HEARING DATE: 03/21/2023 1:30 PM

APPLICANT: Ron Sterling

ACTION REQUESTED: Variance to permit a detached accessory building in a side yard in an RE zoned district (420.2.A.2)

LOCATION: 26121 W 27 ST S

FENCeline: Keystone

PRESENT USE: Residential

ZONED: RE

TRACT SIZE: 1.25 acres

LEGAL DESCRIPTION: LT 8 BLK 1, LAKE SUBURBAN ESTATES Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS: None Relevant

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned RE and is abutted by RE zoning to the east, west and south containing single-family residences as well as AG zoning to the north containing vacant agricultural land.

STAFF COMMENTS:

The applicant is before the Board to request a Variance to permit a detached accessory building in a side yard in an RE zoned district (420.2.A.2).

The Tulsa County Zoning code (Section 420.2.A.2) prohibits accessory buildings in Residentially zoned districts from being constructed in the front or side yards of a residential lot. The applicant is proposing to finish construction of a 20’ x 30’ garage in the side yard of the subject lot, as illustrated by the site plan provided by the applicant, that was previously begun by the prior property owner.

The applicant has provided the statement “Property has an existing detached garage that has already passed final framing inspection 12-17-18 Permit # 19518. I purchased the property from Sharp Marle in September 2022. The property is unfinished and I am trying to renew the building permit.”

If Inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed variance is compatible with and non-injurious to the surrounding area.

Sample Motion:

*Move to ________ (approve/deny) a Variance to permit a detached accessory building in a side yard in an RE zoned district (420.2.A.2)*

Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.
Subject to the following conditions, if any: ____________________________.

Finding the hardship to be __________.

Finding by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan.

LEGAL DESCRIPTION: LOT 14 BLK 4, BUFORD COLONY SECOND ADDN Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

Surrounding Properties:

CBOA-3025 January 2023: The Board approved a Variance to permit two dwelling units on a single lot of record in an RS District (Section 208).

CBOA-3003 September 2022: The Board approved a Variance to permit a detached accessory building in the RS district to be greater than 750 sf of floor area (Section 240.2.E)

CBOA-1724 May 2000: The Board approved a Special Exception to permit one mobile home on each lot in an RS district (Section 410).

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned RS and is surrounded by RS zoned lots containing single-family residences and vacant land.

STAFF COMMENTS:

The applicant is before the Board to request a Special Exception to permit a single-wide mobile home in an RS district (Section 410) and Variance to permit two dwelling units on a single lot of record in an RS district (Section 208).

A special exception is required as the proposed mobile home is a use which is not permitted by right but by exception in the RS district because of potential adverse effects, but which if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted. The mobile home must be found to be compatible with the surrounding neighborhood.

If inclined to approve the request the Board may consider any condition it deems necessary in order to ensure that the proposed mobile home is compatible and non-injurious to the surrounding area.
In addition, the applicant is requesting a Variance to permit a second dwelling unit on the subject lot. The applicant has stated that the reason for the variance request is for help with his four children as his mother and family will live adjacent in the other, currently existing dwelling unit of the lot.

Sample Motion:

"Move to _________ (approve/deny) a Special Exception to permit a single-wide mobile home in an RS district (Section 410) and Variance to permit two dwelling units on a single lot of record in an RS district (Section 208).

Approved per conceptual plan on page ______ of the agenda packet.

Subject to the following conditions (including time limitation, if any): _________.

Finding the Special Exception / Variance will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

CBOA-2955 April 2022: The Board approved a Special Exception to allow Use Unit 26, Moderate Manufacturing and Industry, to permit moderate-impact processing in an IL District (Section 1226); and a Use Variance to allow Use Unit 26, Moderate Manufacturing and Industry, to permit moderate-impact processing in an RS district (Section 1226).

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned CG and is currently vacant. The subject tract abuts CG zoning to the East, West and South containing commercial development and vacant land as well as to the North by IM zoning containing industrial uses.

STAFF COMMENTS:

The applicant is before the Board to request a Variance from the all-weather parking surface requirement (Section 1340.D).

The applicant intends to construct a food service establishment on the subject lot as illustrated on the plans provided by the applicant. They are located within an Industrial area and are hoping to serve the area from the subject lot, while utilizing gravel surfacing for the parking area. Section 1340.D of the Tulsa County Zoning Code requires that unenclosed off-street parking areas be surfaced with an all-weather material. The applicant is requesting a variance of that requirement so that their proposed gravel parking area may be used.

