided by customer and extra concrete is required to complete the job, customer will pay for the extra concrete.

2. All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practices and warrantied for two (2) years. Any alteration or deviation from the specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements are contingent upon circumstances beyond our control.

3. If rock is encountered and the holes cannot be drilled in a reasonable amount of time, customer will pay an additional fee to the builder of $30 per hole, plus the cost of the auger rental and/or use of special equipment and any required freight, delivery.

4. If the customer has DCB pour concrete, DCB makes no warranty against the concrete cracking, breaking, or corroding in any way in the concrete work performed. It is the customer’s responsibility to prepare the ground to minimize shifting or any other factor that would affect the slab.

5. If placement of a door does not allow for the use of an existing post a $50 charge will be added for each additional post required.

6. Customer is responsible for construction debris. (Two piles will be left: One is burnables and one is scrap metal. Usually only a small amount.

7. Lead times are estimated based on the number of active contracts DCB is currently working. This time may vary based on weather conditions and production. DCB will contact the customer to make specific arrangements prior to delivery.

8. Once the materials have been delivered to customer’s property, damage or theft of materials is the customer’s responsibility.

9. It shall be the responsibility of the customer to obtain any building or construction permits required by any state, county, or municipality before construction begins. Customer must also inform DCB of any structural or material changes required by that county’s specific building codes prior to DCB’s arrival at the job site. While DCB will make every effort to complete the building to the specific codes and adhere to common construction methods, should the construction process vary from our normal process, there will be additional labor expenses involved. The customer may not withhold final payment while waiting for inspection approval.

10. Once building materials have been ordered there will be no refunds and the customer is responsible for full payment under the terms of the contract.

11. Please be aware that if your building has a slab the interior wall height is 12" shorter than the outside wall height due to the slab and trusses. If you have a 12" outside wall your interior wall height will be 11".

RELEVANT PREVIOUS ACTIONS: None relevant

ANALYSIS OF SURROUNDING AREA: The subject tract abuts AG zoning to the west and AG-R zoning to the south. It abuts RE zoning to the north and east. Surrounding properties appear to have residential uses with the exception of the property to the east which appears to be vacant or used for agricultural purposes.

STAFF COMMENTS:

The applicant is before the Board requesting a Use Variance to allow Use Unit 25, Light Manufacturing Industry, to permit a medical marijuana processing facility in an RE district (Section 1225 and Section 410).

A Use Variance to allow Use Unit 25, Light Manufacturing Industry, for Industrial Light uses is required as Use Unit 25 is not allowed by right in an RE district. Section 1225.1 describes Light Manufacturing Industry:

Light manufacturing and industrial uses having slight or no objectionable environmental influences by reason of the emission of odor, heat, smoke, noise, or vibration. The following use conditions will apply:

1225.3 Use Conditions

A. The uses included in Use Unit 25, which are located within 300 feet of an R District, shall be conducted with enclosed buildings. The use will be conducted within an enclosed building.

B. The uses included in Use Unit 25, when located on a lot which is abutting an R District, shall be screened from the abutting R District, by the erection and maintenance of a screening wall or fence along the lot line or lines in common with
the R District. The applicant will be required to install a fence along the north and east lot lines if the request is approved.

The applicant has supplied the following statement: “My closest neighbor is over 370 feet from my shop. There’s a total of 4 houses in my addition and one way in and out. It’s super secure. Please help!”

The Tulsa County Comprehensive Land Use Plan as well as the Owasso Comprehensive Plan designate this property as Residential in their Land Use Plans.

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed use and future development of the subject property is compatible with and non-injurious to the surrounding area.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by AG zoned properties with both agricultural and residential uses.

STAFF COMMENTS:

The applicant is before the Board requesting a Variance to permit three dwelling units on a single lot of record in an AG district (Section 208).

Section 208 states: No more than one single-family dwelling or mobile home may be constructed or otherwise placed on a lot, except in the case of a lot which is within an approved PUD, in an RMH district, or in an AG district, with the exception in the AG district that there be no more than two dwellings per lot.

The Bulk and Area requirements in an AG district are described in the following table:

<table>
<thead>
<tr>
<th>Requirements</th>

<td>10 acres</td>
</tr>
<tr>
<td>Land Area per Dwelling Unit</td>
<td>Minimum 2.1 acres</td>
<td>3.33 acres if approved</td>
</tr>
</tbody>
</table>

The attached site plan shows the location of the proposed structure to the east of the existing home on the subject lot. Single-wide mobile homes are allowed in AG zoning by right.

The applicant has provided the following statement: "Prior to making the decision to moving the mobile home onto my mom’s property, me and my wife were going to move to Shadow Valley Mobile Home Park. During this process, several occurrences happened which include my wife losing her job, as well as her mother. This move made things difficult with a newborn. Moving onto my mom’s land will lift a heavy burden on what has been a difficult year.”
If inclined to approve the request, the Board may consider any condition it deems necessary and reasonably related to the requests to ensure the proposed use is compatible with and non-injurious to the surrounding area.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS zoning. Properties to the west and east are residential. The property to the south is vacant and the property to the north is a church.

STAFF COMMENTS:

The applicant is requesting a Special Exception to permit a single-wide mobile home in an RS district (Section 410).

A special exception is required as the proposed mobile home is a use which is not permitted by right in the RS district because of potential adverse effects, but which if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted. The mobile home must be found to be compatible with the surrounding neighborhood.

According to the site plan, the applicant is proposing to place a 16' x 60' mobile home on the property.

RELEVANT PREVIOUS ACTIONS:

Surrounding Property:

CBOA-512 November 1984: The Board approved a Special Exception to permit a mobile home in an RS zoned district; and a Variance to permit two dwelling units per lot of record; subject to a five-year limitation, on property located at the northeast corner of 45th West Avenue and 45th Street.

ANALYSIS OF SURROUNDING AREA: The subject tract abuts RS zoning to the west, north, east, and south. Southwest of the subject property is IL zoning which appears to be vacant. Other surrounding uses appear to be residential in nature.

STAFF COMMENTS:

The applicant is requesting a Special Exception to permit a single-wide mobile home in an RS district (Section 410).

A special exception is required as the proposed mobile home is a use which is not permitted by right in the RS district because of potential adverse effects, but which if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted. The mobile home must be found to be compatible with the surrounding neighborhood.

Case No. 512

Action Requested:

Special Exception--Section 410--Principal Uses Permitted in the Residential Districts--Use Unit 1206/09--Request an exception to permit a mobile home in an RS zoned district; and a Variance--Section 208--One Single-Family Dwelling Per Lot of Record--Request a variance to permit two dwelling units (1 house, 1 mobile home) per lot of record, located on the NE/c of 45th West Avenue and 45th Street.

Presentation:

The applicant, Phyllis Maxwell, 4343 West 45th Street, informed that she is requesting the special exception so her son can put a mobile home on the NE/c of her property. She has a 304.9' frontage. She informed that her son is recently divorced and has custody of two small children. If he is allowed to live near her, she can help with his children. There are other mobile homes in the area. She is not aware of any other lots in the area with more than one dwelling unit on them. She submitted a plat of survey showing where the other mobile homes are located (Exhibit "C-1"). She requests to be allowed to leave the mobile home permanently because the land is deeded to her son in the event of her death. A percolation test has been approved.

Protestants:

Don Davis, 4334 South 45th West Avenue, Tulsa, Oklahoma, informed that he does not want a mobile home in his neighborhood. He feels that the neighborhood is in transition and can be upgraded if mobile homes are kept out. His property is across the street from the NW/c of the subject property and there is already a mobile home on the property. He informed that he has lived on his property since 1943.

Mr. Martin informed that in 1982 this Board granted a mobile home use with a five-year limitation.

Board Action:

On MOTION of WALKER and SECOND by ALBERTY, the Board voted 4-0-0 (Alberty, Martin, Tyndall, Walker, "aye"); no "nays"; no "abstentions"; Wines, "absent") to APPROVE a Special Exception (Section 410--Principal Uses Permitted in the Residential Districts--Under the provisions of Use Units 1206/09) to permit a mobile home in an RS zoned district; and a Variance (Section 208--One Single-Family Dwelling Per Lot of Record) to permit two dwelling units (1 house, 1 mobile home) per lot of record; subject a five-year limitation, Health Department approval and a Building Permit; on the following described property:

Case No. 513

Action Requested:

Section 310--Principal Uses Permitted in the Agricultural Districts--Use Units 1205--Request a special exception to permit a church and related uses in an AG zoned district; and a

Use Variance--Section 310--Principal Uses Permitted in the Agricultural Districts--Use Unit 1211--Request a variance to allow a radio station in an AG zoned district, located N. of NE/c of 121st St. and 129th East Avenue.

Presentation:

W. Nelson Pendergrass, 110 West Kenosha, Broken Arrow, Oklahoma, 74012, represented Walnut Grove Church, David Ingle Ministries, and Creative Educational Media in their request to allow a facility to house their church and offices, as well as a radio station on the subject tract. They need to relocate their activities, as they have lost their lease on Grace Fellowship Church's building, located at 8600 South Memorial. He submitted a map on which the Broken Arrow Planning Commission designated the 100-year flood plain (Exhibit "D-1"). They will employ an engineering firm to designate the flood plain as it applies to their property. There is no existing structure on the property and their plans have not been finalized. Federal Communications Commission has required the radio station to be "on the air" by February 1, 1985, or their license will be revoked.

Protestants: None

Comments and Questions:

There was discussion about the relationship of the three organizations.

Mr. Gardner informed that the applicant will be required to plat the tract to show the easements and drainage. There was discussion about the transmitting tower. The applicant informed that they will transmit from a dish to a transmitter on the Channel Six tower. Their dish will be on a pole no taller than a telephone pole.

A letter was submitted by the Staff from the City of Broken Arrow which recommended that the approval be conditioned upon the 100-year flood plain area being maintained in its natural state (Exhibit "D-2").

Board Action:

On MOTION of ALBERTY and SECOND by MARTIN, the Board voted 4-0-0 (Alberty, Martin, Tyndall, Walker, "aye"; no "nays"; no 11.20.84:54(7)

RELEVANT PREVIOUS ACTIONS:

Subject Property:

CBOA-342 April 1983: The Board approved a Variance of the frontage requirement from 200’ to 100’ and a variance of the minimum lot size of 2 acres to 1.75 acres and a Variance of the 30’ minimum of frontage on a public street requirement to 15’ instead on 0’ to permit a lot split, on property located north of Highway 51, between 177th West Avenue and 193rd West Avenue.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by agricultural property. The surrounding uses are a mix of agricultural and residential.

STAFF COMMENTS:

The applicant is before the Board to request a Variance of the minimum land area per dwelling unit from 2.1 acres in the AG district to permit a lot line adjustment (Tract B); Variance of the minimum lot area from 2 acres in the AG district to permit a lot line adjustment (Tracts B & C); Variance of the minimum lot width from 150’ in the AG district to permit a lot line adjustment (Tracts B & C); Variance of the rear and side setbacks in the AG district to permit a lot line adjustment (Tract B) (Section 330-Table 3)

The AG district (Section 330, Table 3) requires a minimum lot area of 2 acres and a minimum land area per dwelling unit of 2.1 acres. The Code also requires a minimum lot width of 150’ in an AG district.
The applicant provided the following statement: "There is an established driveway and water line running just inside the fence on the west property line of tract B and C that would have to be relocated without the lot line adjustment. The intent is to move the property lines back to where we assumed they always were."

As shown on the submitted survey:

Tract B will have a lot size of 1.2 acres and Tract C will have a lot size of .85 acres after the proposed lot split. Therefore, the applicant has requested Variance of the minimum lot area from 2 acres in the AG district to permit a lot line adjustment (Tracts B & C);

Tract B will have a Land Area per Dwelling Unit of 1.2 acres and Tract C will have a Land Area per Dwelling Unit of .94 acres after the proposed lot split. Therefore, the applicant has requested a Variance of the minimum land area per dwelling unit from 2.1 acres in the AG district to permit a lot line adjustment (Tract B). There is not a house on Tract C so the request was not made for that tract;

Tract B will have an average lot width of 81 feet and Tract C will have an average lot width of 90 feet. Therefore, the applicant has requested a Variance of the minimum lot width from 150' in the AG district to permit a lot line adjustment (Tracts B & C);

Tract C has two buildings on it that need relief from the setbacks. The required side yard setback in an agricultural district is 15 feet and the required rear yard setback is 40 feet. Therefore, the applicant has requested a Variance of the rear and side setbacks in the AG district to permit a lot line adjustment (Tract B).

Sample Motion:

"Move to _________ (approve/deny) a Variance of the minimum land area per dwelling unit from 2.1 acres in the AG district to permit a lot line adjustment (Tract B); Variance of the minimum lot area from 2 acres in the AG district to permit a lot line adjustment (Tracts B & C); Variance of the minimum lot width from 150' in the AG district to permit a lot line adjustment (Tracts B & C); Variance of the rear and side setbacks in the AG district to permit a lot line adjustment (Tract B) (Section 330- Table 3).

• Finding the hardship(s) to be___________.

• Subject to the following conditions (if any) _____________.

Finding by reason of extraordinary or exceptional conditions or circumstances, which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan."

Case No. 342

Action Requested:

Variance - Section 330 - Bulk and Area Requirements in the Agriculture Districts - Request for a variance of the frontage requirement from 200' to 100' and a variance of the minimum lot size of 2 acres and 1-3/4ths acres; and a

Variance - Section 207 - Street Frontage Required - Request for a variance of the 30' minimum of frontage on a public street requirements to 0' to permit a lot split. This property is located north of Highway #51, between 177th West Avenue and 193rd West Avenue.

Presentation:

Betty Harp, 6727 East Oklahoma Place, was present and requested the application be approved to permit a lot split and to allow a mobile home on the new lot. An easement for a roadway and a utility easement was provided for, but it was not written in the deed. Mrs. Harp advised that she has since signed an agreement to put the condition for a 15' utility and roadway easement into the deed.

Protestants: None.

Board Comments:

Chairman Walker advised the Planning Commission approved the lot split subject to approval by this Board, approval of the Health Department and subject to the access handle to the highway (minimum of 15') with utility easement.
Case No. 342 (continued)

Mr. Alberty asked if there would be a home on the north portion of the property and Mrs. Harp answered in the affirmative and advised that there will be three (3) dwellings on the property in question.

Board Action:

On MOTION of MARTIN and SECOND by ALBERTY, the Board voted 3-0-0 (Alberty, Martin, Walker, "aye"; no "nays"; no "abstentions"; Tyndall, Wines, "absent") to approve a Variance (Section 330 - Bulk and Area Requirements in the Agriculture Districts) of the frontage requirement from 200' to 100' and a variance of the minimum lot size of 2 acres to 1-3/4th acre; and a Variance (Section 207 - Street Frontage Required) of the 30' minimum of frontage on a public street requirement to 15' instead of 0' to permit a lot split (L-15741), subject to Tulsa City-County Health Department approval, on the following described property:

Case No. 343

Action Requested:
Variance - Section 330 - Bulk and Area Requirements in the Agriculture Districts - Request for a Variance of the lot area from two acres to 1-1/2 acre to permit a lot split. This property is located North of 211th Street on Lewis Avenue.

Presentation:

The applicant, Darrell Williams, was not present.

Ricky Jones advised that the Planning Commission approved the lot split on April 6, 1983, subject to this Board's approval and the Health Department approval. The variance request is minor in nature.

Protestants: None.

Board Action:

On MOTION of MARTIN and SECOND by ALBERTY, the Board voted 3-0-0 (Alberty, Martin, Walker, "aye"; no "nays"; no "abstentions"; Tyndall, Wines, "absent") to approve a Variance (Section 330 - Bulk and Area Requirements in the Agriculture Districts) of the lot area from two acres to 1-1/2 acre to permit a lot split (L-15742), subject to Tulsa City-County Health Department, on the following described property:
