Subject Property: None Relevant

**ANALYSIS OF SURROUNDING AREA:** The subject tract is currently AG and is use as a single family residence. It is surrounded to the north, south, east and partially to the west by AG zoned properties. CS zoned properties also exist along the northwester portion of the subject lot.

**STAFF COMMENTS:**

The applicant is before the Board requesting a Use Variance to allow Outdoor Storage of boats and recreational vehicles (Use Unit 23; Storage, Not Elsewhere Classified) in an AG district (Section 1223), which was approved by the Board at the 06/21/2022 meeting; and a Variance from the all-weather parking surface requirement (Section 1340.D).

The applicant submitted the following statement: “Subject property receives runoff from the adjacent property to the south. Removal of topsoil and addition of commercially compacted gravel on subject property will provide absorption of water and prevent runoff. There is a paved road to the entrance of proposed open storage lot.”

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure the proposed use of the land is compatible with and non-injurious to the surrounding area.

**SAMPLE MOTION:**

“Move to ________ (approve/deny) a Use Variance to allow Outdoor Storage of boats and recreational vehicles (Use Unit 23; Storage, Not Elsewhere Classified) in an AG district (Section 1223); and a Variance from the all-weather parking surface requirement (Section 1340.D).

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned AG with AG zoning to the west and east, RS-3 zoning (Owasso) to the north and RE zoning to the south.

STAFF COMMENTS:

The applicant is before the Board requesting a Variance of the street frontage requirements in a AG district from 30 ft to 0 ft (Section 207) and a Variance of the minimum lot width in the AG district to permit a lot split. (Section 330, Table 3)

As shown on the plans provided by the applicant, they propose to split the existing lot into two lots of 8.1 and 3.0 acres in size. Access to the lots would be per the 35 ft wide segment of the existing lot that extends to E 66th St N.

The applicant provided the following statement “We are hoping to acquire a lot split from Tulsa County with an easement variance on our property that our son and family currently lives. There is no easement property available for purchase.

The high cost of housing or land for a modular home seemed to be out of reach for them. If we can deed them a piece of our land at no cost to them makes it affordable for a modular permanent home and have our son near by to help us stay on the property as long as possible during our old age. We are in our seventies.

We also want to deed our other two children a fair and equal part of the property after we have passed.”

The proposed location will be 220 feet from the neighboring house to the north and 270 feet from the house to the southeast. Soft Landings Parrot Rescue is the only parrot rescue/sanctuary in the North Eastern part of Oklahoma. We provide a valuable service not only to the public, but to government agencies when they request our assistance with surrendered, seized, or found parrots. With Covid, the demand for surrendered and found outside birds has increased drastically as people are unable to financially care for their companion parrots. Therefore, we have had no choice but to expand our rescue space to appropriately accommodate the need of the parrots. The impact to the area will be very minimal as some of our neighbors are not residential and in fact businesses, such as the storage unit facility to the North of our property."

CBOA-2982 6.3
REVISED 7/13/2022
If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed accessory building is compatible with and non-injurious to the surrounding area.

Sample Motion:

“Move to ________ (approve/deny) Use Variance to permit a parrot rescue and rehabilitation center (Use Unit 15) in an RE district (Section 1215); Variance to allow a detached accessory building to be located in the side yard in an RE district. (Section 420.2.A-2)

Finding the hardship to be ________.

Finding by reason of extraordinary or exceptional conditions or circumstances, which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan.”
We feel that the lot is of sufficient size to easily accommodate the proposed additional building. The proposed location will be 220 feet from the neighboring house to the north and 270 feet from the house to the southeast.

Soft Landings Parrot Rescue is the only parrot rescue/sanctuary in the North Eastern part of Oklahoma. We provide a valuable service not only to the public, but to government agencies when they request our assistance with surrendered, seized, or found parrots. With Covid, the demand for surrendered and found outside birds has increased drastically as people are unable to financially care for their companion parrots. Therefore, we have had no choice but to expand our rescue space to appropriately accommodate the need of the parrots. The impact to the area will be very minimal as some of our neighbors are not residential and in fact businesses, such as the storage unit facility to the North of our property.

Subject Property:

CBOA-2270 June 2007: The Board denied a Use Variance to permit an existing trucking establishment in an RS district (Section 410) and a Variance of the paving requirement to permit the existing gravel parking and loading surfaces (Section 1340 and 1350).