The applicant has provided the statement “Our establishment is in a high industrial area and we feel that gravel will blend in with all other businesses in the area. This project has already entered into cost we didn’t forsee and the owner would prefer gravel as well. We believe that the area is in need of what we have to offer. We are not a restaurant or food truck but something in between, offering great food.”
If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed variance is compatible with and non-injurious to the surrounding area.

CBOA-2270 June 2007: The Board denied a Use Variance to permit an existing trucking establishment in an RS district (Section 410) and a Variance of the paving requirement to permit the existing gravel parking and loading surfaces (Section 1340 and 1350).

CBOA-2984 June 2007: The Board approved a Variance of to permit a detached accessory building in an RS district to be greater than 750 sf of floor area (Section 240.2.E), Use Variance to allow Use Unit 23 in an RS district to permit outdoor storage (Section 410), a Variance from the all-weather parking surface requirement (Section 1340.D)

ANALYSIS OF SURROUNDING AREA: The subject tract has been used as a trucking facility and is surrounded by RS to the north, south and west, which contain single-family residences and RS-3/PUD-483 to the east (City of Tulsa) containing a self-storage facility.

STAFF COMMENTS:

The applicant is before the Board to request a Use Variance to permit parking and storage of personal and work vehicles in an RS district, Use Unit 23 (Section 410).

Previously, the Board approved case CBOA-2984 on the subject lot to approve a Variance of to permit a detached accessory building in an RS district to be greater than 750 sf of floor area (Section 240.2.E), a Use Variance to allow Use Unit 23 in an RS district to permit outdoor storage (Section 410) and a Variance from the all-weather parking surface requirement (Section 1340.D).

The applicant has stated, as shown on Exhibit “B”, provided by the applicant, that Tulsa County Permitting believes that the variances that were approved as part of CBOA-2984 are not sufficient for the subject
property and that the property owner's current use of truck parking be halted until a variance has been obtained. The requested variance to permit parking and storage of personal and work vehicles in an RS district is an attempt to correct this issue.

Sample Motion:

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed accessory building is compatible with and non-injurious to the surrounding area.

"Move to [approve/deny] a Use Variance to permit parking and storage of personal and work vehicles in an RS district, Use Unit 23 (Section 410).

The South 90.00 feet of the West Half (W/2) of Lot Eleven (11), and all of Lot Fourteen (14), CAMPBELL HILLS, an addition to the City of Tulsa, Tulsa County, State of Oklahoma, according to the recorded plat thereof.

Address: 5723 S. 35th West Avenue, Tulsa.
EXHIBIT “B”

The property at issue in this variance request (the “Subject Property”) is an approximately 2.5 acre lot located at 5723 S. 35th West Avenue in Tulsa County. For a number of years preceding the Property Owner’s acquisition, the Subject Property has been used as a storage lot for large vehicles. Prior to his acquisition, the Property Owner paid rent to the former owner to park certain commercial vehicles on the Subject Property when said vehicles were not in use. This storage activity included coming and going daily with the stored vehicles to store them for the night after work was complete at other locations. The prior owner also rented portions of the Subject Property to others besides the [current] Property Owner for the same purposes. A single family home was situated at the northern end of the Subject Property but said home had not been occupied or utilized as a single-family home for a number of years at the time the Property Owner acquired the Subject Property.

On or around January 31, 2022, the Property Owner purchased the Subject Property with the intent of continuing to utilize it as a parking area for his company vehicles when they are not in use. The Property Owner also desired to store non-commercial vehicles that he owns on the Subject Property for the same purposes – e.g. to store the vehicles when not in use. During the process of attempting to permit the construction on the Subject Property, the Property Owner was notified that he would need to obtain a variance to allow his proposed use of vehicle storage (both work and private). The Property Owner applied for a variance and that case (BOA 2984) came before the County Board of Adjustment on July 19, 2022 and detailed discussion about the above-referenced scenario including all of the uses proposed in this Application was had at that hearing. The matter was continued to August 16, 2022 at which point a variance was granted 3-0-0 by the Board of Adjustment for the Property Owner to operate the Subject Property in a manner consistent with the relief requested herein.

After the August 16, 2022 variance approval, Tulsa County notified the Property Owner that the variance obtained was not sufficient and that that Property Owner’s use of the Subject Property be immediately halted until a variance could be obtained.

The Applicant is now being forced to request a SECOND variance to allow the use of the Subject Property for storage of his personal vehicles and storage of his work vehicles consistent with the use stated in the August 16, 2022 variance approval.
2984 - Brian Brady

Action Requested:
Variance to permit a detached accessory building in the RS district to be greater than 750 sf of floor area (Section 240.2.E)
Location: 5723 S 35th West Ave

Presentation:
Brian Brady and Jamie Agee, 5723 South 35th West Avenue, Tulsa, Oklahoma stated that Mr. Brady purchased it February 2022. Mr. Brady began parking his vehicle there eight years ago with permission from the previous owner and had paid rent for parking there. They had no knowledge of prior zoning problems or issues and has been in existence for 35 to 40 years. We want to put a building there to enable us to lock our vehicles there. There is an older storage there that needs to be torn down. There have been several thefts from their vehicles.

Interested Parties:
Leslie Davis, 5645 South 33rd West Avenue, Tulsa, OK, 74107, stated that she was there with other neighbors. I was here in 2007 when they said this was residential zoning and they were supposed to cease running their business there. They scaled down their operation. We were concerned that Mr. Brady was going to run a trucking business out of the property as well. We do not want this property to turn commercial.

Comments and Questions:
Mr. Hutchinson asked that this will be a 40-foot by 60-foot building and once it is built and the other one is torn down will you have any vehicles stored outside. Mr. Brady stated that he plans to store his boat, hotrod, and tool in this building. He will still have trucks (a couple of one-ton trucks and a trailer). We do not operate our office there, nor is it an income producing property.

Ms. Agee stated that there are seven vehicles if all are there. We are not going to run a business from this property, it is strictly to store our belongings in the building.

Mr. Brady stated that there the previous owner has a semi-trailer that he left there, but it will be removed. He also stated that there are also other trucks that park there. A man that lives down the street parks his semi-truck there when he is in town.

Mr. Dunkerley asked if there was a house on the property. Ms. Agee stated that they got ahead of themselves. Ms. Agee stated that the house was inhabitable and had to be torn down. Once the Variance is approved, they will have to back up with the county and go in with all the permits that are needed for where we are at this point. The old house has been taken down, we put up the new building and that is what we need the Variance on.

Mr. Hutchinson asked staff about the zoning on RS-3, is it a requirement that a house must be on the property before a storage is built. Ms. Miller stated that this is correct.
Mr. Hicks asked if they were planning to use this to store vehicles for your business. Mr. Brady stated that was correct. Mr. Hicks asked staff that since the previous owner tried to run a business and was turned down, but that is not the request before us. Ms. Miller stated that the only request was to allow a building greater than 750 square-feet. Mr. Hicks stated that there is no approval before them to operate a business, whether they are storing their business vehicles or operating a business, which is not allowed right now.

Mr. Hutchinson stated that what the staff is discussing is with the current zoning to be able to have a garage or a building, a house must be there.

Ms. Miller stated that it must be an accessory to something, so the site plan does show the house there and that is why the request was recorded like it was. Now there is no house. There is an issue here.

Mr. Hutchinson asked if Mr. Brady and Ms. Agee had any plans to build a house on this property and they stated that they did not.

Ms. Miller stated that a Use Variance would be more appropriate to allow for a building and whatever the use is that need on the property that is not residential. We need more details about that if it is all in the building.

**Rebuttal:**

*Jamie Agee and Brian Brady*, 5732 South 35th West Avenue, Tulsa, OK, stated that the semi-trucks on West 33rd Avenue, it is mainly from the trucking school and business around West 49th.

Mr. Dunkerley stated that there are two access points into this property, one off 58th Street, and one off 35th. If we approved, would you be willing to limit the hotshot business trucks only access from 58th Street? Ms. Agee stated that they had already put a gate up to limit that.

Mr. Tisdale asked if there were restrictions on times. Mr. Brady stated that the trucks that he owns do not sit there and idle or come in late at night. Mr. Tisdale asked if they could have the owner of the other truck that parks to not park there anymore. Ms. Agee stated that they would ask him if they needed to.

Ms. Miller asked the Chair for a minute to explain that since the staff had found out that there is no house on the property anymore the request was no longer correct. She explained that there was case similar where they wanted to put a building on a lot without a house, so they asked for a Use Variance to allow for Use 23 Warehousing and Wholesaling to permit storage. Another component of this that is different is that of the outdoor storage of vehicles. The case today does not seem to reflect what they really need.

