Mr. Hutchinson explained to the applicants and interested parties that there were only four board members present at this meeting. If an applicant or an interested party would like to postpone his or her hearing until the next meeting he or she could do so. If the applicant wanted to proceed with the hearing today it would be necessary for him to receive an affirmative vote from three board members to constitute a majority and if two board members voted no today the application fails. Mr. Hutchinson asked if anyone would like to continue their case and if they understood. Everybody nodded in understanding and no one requested a continuance.

Board Action:
On MOTION of CRALL, the Board voted 4-0-0 (Crall, Hutchinson, Johnston, Tisdale “aye”; no “nays”; no “abstentions”; Charney “absent”) to APPROVE the request for a Variance of the minimum lot area and land area per dwelling unit in the AG District (Section 330) to permit two dwelling units on one lot of record (Section 208), subject to conceptual plan 2.9 of the agenda packet. The Board has found the hardship to be the shape of the property can easily handle both dwellings with two separate septic systems, and it does not deter from the aesthetics of the surrounding properties. Finding by reason of extraordinary or exceptional conditions or circumstances, which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or
circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan; for the following property:

LT 1 BLK 1, PRATTVILLE INDUSTRIAL PARK SOUTH, OF TULSA COUNTY, STATE OF OKLAHOMA
