

Tulsa Global District is recruiting sponsors to support a public art mural project that will install four murals within the Tulsa Global District. Home to a rapidly growing immigrant community and vibrant small business community, the Global District is an important part of the cultural fabric of Tulsa. These murals will highlight this diversity and cultural significance, while also creating a place for community members to have pride in.

### Program Objective

This project will use public art to create vibrant places and attractive destinations while highlighting the unique cultural diversity of the Tulsa Global District.

### Locations

The murals will be located in high visibility areas within the Global District (commercial area at E 21st St & S Garnett Rd).

### Selection of Artists and Design

Artists will be selected through an RFQ and RFP process by a Review Committee. There will be specific emphasis on artists of color and artists with connections and/or experience to the cultural diversity of the Global District.

### Anticipated Sponsorship Benefits

- Mural will be viewed by over 1,000 people per week
- Social media influence
- Organization recognized as a supporter of the East Tulsa community
- Opportunity to meet and engage with local business owners and community members
