Celebrating 50 Years of Service to the Tulsa Region

From: Nathan Cross [mailto:ncross@riggsabney.com]

Sent: Tuesday, July 11, 2017 3:26 PM

To: Wilkerson, Dwayne

Cc: William Briggs; Johnnie Morland

Subject: Z-7393 - Withdrawal of Application

Dwayne -

Clint met with the neighbors last night and changed his site plan a little. I think he's discussed it with you and we are going to have to pull our application and refile because he wants to revise his site to include part of that strip to the west that we were originally leaving as residential. We did not include that piece of land in the legal description of our application so it is my position that we will need to pull this application and refile to include this strip in our zoning case so that we properly notice everyone about all of the land included in the rezoning.

Please withdraw our application.

We will be refiling with a new site plan by the 7/27/17 cutoff.

Call me with questions.

Nathan

unit.

Entry Landscaping, Lighting and Signage:

Entry designs shall comply with Section 60.050 and 65 of the City of Tulsa Zoning Code, and meet any submittal and reviews

required.

Other uses:

RS-3 as established in Chapter 5 of the Tulsa Zoning Code including

Patio Houses.

A detailed Site Plan establishing the use, development standards and location of uses shall be approved by the TMAPC prior to the request of a clearing plan or building permit

All development standards established in PUD-221-F not amended by this proposal shall remain in effect.

VEHICULAR ACCESS AND CIRCULATION:

Ingress and egress to the development will be from E. 41st St South and S. 134th E. Avenue.

PEDESTRIAN ACCESS:

Sidewalks will be required for the neighborhood development. A sidewalk currently exists along S. 134th E. Ave. A sidewalk along E. 41st St South will be required. This area is identified in the GO Plan as having a sidewalk gap from S. 130th Pl to S. 181st E. Ave.

PLATTING REQUIRMENT:

Major amendments to the PUD require a plat or plat waiver

EXPECTED SCHEDULE OF DEVELOPMENT:

No building permit shall be issued until the platting requirements of Section 1107F of the Zoning Code have been satisfied or a plat waiver shall be approved by the TMAPC.

No zoning clearance permit shall be issued until a detail site plan for the lot, which includes all buildings, parking and landscaping areas, has been submitted to the TMAPC and approved as being in compliance with the approved PUD development standards.

DETAILED STAFF RECOMMENDATION:

The applicants proposal is consistent with the Tulsa Comprehensive Plan, and;

The applicant's proposal is consistent with the provisions of the PUD chapter of the Tulsa Zoning Code, and;

The PUD development standards are consistent with the anticipated growth and future uses in this area, and;

The development standards identified in this PUD are non-injurious to the existing proximate neighborhood, therefore;

Staff recommends Approval of PUD-221-I as outlined in Section I above.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

<u>Staff Summary</u>: The land use category for the proposed tract is Existing Neighborhood and an Area of Growth. The proposed use is compatible with the comprehensive plan designations.

Land Use Vision:

Land Use Plan map designation: Existing Neighborhood

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

Areas of Stability and Growth designation: Area of Growth

The purpose of an Area of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

REVISED 7/26/2017

Areas of Growth are found throughout Tulsa. These areas have many different characteristics but some of the more common traits are in close proximity to or abutting an arterial street, major employment and industrial areas, or areas of the city with an abundance of vacant land. Also, several of the Areas of Growth are in or near downtown. Areas of Growth provide Tulsa with the opportunity to focus growth in a way that benefits the City as a whole. Development in these areas will provide housing choice and excellent access to efficient forms of transportation including walking, biking, transit, and the automobile.

<u>Transportation Vision:</u>

Major Street and Highway Plan: East 41st Street South is designated as a Secondary Arterial.

Trail System Master Plan Considerations: The site is approximately 1 ½ miles west of the Mingo Trail. The Go Plan indicates a sidewalk gap in the vicinity with the entire 41st St. frontage being included.

Small Area Plan: None

Special District Considerations: None

Historic Preservation Overlay: None

DESCRIPTION OF EXISTING CONDITIONS:

<u>Staff Summary:</u> The site is currently vacant with no structures present.

<u>Environmental Considerations:</u> While this area is not identified to be within a floodplain, there is a stream which runs along the southern boundary which should be considered in the design of the development.

Streets:

Exist. Access	MSHP Design	MSHP R/W	Exist. # Lanes
East 41st Street	Secondary Arterial	100 ft	2
South 134 th East Avenue	None	50 ft	2

<u>Utilities:</u>

The subject tract has municipal water and sewer available.

Surrounding Properties:

Location	Existing Zoning	Existing Land Use Designation	Area of Stability or Growth	Existing Use
North	RS-3	Existing Neighborhood	Stability	Single-Family
South	RS-3/PUD-221-F	Park and Open Space	Stability	Stream / Natural Area
East	RS-3/PUD-221-F	Existing Neighborhood	Growth	Vacant
West	RD	Existing Neighborhood	Growth	Cell Tower

SECTION III: Relevant Zoning History

ZONING ORDINANCE: Ordinance number 19534 dated May 11, 1999 (PUD-221-F), 13313 dated November 14, 1974 (RS-3) established zoning for the subject property.

Subject Property:

<u>PUD-221-F May 1999:</u> All concurred in **approval** of a proposed *Major Amendment to PUD* on a 38± acre tract of land, to add church, school and accessory uses; to amend development standards and to reallocate floor area in development areas, on property located south and east of the southeast corner of East 41st Street and South 129th East Avenue, and also known as the subject property. The subject tract is located in Development Area H and is approved for institutional uses, churches and schools and 24 townhouses or patio homes.