Mr. Hutchinson stated that need to be revised and readvertised.
Ms. Miller stated that they will need to come back into the office, and we will need to re-
notice and just pay the notification fee. We will need to run it back through. It will need a
month’s continuance to run all the new notices through again and figure out what that
request really needs to be.

Mr. Hutchinson stated that with the zoning that is currently on the property, you must
have a house there.

Ms. Miller stated that they needed a Use Variance for both of those component; the
warehouse component and somehow the storage for the vehicles outside the
warehouse.

Mr. Hutchinson stated that he also recommended was that the applicant meet with the
neighbors, and we do not want a commercial use on a residential property.

**Board Action:**

On **MOTION** of **HUTCHINSON**, the Board voted 4-0-0 (Dunkerley, Hicks, Hutchinson,
Tisdale all “ayes”, no “nays”, no “abstentions”, Charney “absent”) for a **CONTINUANCE**
of **Variance** to permit a detached accessory building in the RS district to be greater than
750 sf of floor area (Section 240.2.E) until August 16, 2022, for the following property:

**Action Requested:** Variance to permit a detached accessory building in the RS district to be greater than 750 sf of floor area (Section 240.2.E), Use Variance to allow Use Unit 23 in an RS district to permit outdoor storage (Section 410), a Variance from the all-weather parking surface requirement (Section 1340.D)

**Location:** 5723 S 35th West Ave

**Presentation:**
Brian Brady, 5723 South 35th West Avenue, Tulsa, Oklahoma, stated that he had bought this property for his own personal use and not commercial use.

Mr. Hicks asked about the neighbor that had been parking his semi-truck in front of the property. Mr. Brady stated that the owner parks it there when he is in town and has been for many years.
Mr. Hicks asked about the two access points into the property. One goes into a residential area, and one is off West 33rd Street. Mr. Brady stated that he has gated off the access into the residential area and will only use the one-off West 33rd Street.

**Interested Parties:**
**John Petherick**, 3618 South Hudson, Tulsa, Oklahoma, 74136, stated that he was concerned about is the cross section of 35th West Avenue and 57th West Street. The residential street is not built to hold heavy traffic and if he is coming off West 33rd that will have the ability to handle the heavier trucks.

**Bonnie Reagle**, 3333 W. 57th Street, Tulsa, Oklahoma, 74107, stated that she understood that they had thirty days to clean up the property and there are more trucks and cars there. She stated that she does not want it changed from residential to commercial.

**Rebuttal:**
Mr. Brady stated that he does enter on West 33rd Street. This is for storage use of his personal vehicles only. Nothing is changing from the past decade.

**Comments and Questions:**
Mr. Hicks stated that he was okay with this case, and he felt like the neighbors’ concerns have been addressed. Mr. Brady had agreed to close off the gate to the residential street.

Mr. Dunkerley stated that he agreed that there was a better understanding between the neighbors’ and Mr. Brady now.

Mr. Hutchinson agreed with the other board members.

**Board Action:**
On **MOTION** of HICKS, the Board voted 3-0-0 (Dunkerley, Hicks, Hutchinson all “ayes”, no “nays”, no “abstentions”, Charney and Tisdale “absent”) to **APPROVE** a Variance to permit a detached accessory building in the RS district to be greater than 750 sf of floor area (Section 240.2.E), per the Conceptual Plan shown in the agenda packet along with the information received from the applicant today subject to the following conditions related to the building and only storage of personal property not for business use or commercial use finding the hardship to be that the property has used in this fashion for many years. He is putting in a larger building, but it is for his personal use.

Finding by reason of extraordinary or exceptional conditions or circumstances, which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial
detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan; for the following property listed below.

On MOTION of HICKS, the Board voted 3-0-0 (Dunkerley, Hicks, Hutchinson all "ayes", no "nays", no "abstentions", Charney and Tisdale "absent") to APPROVE a Variance to Use Variance to allow Use Unit 23 in an RS district to permit outdoor storage (Section 410), per the Conceptual Plan shown in the agenda packet along with the information received from the applicant today subject to the following conditions related to the building and only storage of personal property not for business use or commercial use, and that the entrance of drive that comes in through the residential street be closed off and will not be rented out to other individuals finding the hardship to be that the property has used in this fashion for many years.
