NEW APPLICATIONS
2943 - Chris Lierly

**Action Requested:** Variance to permit a detached accessory building to exceed 750 square feet in the RS district. (Section 240)

**LOCATION:** 1315 South 217th Avenue West

**Presentation:**
Chris Lierly, 1315 S 217th W Ave, Sand Springs, stated that he is proposing to build an accessory building with a workout area and workshop. The building will be a 960 square foot enclosed one-story steel building with 10ft walls. Upon questioning, the applicant noted there is another building on the property, but it will be removed. The applicant also noted the accessory building is for personal use, not commercial use.

Mr. Charney noted on record that the tract size is 0.33 acres.

**Interested Parties:**
None.

**Board Action:**
On **MOTION** of Hutchinson, the Board voted 4-0-0 (Charney, Dunkerley, Hicks, “aye”; no “nays”; Hutchinson, “aye” “abstentions”; Tisdale “absent”) to **APPROVE** the request for a **Variance** to permit a detached accessory building to exceed 750 square feet in the RS district (Section 240) per the conceptual plan (page 1.4 of the agenda packet), subject to the following condition: the accessory building is to be used for personal use and not commercial use. The Board has found the hardship to be the large track of land. The Board finds that by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan; for the following property:

**LT 6 BLK 5, CANDLESTICK BEACH, Tulsa County, State of Oklahoma**
2944 - Justin Liekhus

Action Requested:
Variance to permit a detached accessory building to exceed 750 square feet in the RS district. (Section 240); Variance to allow a detached accessory building to be located in the side yard in an RS district. (Section 420.2.A-2)

LOCATION: 7111 West 35th Street South

Presentation:
Ron Lawson, 7111 W 35th St South, Tulsa, stated that he is the property owner and he has requested this variance to build a multi-vehicle garage that is approximately 1050 sq ft. The garage will be used to store a large truck, SUV and larger lawn equipment. The property is 2.31 acres and the location of the garage will be on the west side of the house because it is the flattest part of the land and he is able to build a driveway down to the structure. The garage will be built from brick veneer, have a hipped roof, and have an architectural feature in the front that will mirror the front of the house.

Mr. Lawson has spoken to the neighbor closest to where the garage will be built, Ms. Keifer. She asked about the noise level of the construction on the project because she works from home. Mr. Lawson gave Ms. Keifer his number so they can communicate any issues that may arise during the project. He also stated that he was given an 8 week construction time on the project that should be completed early- to mid-spring.

Mr. Charney stated that when an applicant is seeking a variance to build a slightly larger structure and to locate it in the side yard, it is important to the Board how it could affect the neighbors it could be important to them that they are respectful of the neighbor’s concerns and that if it is granted, the applicant will be extra careful by possibly staging construction on the other side of the house and to be mindful of the hours they are working. Mr. Lawson agreed to those expectations.

Mr. Hutchinson asked what type of material will be used for the new driveway. Mr. Lawson explained it would be concrete and that there is circle drive in front of the house that will go down to the new garage with an area at the bottom for vehicles to turn around.

Mr. Hicks noted there is a wetland drainage area and questioned if it would be disturbed. Mr. Lawson stated that it would not be disturbed and noted that the drainage from the new garage would also need to spill into that area. There will be gutters and drainage from the garage that will feed into that wetland drainage area.

Mr. Hutchinson asked why he prefers the specific area to build the garage. Mr. Lawson stated that he has a pool and koi pond in the back of the lot. He also noted that it is more convenient to be on that side of the house and if he moves it more towards the back of the property, he is encroaching on the natural wooded area of the lot.

Interested Parties:
None.
**Board Action:**
On **MOTION** of Hicks, the Board voted 4-0-0 (Charney, Dunkerley, Hicks, Hutchinson, “aye”; no “nays”; no “abstentions”; none “absent”) to **APPROVE** the request for a Variance to permit a detached accessory building to exceed 750 square feet in the RS district (Section 240), per the conceptual plan (page 2.16 of the agenda packet), finding the hardship is the size of the lot; **APPROVE** the request for a Variance to allow a detached accessory building to be located in the side yard in an RS district (Section 420.2.A-2) with the following conditions: the construction will be staged on the other side of the home to mitigate noise as much as possible. The Board finds the hardship to be the contour of the property and acknowledged the side lot is the best area for the building per conceptual plan 2.16 of the agenda packet. The Board finds by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan; for the following property:
