Lot-Split and Waiver of Subdivision Regulations

May 17, 2017

LS-21000

Mary L. Williams Revocable Trust, (7320) (AG) (County)

Location: Northwest Corner of East 161st Street South & South Harvard Avenue

The Lot-Split proposal is to split an existing AG (Agriculture) tract into three tracts. Tract 1 and Tract 2 will meet the Bulk and Area requirements of the Tulsa County Zoning Code. Tract 3 will meet the Bulk and Area requirements with the concurrent lot-combination application (LC-898).

The Technical Advisory Committee met on May 4, 2017 and had the following comment. The County Engineer requests a Right-of-Way dedication to total 50' along East 161st Street South and South Harvard Avenue.

The proposed lot-split would not have an adverse affect on the surrounding properties and staff recommends **APPROVAL** of the lot-split and the waiver of the Subdivision Regulations that no lot have more than three side lot lines.

PLAT WAIVER

Z-7379 – (CD 9)

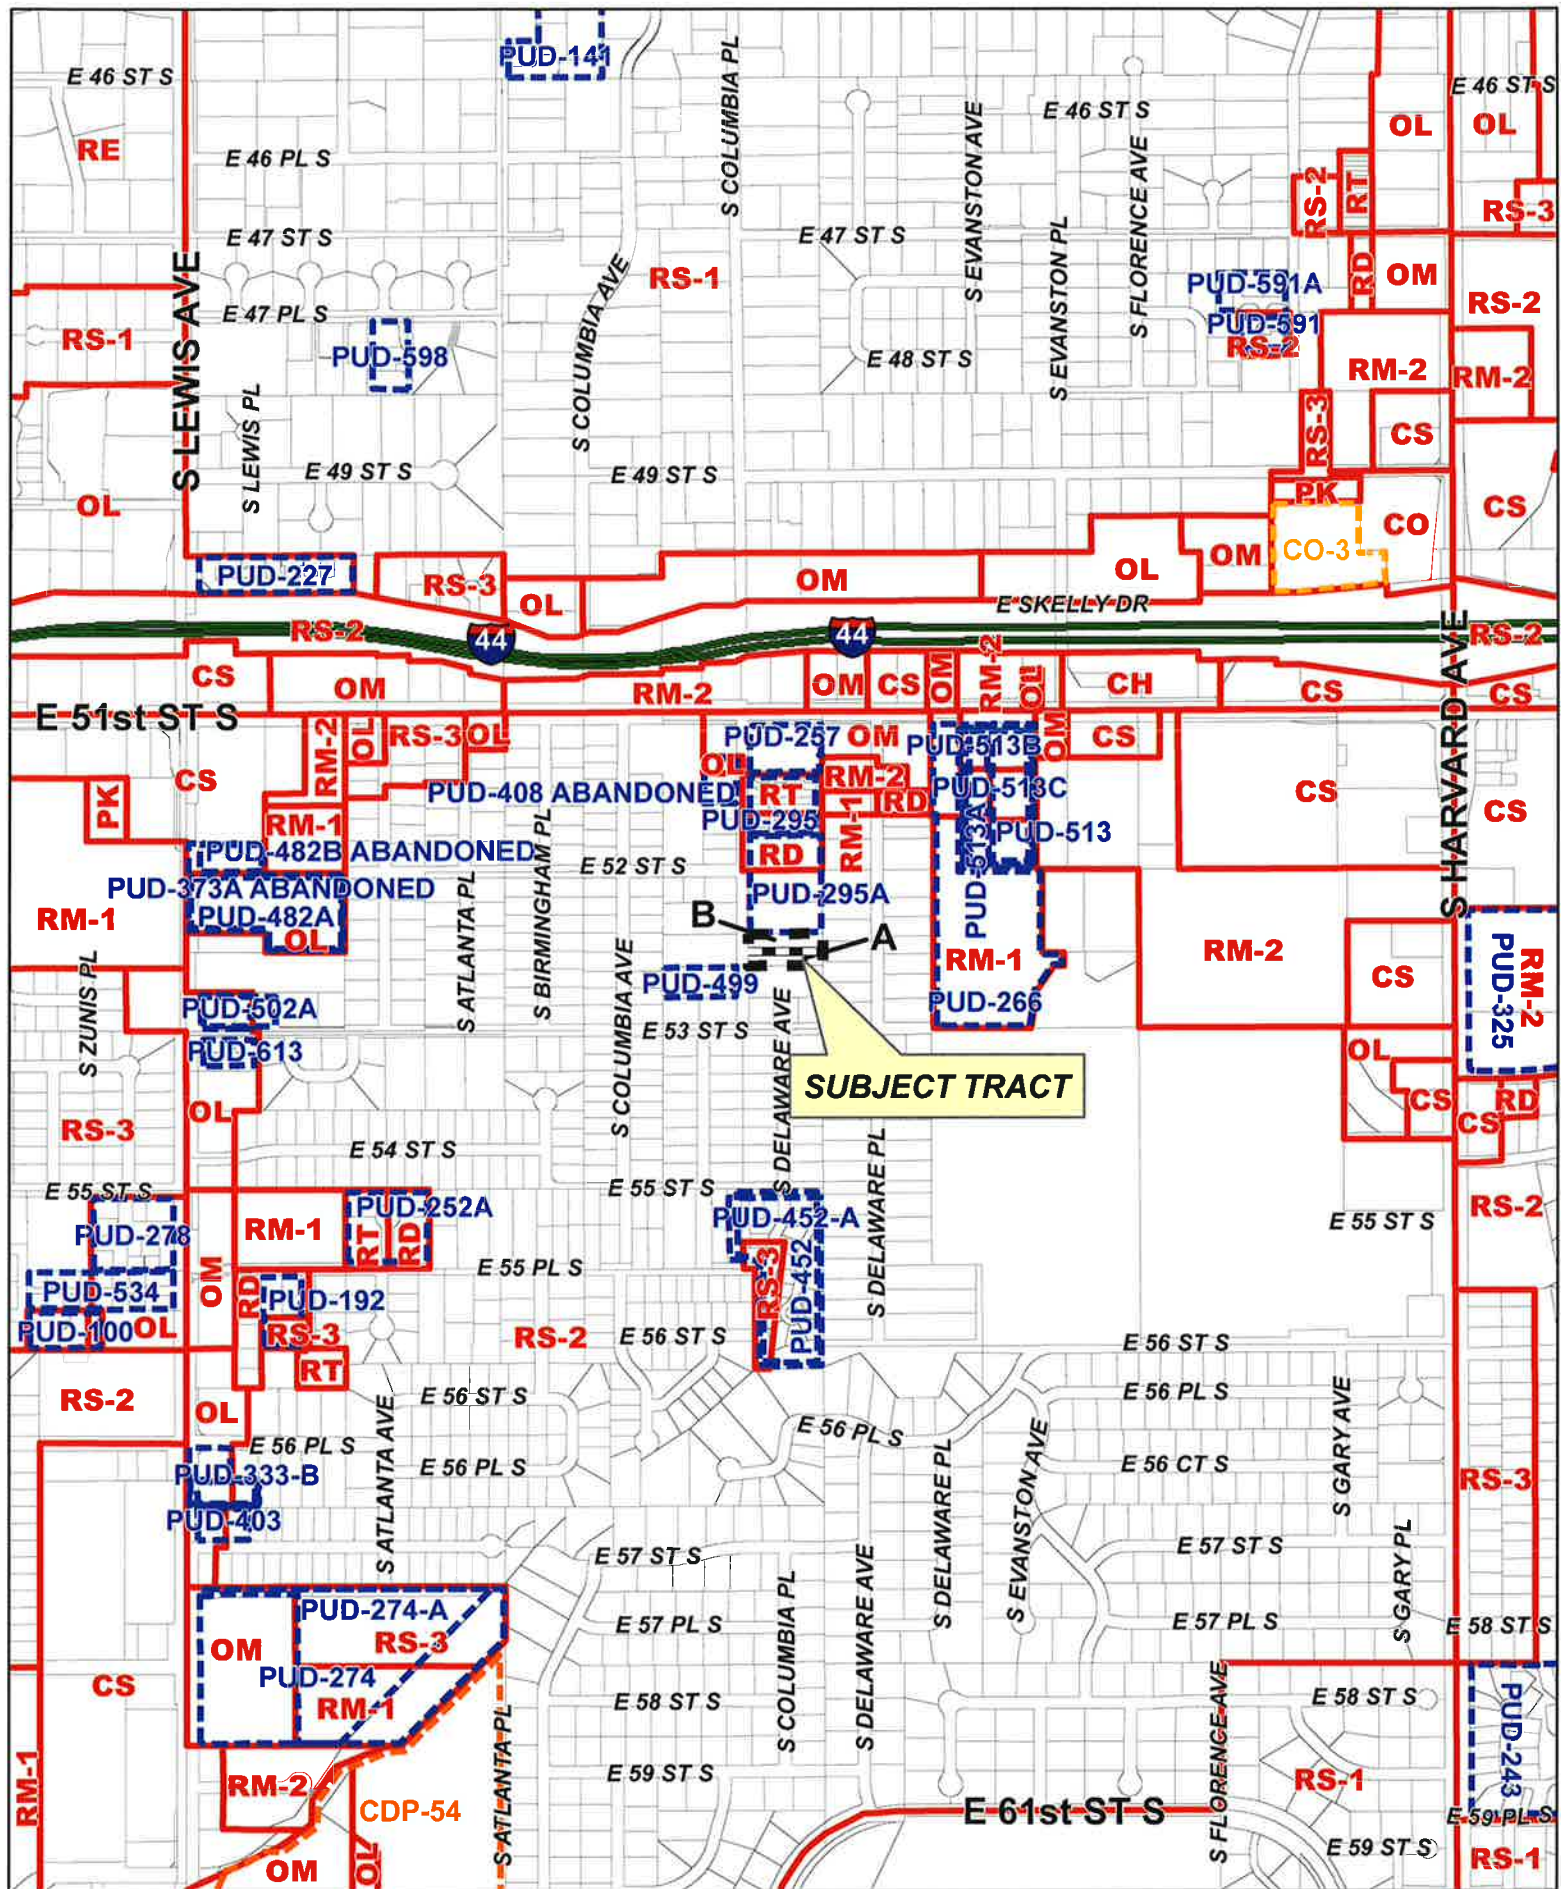

South of the southeast corner of East 51st Street South and South Columbia Place

The platting requirement for this property is being triggered by a rezoning approval (Z-7379) on May 4, 2017 from RS-2 to RS-3. The applicant intends to divide a single residential lot into two lots to accommodate two dwelling units. The property was previously platted as part of the Bethel Union Heights subdivision.

The Technical Advisory Committee met on May 4, 2017 and the following items were determined:

1. All required right-of-way has been dedicated and is in place.
2. Necessary easements and utilities are all in place and no additional easements will be needed at this time.
3. A lot split application (LS-20995) has been filed and reviewed for compliance with the bulk and area requirements of the City of Tulsa Zoning Code.

Staff recommends **approval** of the plat waiver.

Re: 17009 - Ruhl - Newfield: Rezoning/Lot Split/Plat Waiver -

Dear Nathan:

Yesterday, the TMAPC recommended approval of rezoning from RS-2 to RS-3, which is intended to allow for Lot-Split to create two (2) tracts for single-family homes. We are also submitting today the Lot-Split application.

Transmitted herewith are the following:

One (1) Plat Waiver application;
One (1) exhibit set (survey and legal description), signed and sealed; and
One (1) check for \$250 for application fee.

We understand that this and/or the Lot-Split application may not be placed on a TMAPC agenda until after the City Council has approved the rezoning. Please let us know when this will be scheduled for TMAPC.

Please let us know if any additional documentation is needed in order to process this application.
Thanks!

NOTE: THIS FORM ACCOMPANIES PLAT WAIVER APPLICATIONS ONLY, NOT USED FOR ACCELERATED RELEASE REQUESTS.

TMAPC POLICY ON PLAT WAIVERS:

(This form is to be completed by applicant.)

It shall be the policy of the Tulsa Metropolitan Area Planning Commission that all requests for plat waivers shall be evaluated by the staff and by the Technical Advisory Committee based on the following list. After such evaluation, TMAPC Staff shall make a recommendation to the TMAPC as to the merits of the plat waiver request accompanied by the answers to these questions:

A YES answer to the following 3 questions would generally be FAVORABLE to a plat waiver:

- | | YES | NO |
|--|-------------------------------------|-------------------------------------|
| 1) Has property previously been platted? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 2) Are there restrictive covenants contained in a previously filed plat? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 3) Is property adequately described by surrounding platted properties or street R/W? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

A YES answer to the remaining questions would generally NOT be favorable to a plat waiver:

- | | | |
|--|--------------------------|-------------------------------------|
| 4) Is right-of-way dedication required to comply with Major Street and Highway Plan? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5) Will any restrictive covenants be filed by separate instrument? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6) Infrastructure requirements | | |
| a) Water | | |
| i) Is a main line water extension required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| ii) Is an internal system or fire line required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iii) Are additional easements required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b) Sanitary Sewer | | |
| i) Is a main line extension required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| ii) Is an internal system required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iii) Are additional easements required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c) Storm Sewer | | |
| i) Is a P.F.P.I. required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| ii) Is an Overland Drainage Easement required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iii) Is on-site detention required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iv) Are additional easements required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 7) Floodplain | | |
| a) Does the property contain a City of Tulsa (Regulatory) Floodplain? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b) Does the property contain a F.E.M.A. (Federal) Floodplain? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 8) Change of Access | | |
| a) Are revisions to existing access locations necessary? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 9) Is the property in a P.U.D.? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| a) If yes, was plat recorded for the original P.U.D.? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 10) Is this a Major Amendment to a P.U.D.? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| a) If yes, does the amendment make changes to the proposed physical development of the P.U.D.? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

NOTE:

If, after consideration of the above criteria, a plat waiver is granted on *unplatted* properties, a current ALTA/ACSM/NSPS Land Title Survey (and as subsequently revised) shall be required. Said survey shall be prepared in a recordable format and filed at the County Clerk's office by the applicant.

A person knowledgeable of the application and the property must attend the meetings to represent the application.

PLATTING REQUIREMENTS:

For any land which has been rezoned upon application of a private party, no building permit or zoning clearance permit may be issued until that portion of the tract on which the permit is sought has been included within a subdivision plat or replat, as the case may be, submitted to and approved by the Planning Commission, and filed of record in the office of the County Clerk where the property is situated. Provided that the Planning Commission, pursuant to their exclusive jurisdiction over subdivision plats, may waive the platting requirement upon a determination that the above stated purposes have been achieved by previous platting or could not be achieved by a plat or replat.

If your application is approved, you will need additional permits.

Contact the Permit Center at 596-9601 if your tract is in the City of Tulsa or

Tulsa County Building Inspector's Office at 596-5296 if in unincorporated Tulsa County.

PLAT WAIVER

Z-6860 – (CD 1)

East of the northeast corner of East Apache Street North and North Birmingham Avenue

The platting requirement for this property is being triggered by a rezoning approval given in July of 2002. The property was rezoned from a CS designation to an IL designation. The applicant is seeking to continue using the property for used car sales and was met with a platting requirement while seeking a new Certificate of Occupancy. The property was previously platted under the Ben C. Franklin addition plat.

The Technical Advisory Committee met on May 4, 2017 and the following items were determined:

1. All required right-of-way has been dedicated and is in place.
2. Necessary easements and utilities are all in place and no additional easements will be needed at this time.
3. The proposed use of the property is a continuance of an existing use within existing buildings that will require no additional building or construction permits.
4. The property currently consists of two separate lots that will require a lot combination if they are both being used for the proposed car lot.

Staff recommends **approval** of the plat waiver.

NOTE: THIS FORM ACCOMPANIES PLAT WAIVER APPLICATIONS ONLY, NOT USED FOR ACCELERATED RELEASE REQUESTS.

TMAPC POLICY ON PLAT WAIVERS:

(This form will be completed by staff from information provided by the Technical Advisory Committee.)

It shall be the policy of the Tulsa Metropolitan Area Planning Commission that all requests for plat waivers shall be evaluated by the staff and by the Technical Advisory Committee based on the following list. After such evaluation, TMAPC Staff shall make a recommendation to the TMAPC as to the merits of the plat waiver request accompanied by the answers to these questions:

A YES answer to the following 3 questions would generally be FAVORABLE to a plat waiver:

- | | YES | NO |
|--|-------------------------------------|-------------------------------------|
| 1) Has property previously been platted? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 2) Are there restrictive covenants contained in a previously filed plat? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 3) Is property adequately described by surrounding platted properties or street R/W? | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

A YES answer to the remaining questions would generally NOT be favorable to a plat waiver:

- | | | |
|--|--------------------------|-------------------------------------|
| 4) Is right-of-way dedication required to comply with Major Street and Highway Plan? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 5) Will any restrictive covenants be filed by separate instrument? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 6) Infrastructure requirements | | |
| a) Water | | |
| i) Is a main line water extension required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| ii) Is an internal system or fire line required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iii) Are additional easements required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b) Sanitary Sewer | | |
| i) Is a main line extension required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| ii) Is an internal system required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iii) Are additional easements required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c) Storm Sewer | | |
| i) Is a P.F.P.I. required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| ii) Is an Overland Drainage Easement required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iii) Is on-site detention required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| iv) Are additional easements required? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 7) Floodplain | | |
| a) Does the property contain a City of Tulsa (Regulatory) Floodplain? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b) Does the property contain a F.E.M.A. (Federal) Floodplain? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 8) Change of Access | | |
| a) Are revisions to existing access locations necessary? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 9) Is the property in a P.U.D.? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| a) If yes, was plat recorded for the original P.U.D.? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| 10) Is this a Major Amendment to a P.U.D.? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| a) If yes, does the amendment make changes to the proposed physical development of the P.U.D.? | <input type="checkbox"/> | <input type="checkbox"/> |

NOTE:

If, after consideration of the above criteria, a plat waiver is granted on *unplatted* properties, a current ALTA/ACSM/NSPS Land Title Survey (and as subsequently revised) shall be required. Said survey shall be prepared in a recordable format and filed at the County Clerk's office by the applicant.

PLAT WAIVER

CBOA-2632 – (County)

South of the southeast corner of West 6th Street South and South 65th West Avenue

The platting requirement for this property is being triggered by a special exception approval by the Tulsa County Board of Adjustment to permit a temporary fireworks stand (Use Unit 2). The property was platted under the Partridge Subdivision plat and there is currently no plan for new construction on the property.

The Technical Advisory Committee met on May 4, 2017 and the following items were determined:

1. All required right-of-way has been dedicated and is in place.
2. Necessary easements and utilities are all in place and no additional easements will be needed at this time.
3. The proposed use of the property is temporary and will not require any new building or construction permits on the property.

Staff recommends **approval** of the plat waiver.

DETAILED STAFF RECOMMENDATION:

RM-O zoning is consistent with the infill development pattern expected in the Existing Neighborhood land use designation of the Comprehensive Plan and,

RM-O zoning is consistent with the anticipated future redevelopment of this block and,

RM-O is considered non injurious to the proximate properties therefore,

Staff recommends Approval of Z-7387 to rezone property from RS-3 to RM-0.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: The subject lot is located within an Existing Neighborhood Land Use and designated as an Area of Stability.

Land Use Vision:

Land Use Plan map designation: Existing Neighborhood

The Existing Neighborhood category is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

Areas of Stability and Growth designation: Area of Stability

The Areas of Stability include approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality

of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

Applicant Proposal:

Present Use: Vacant

Proposed Use: Multifamily use

Concept summary:

- 1) Align RM-2 zoning boundary with property ownership,
- 2) Increase the land area for multifamily residential uses which will also increase the number of allowable dwelling units,
- 3) Decrease the size of the commercial corner.

Tract Size: 12.9 ± acres

SECTION I: Z-7388

DEVELOPMENT CONCEPT: The applicant has identified the site as a potential development opportunity for a multi-family development and has requested a zoning map revision to remove some of the existing CS and RM-0 and rezone to RM-2.

The rezoning request will reduce the CS zoned property from approximately 9.5 acres to approximately 2.9 acres.

In Summary:

- 1) RM-2 zoning requires 1100 square feet of lot area for each dwelling unit or up to 510 dwelling units. Please note that this is a theoretical calculation and is unlikely because of storm water detention areas, street right of way dedication and parking requirements.
- 2) RM-O zoning requires 2900 square feet of lot area for each dwelling unit or up to 193 dwelling units. Please note that this is a theoretical calculation and is unlikely because of storm water detention areas, street right of way dedication and parking requirements.
- 3) Both RM-2 and RM-O zoning districts are limited with a maximum building height of 35 feet.
- 4) Both RM-2 and RM-O zoning have the same building setbacks.

DETAILED STAFF RECOMMENDATION:

RM-2 zoning is consistent with the Neighborhood Center and New Neighborhood land use designations in the comprehensive plan and,

RM-2 zoning is consistent with the expected development pattern and,

RM-2 zoning is considered non injurious to the proximate properties therefore,

Staff recommends Approval of Z-7388 to rezone property from RM-0/ CS to RM-2.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: RM-2 zoning is consistent with the land use designation identified in the Comprehensive Plan.

Land Use Vision:

Land Use Plan map designation: Neighborhood Center/ New Neighborhood

Neighborhood Centers are small-scale, one to three story mixed-use areas intended to serve nearby neighborhoods with retail, dining, and services. They can include apartments, condominiums, and townhouses, with small lot single family homes at the edges. These are

26.2

pedestrian-oriented places served by transit, and visitors who drive can park once and walk to number of destinations.

The New Neighborhood is intended for new communities developed on vacant land. These neighborhoods are comprised primarily of single-family homes on a range of lot sizes, but can include townhouses and low-rise apartments or condominiums. These areas should be designed to meet high standards of internal and external connectivity, and shall be paired with an existing or new Neighborhood or Town Center.

Areas of Stability and Growth designation: Area of Growth

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

Areas of Growth are found throughout Tulsa. These areas have many different characteristics but some of the more common traits are close proximity to or abutting an arterial street, major employment and industrial areas, or areas of the city with an abundance of vacant land. Also, several of the Areas of Growth are in or near downtown. Areas of Growth provide Tulsa with the opportunity to focus growth in a way that benefits the City as a whole. Development in these areas will provide housing choice and excellent access to efficient forms of transportation including walking, biking, transit, and the automobile.

DETAILED STAFF RECOMMENDATION:

CS zoning is consistent with the development pattern expected in the Town Center and Regional land use designation of the Comprehensive Plan and,

CS zoning is consistent with the West Highlands Small Area Plan

CS zoning is consistent with the anticipated future development of the proximate properties and,

CS is considered non injurious to the proximate properties therefore,

Staff recommends Approval of Z-7389 to rezone property from RS-3 to CS.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: The permitted land uses that are identified in CS zoning district are consistent with the land use map in both the West Highlands Small Area Plan and the Tulsa Comprehensive Plan. Design standards and goals suggested in the West Highlands Small Area Plan are not included in the CS zoning category.

Land Use Vision:

Land Use Plan map designation: Regional Center, Town Center

Regional Centers are mid-rise mixed-use areas for large-scale employment, retail, and civic or educational uses. These areas attract workers and visitors from around the region and are key transit hubs; station areas can include housing, retail, entertainment, and other amenities. Automobile parking is provided on-street and in shared lots. Most Regional Centers include a parking management district.

Town Centers are medium-scale, one to five story mixed-use areas intended to serve a larger area of neighborhoods than Neighborhood Centers, with retail, dining, and services and employment. They can include apartments, condominiums, and townhouses with small lot single family homes at the edges. A Town Center also may contain offices that employ nearby residents. Town centers also

serve as the main transit hub for surrounding neighborhoods, and can include plazas and squares for markets and events. These are pedestrian-oriented centers designed so visitors can park once and walk to number of destinations.

Areas of Stability and Growth designation: Area of Growth

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. SECTION I: Z-7390

DEVELOPMENT CONCEPT:

The applicant has requested a requested rezoning to construct a multifamily development on an underutilized tract of land west of the Eastgate Metroplex near 21st at 145th East Avenue. The site when originally defined was surrounded by street right of way however the street infrastructure was never constructed. Some of the right of way has been vacated and only a portion of the street on the south boundary was ever constructed. A public street is expected to be part of the development requirements along the south boundary of the rezoning request.

DETAILED STAFF RECOMMENDATION:

RM-1 zoning is consistent with the Existing Neighborhood and the Area of Growth land use designations identified in the Tulsa Comprehensive Plan and,

RM-1 zoning is considered non-injurious to the surrounding property and

RM-1 zoning is consistent with the expected development pattern in the area and,

The property has never been platted however some street right of way has been dedicated without complete street improvements. Development of this tract will improve the existing substandard street infrastructure providing desired connectivity defined in the comprehensive plan therefore,

Staff recommends Approval of Z-7390 to rezone property from RD/ to RM-1.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: This site is not part of a single family neighborhood and was previously zoned for duplex development that was never constructed. The Area of Growth indicates an area where new development was expected. This area is an opportunity for an infill product that will provide improvements to the sidewalk and street network.

Land Use Vision:

Land Use Plan map designation: Existing Neighborhood

"The New Neighborhood residential building block is comprised of a plan category by the same name. It is intended for new communities developed on vacant land. These neighborhoods are comprised primarily of single-family homes on a range of lot sizes, but can include townhouses and low-rise apartments or condominiums. These areas should be designed to meet high standards of internal and external connectivity, and shall be paired with an existing or New Neighborhood or Town Center."

SECTION I: Z-7391

DEVELOPMENT CONCEPT: The existing building is will be occupied by an Enviornmental Lab that provides testing lab services. Part of their business provides training for environmental services. The building permit office has classified that part of their business as a trade school. Trade schools are not allowed in the existing OL designation. The applicant contents that CS zoning is consistent with the Town Center land use designation identified in the Tulsa Comprehensive Plan and also supports the current desired use.

DETAILED STAFF RECOMMENDATION:

CS zoning is consistent with the Town Center land use designation of the Tulsa Comprehensive Plan and,

CS zoning is compatible with the existing land use and zoning pattern along the East 51st street and,

CS zoning is not considered injurious to the proximate properties, therefore

Staff recommends Approval of Z-7391 to rezone property from OL to CS.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: Town Center land use designation supports a wide variety of uses that are consistent with permitted uses in a CS zoning district.

Land Use Vision:

Land Use Plan map designation: Town Center

Town Centers are medium-scale, one to five story mixed-use areas intended to serve a larger area of neighborhoods than Neighborhood Centers, with retail, dining, and services and employment. They can include apartments, condominiums, and townhouses with small lot single family homes at the edges. A Town Center also may contain offices that employ nearby residents. Town centers also serve as the main transit hub for surrounding neighborhoods, and can include plazas and squares for markets and events. These are pedestrian-oriented centers designed so visitors can park once and walk to number of destinations.

Areas of Stability and Growth designation: Area of Growth

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

Areas of Growth are found throughout Tulsa. These areas have many different characteristics but some of the more common traits are close proximity to or abutting an arterial street, major employment and industrial areas, or areas of the city with an abundance of vacant land. Also, several of the Areas of Growth are in or near downtown. Areas of Growth provide Tulsa with the opportunity to focus growth in a way that benefits the City as a whole. Development in these areas will provide housing choice and excellent access to efficient forms of transportation including walking, biking, transit, and the automobile."

SECTION III: Relevant Zoning History

ZONING ORDINANCE: Ordinance number 11823 dated June 26, 1970, established zoning for the subject property.

Subject Property:

BOA-6284 May 6, 1969: The Board of Adjustment **approved** a *Variance* to permit a sign 6' x 10' and 30' high in an OL district, on property located on the southwest corner of E. 51st St. and S. Oswego Ave. and also known the subject property.

BOA-6011 October 1, 1968: The Board of Adjustment **approved** a *Variance* of the lot coverage requirements to permit a one-story office building that will cover 25% of the lot area, on property located on the southwest corner of E. 51st St. and S. Oswego Ave. and also known the subject property.

Surrounding Property:

PUD-467-A/ Z-6310-SP-6 May 2016: All concurred in **approval** of a proposed *Major Amendment to PUD* on a .57± acre tract of land to add Off-premise Outdoor Advertising as an allowable use, on property located west of northwest corner of E. 51 St. S. and S. Pittsburgh Ave.

Z-6873 January 2003: All concurred in **approval** of a request for *rezoning* a 6000± square foot tract of land, from RS-3 to OL, for office use, on property located south of the southeast corner of East 51st Street and South Oswego Avenue, and abutting east of the subject property.

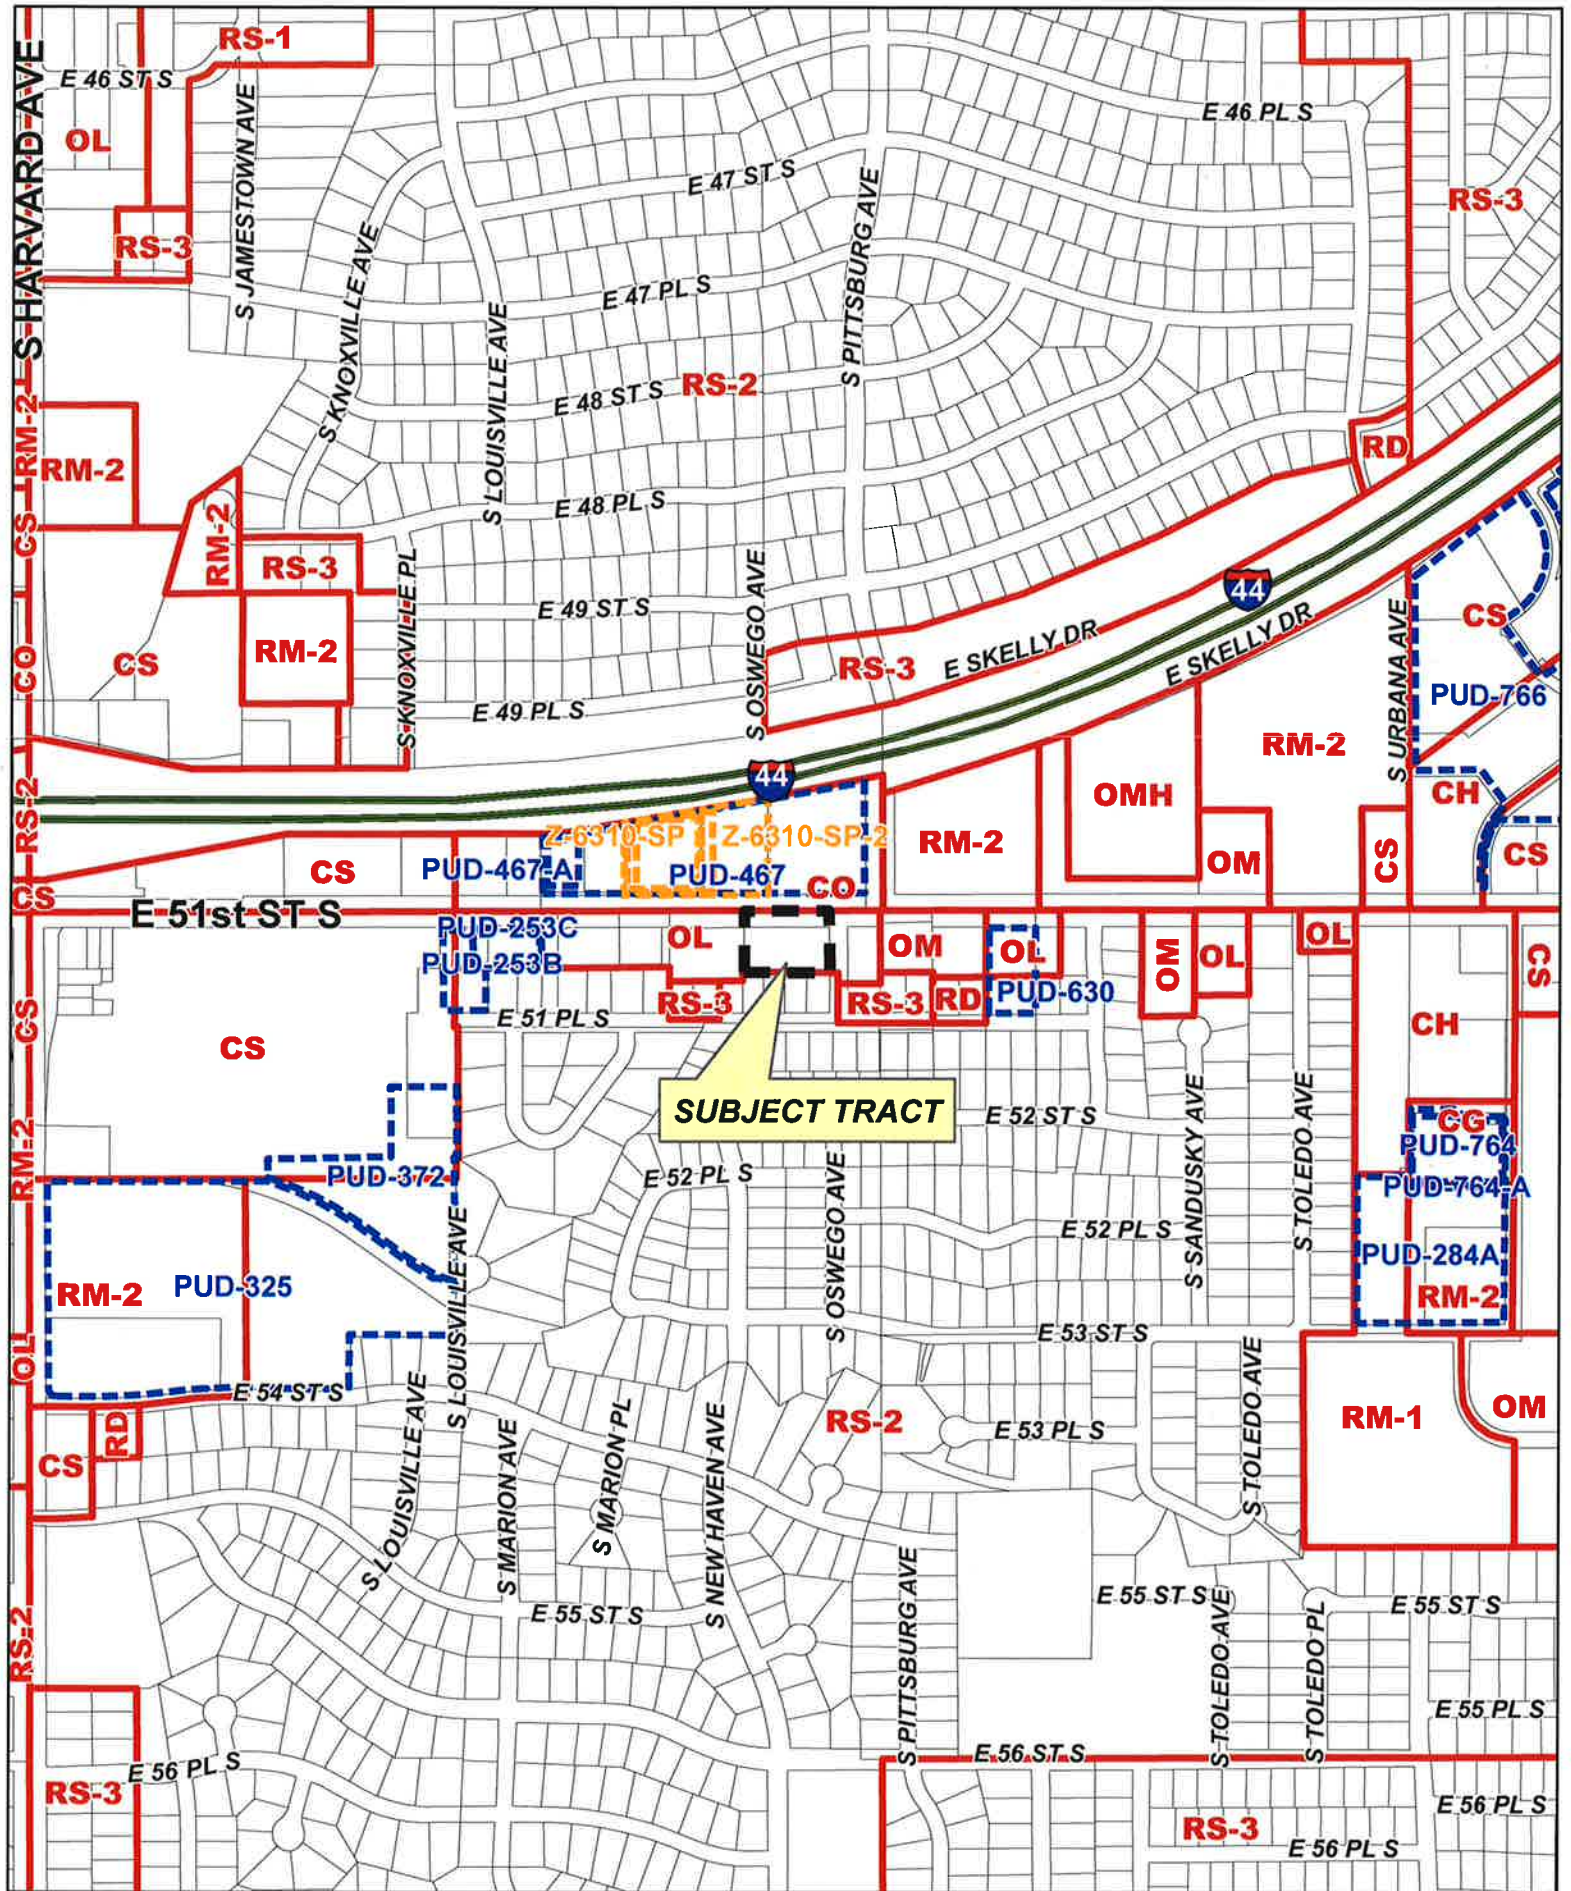

Z-6317 June 1991: All concurred in **approval** of a request for *rezoning* a tract of land from RS-3 to OL, on a lot located west of the southwest corner of East 51st Street and South Oswego Avenue and abutting west of the subject property.

SECTION I: Z-7392

DEVELOPMENT CONCEPT: The applicant is preparing documents for Jamestown Phase I, a single family residential subdivision. The majority of the plat is already zoned for RS-3 sized lots however the eastern portion of the plat was previously zoned RM-O to support multifamily residential development. At the time, RM-O zoning which was considered a buffer adjacent to future commercial zoned property adjacent to the southeast corner of the section. AG zoning remained at the southeast corner of the section. RM-O zoning allows single family residential development but a portion of the subdivision extended into the AG tract. It is desirable for all of the subdivision to be the same RS-3 zoning to eliminate confusion about allowable uses and development standards.

- Tulsa Comprehensive Plan Land Use Map
- Tulsa Comprehensive Plan Areas of Stability and Growth Map
- Applicant Exhibits:
 - Jamestown Phase I Preliminary Plat with zoning graphic
 - Proposed zoning exhibit
 - Existing zoning exhibit

DETAILED STAFF RECOMMENDATION:

Z-7392 is consistent with the New Neighborhood and Neighborhood Center land use designations of the Tulsa Comprehensive Plan and,

The permitted uses allowed by with RS-3 zoned property is consistent with the expected land use of the proximate properties and,

RS-3 zoned property is considered non injurious to the existing surrounding properties therefore,

Staff recommends Approval of Z-7392 to rezone property from AG/ RM-0 to RS-3.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: The east portion of the rezoning request is consistent with the Neighborhood Center. Jamestown Phase I preliminary plat illustrates small lots on the edges of the Center and provides a reserve for stormwater detention and street right of way where the neighborhood center is currently mapped. Drainage and wetlands considerations will complicate the ability to develop the Neighborhood Center vision at this location. The street and stormwater facility could potentially be an infrastructure asset for the benefit of any future Neighborhood Center development.

The single family residential development being proposed with RS-3 zoning is consistent with the new neighborhood vision that supports small lot residential development on the edges.

Land Use Vision:

30.2

Land Use Plan map designation: Neighborhood Center/ New Neighborhood

Neighborhood Center:

Neighborhood Centers are small-scale, one to three story mixed-use areas intended to serve nearby neighborhoods with retail, dining, and services. They can include apartments, condominiums, and townhouses, with small lot single family homes at the edges. These are pedestrian-oriented places served by transit, and visitors who drive can park once and walk to number of destinations.

New Neighborhood:

"The New Neighborhood residential building block is comprised of a plan category by the same name. It is intended for new communities developed on vacant land. These neighborhoods are comprised primarily of single-family homes on a range of lot sizes, but can include townhouses and low-rise apartments or condominiums. These areas should be designed to meet high standards of internal and external connectivity, and shall be paired with an existing or New Neighborhood or Town Center."

Areas of Stability and Growth designation: Area of Growth

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

Also, several of the Areas of Growth are in or near downtown. Areas of Growth provide Tulsa with the opportunity to focus growth in a way that benefits the City as a whole. Development in these areas will provide housing choice and excellent access to efficient forms of transportation including walking, biking, transit, and the automobile."

Transportation Vision:

Major Street and Highway Plan: East 41st Street is considered a secondary arterial street with a multi modal overlay. The multi modal overlay is partially identified in the Major Street and Highway Plan as follows:

Multi-modal streets emphasize plenty of travel choices such as pedestrian, bicycle and transit use. Multimodal streets are located in high intensity mixed-use commercial, retail and residential areas with substantial pedestrian activity. These streets are attractive for pedestrians and bicyclists because of landscaped medians and tree lawns. Multi-modal streets can have on-street parking and wide sidewalks depending on the type and intensity of adjacent commercial land uses. Transit dedicated lanes, bicycle lanes, landscaping and sidewalk width are higher priorities than the number of travel lanes on this type of street. To complete the street, frontages are required that address the street and provide comfortable and safe refuge for pedestrians while accommodating vehicles with efficient circulation and consolidated-shared parking.

Streets on the Transportation Vision that indicate a transit improvement should use the multi-modal street cross sections and priority elements during roadway planning and design.

Trail System Master Plan Considerations: None

Small Area Plan: None

Special District Considerations: None

Historic Preservation Overlay: None

DESCRIPTION OF EXISTING CONDITIONS:

Staff Summary: The property is heavily vegetated with grasses and small trees. Terrain within Z-7392 is generally sloping to the south with storm water drainage south. Aerial imagery does not illustrate evidence of any previous building construction.

Street View: Looking northwest from the southeast corner of the zoning request.

Environmental Considerations: None that affect site development for the area being rezoned by this application.

Subject: Zoning Change Z-7393 - Former Shadow Mountain Racquet Club

Mr. Brown –

I represent the developer that is requesting the rezoning of the old Shadow Mountain Racquet Club property. I have attached a copy of the application for your review in case you do not have it. Councilor America and I met this morning and I have been in contact with one of your neighbors, Jim Nogalski, about concerns about our proposal. I would like to meet with you and the board at some point in the very near future to discuss our development and the concerns of your neighbors. I would also like to have a full neighborhood meeting as well. Hopefully this will help us get everyone's concerns out in the open so that they can be addressed.

The rezoning request was originally on the agenda to be heard by the TMAPC on 5/17/17. In light of the concerns that we have heard, we have made a formal request that the hearing on this matter be moved to the **6/21/17 TMAPC agenda** so that we can have time to discuss this with you and your neighbors.

31.1

Please let me know if there is some time that I can sit down with representatives from your association to discuss.

Thanks,
Nathan