Surrounding Property: None Relevant

ANALYSIS OF SURROUNDING AREA: The subject tract has been used as a trucking facility and is surrounded by RS to the north, south and west, which contain single-family residences and RS-3/PUD-483 to the east (City of Tulsa) containing a self-storage facility.

STAFF COMMENTS:

The applicant is before the Board to request a Variance of to permit a detached accessory building in an RS district to be greater than 750 sf of floor area (Section 240.2.E).

The applicant has stated that the proposed accessory building would be used for storage of personal equipment and vehicles and will not be used for commercial purposes. For commercial uses, the site would need to be rezoned to an appropriate commercial zoning district.

The applicant provided the statement: “Allowed detached accessory building square footage needs to be bigger to allow for a 40’X60’ (2,400 sf) pole barn.

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed accessory building is compatible with and non-injurious to the surrounding area.

Subject: Board of Adjustment Case Number CBOA-2984 meeting Tuesday 7-19-2022 1:30 PM.

Karen Keith – District 2 Tulsa County Commissioner
Jennie Richardson Cue – District 2 Tulsa City Councilor

I would like to invite our Commissioner and Councilor to come to the Board of Adjustment meeting.

Please see email dated 7-8-22 below to Mr. Hoyt and attached mailing from the Tulsa County Board of Adjustments. This applicant has ignored the order in 2007 where the board ruled against the applicant that they could not operate a business in an RS district. The previous Tulsa County Commissioner (Randi Miller) was present at that meeting. Now the business seems to be expanding. They have already built the building they are seeking a variance for and has already removed the house referenced on his plans from the property. On this parcel of land there is no longer a residential house on it, only numerous large Semi trucks. The person seeking the variance lives in Jenks.

Thank you in advance for your help or guidance.
The meeting is on July 19 at 1:30 PM.

Subject: Board of Adjustment Case Number CBOA-2984 meeting Tuesday 7-19-2022 1:30 PM.

Hello Mr. Hoyt.
We received a copy of a letter - Case number CBOA-2984 with reference to Mr. Brady seeking a variance for a detached accessory building in an RS district to be greater than 750 of the floor area. Mr. Brady’s hand written plans are a little misleading. They show a 2 story dwelling with 2 car garage and no building as requested before the board. The house has been demolished from the property and there is a building approximately 40 by 60 already built on the property.

We ask what this building is going to be used for? The person requesting this variance lives in Jenks and does not live on the property. I don’t see a residential dwelling at all on this property. Randi Miller the former Tulsa County Commissioner before Karen Keith, had issued an order in 2007 ruled that no business could be permitted at this address.
The picture provided does not reflect the missing house or the increased number of trucks or the already constructed building.

Can you help me get answers to these questions.
What is the building going to be used for?
How is he allowed to operate a business in an RS District even trying to expand when he was ordered to stop in 2007 when this was brought before the board?

I would call or email Mr. Brady direct but I don’t know how it would be received since the 2007 ruling was against him and for the neighbors. (Thank goodness for Randi Miller on this one for looking out for the neighbors in an RS district.)
My phone number is 918-519-7641
I will look forward to you call or email.

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned AG and is surrounded by AG zoning containing single-family residences.

STAFF COMMENTS:

The applicant is before the Board requesting a Use Variance to allow Use Unit 11, offices and Studios, to permit a laser and engraving studio in a AG District (Sec.1211).

The applicant intends to operate a laser engraving studio on the subject lot. No storefront or direct sales is intended on the property itself.

The applicant provided stated that they are requesting the variance on the property to allow the construction of a 30' X 40' building and operate a laser engraving business.

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed accessory building is compatible with and non-injurious to the surrounding area.

Sample Motion:

“Move to ________ (approve/deny) Use Variance to allow Use Unit 11, offices and Studios, to permit a laser and engraving studio in a AG District (Sec.1211)

Subject: VARIANCE ON ZONING CODE. REF: THOMAS LUEB

Jay Hoyt,

I am a neighbor of Thomas Lueb who lives on 88th E. Avenue in Owasso. He is seeking a variance in the AG zoning so that he can start a laser engraving business on his property. He has my approval to do so, providing that the zoning variance will not affect the AG zoning on my property now or in the future. Per our phone conversation on 6/13/22, you stated that the variance would not have any affect on the AG zoning.