<u>PUD-221-A December 1981:</u> All concurred in **approval** of a *Major Amendment to PUD* to convert the commercial portion of the CS floor area to multifamily purposes on a tract located on the southeast corner of East 41st Street South and South 129th East Avenue and also known as the subject property.

<u>PUD-221 October 1979:</u> All concurred in **approval** of a proposed *Planned Unit Development*, on a 160± acre tract of land, to develop for commercial, office, multifamily, single-family and industrial uses, in multiple Development Areas, subject to conditions, located at the southeast corner of East 41st Street and South 129th East Avenue and includes the subject tract.

<u>Z-4712 November 1974:</u> All concurred in **approval** of a request for *rezoning* a 160± acre tract of land from AG to 10 acres to CS; 15 acres to RM-1, 13 acres to RD and RS-3 on the remainder, on property located on the southeast corner of E. 41st St. and S. 129th E. Ave. and includes the subject property.

PLAT WAIVER

Z-7401 – (CD 3)

East of the northeast corner of East 46th Street North and North 129th East Avenue

The platting requirement for this property is being triggered by an approval to rezone the property from AG to IH. Per Section 70.080-B, the City of Tulsa Zoning Code requires platting of any property that has been rezoned to accommodate the intensification of land use possibilities typically associated with a zoning map change.

The Technical Advisory Committee met on June 15, 2017 and the following items were determined:

- 1. The property under application has never been platted.
- 2. There have been no plats filed on any adjacent property to the site.
- 3. Currently, the property under application has no access to a public street. To acquire access, the property would need to be combined with adjacent unplatted property or provided an access easement.
- 4. Water line extension will be required. The existing 24" concrete line cannot be tapped for service. A parallel 12" water main line will be required along the property frontage.
- 5. There is currently no sanitary sewer service on site.
- 6. Any new structure on-site will require the installation of fire hydrants compliant with International Fire Code 2015 coverage requirements.
- 7. 46th Street North is State Highway 266. Access limitations should be applied and will need Oklahoma Department of Transportation approval.

Due to the unplatted nature of the property, multiple infrastructure requirements, and the rezoning to IH, staff recommends the processing of a subdivision plat on the property and **denial** of the plat waiver request.

PLAT WAIVER

Z-7384 – (CD 2)

Southeast corner of East 67th Street South and South Peoria Avenue

The platting requirement for this property is being triggered by an approval to rezone roughly half of the property from OL to CS. Per Section 70.080-B, the City of Tulsa Zoning Code requires platting of any property that has been rezoned to accommodate the intensification of land use possibilities typically associated with a zoning map change.

The Technical Advisory Committee met on June 15, 2017 and the following items were determined:

- 1. The property was previously platted under the Keim Gardens Addition plat.
- 2. Adjacent property to the east and south has been platted.
- 3. Right-of-way dedications for South Peoria Avenue and East 67th Street have all been made.
- 4. Water service is available on site through existing 8" waterline.
- 5. Sanitary sewer is being extended to site and will require an additional easement. Easement will be obtained through IDP process.

Staff recommends approval of the plat waiver.

<u>Case</u>: Northstar Estates

<u>Hearing Date</u>: August 2, 2017

Case Report Prepared by:

Nathan Foster

Owner and Applicant Information:

Applicant: JR Donelson

Owner. Northstar Developers, INC

Location Map: (shown with County Commission districts)

Applicant Proposal:

Preliminary Subdivision Plat

12 lots, 1 block, 15.47+ acres

Location: South of the southwest corner of East 96th Street North and North Yale Avenue

Proposed Use: Single-family residential

Zoning: RE (Residential Estate)

Staff Recommendation:

Staff recommends **approval** of the Preliminary Plat

County Commission District: 1

Commissioner Name: John Smaligo

EXHIBITS: Site Map, Aerial, Waiver Request, Preliminary Plat, Conceptual Improvements Plan

PRELIMINARY SUBDIVISION PLAT

Northstar Estates - (County)

South of the southwest corner of East 96th Street North and North Yale Avenue

This plat consists of 12 lots, 1 block on 15.47± acres.

The Technical Advisory Committee (TAC) met on July 20th, 2017 and provided the following conditions:

- 1. **Zoning:** All property within the subdivision has been rezoned to RE (Residential Estate). All proposed lots conform to the requirements of the Tulsa County Zoning Code.
- 2. Addressing: Addresses will be assigned by INCOG.
- 3. Transportation & Traffic: Provide 25' radius for intersection with North Yale Avenue. Label access and limits of no access along North Yale Avenue.
- **4. Water:** Water line plans must be submitted to Rural Water District No. 3, Washington County. All requirements of the district must be met for final plat approval.
- 5. Engineering Graphics: Submit a subdivision control data sheet with final plat. Provide addresses for individual lots on final plat. Remove contours from the face of the final plat. Provide a scale and a north arrow for the location map. Show only platted subdivision boundaries in the location map and label all other property as "unplatted". Add street labels to location map. Ensure accuracy and consistency between written legal description and bearing angles shown graphically on the face of the plat.
- **6. Stormwater, Drainage, & Floodplain:** Drainage plans must comply with Tulsa County standards. Any required easements must be properly located and dimensioned on final plat.
- 7. Utilities: Telephone, Electric, Gas, Cable, Pipeline, Others: All utilities indicated to serve the site must provide a release prior to final plat approval. Provide a Certificate of Records Search from the Oklahoma Corporation Commission to verify oil & gas activity on the site. Provide plugging records for any plugged wells on site. 125' building setback is required from any active well or known well bore.

Waivers of Subdivision Regulations:

1. Applicant requests a waiver of Section 4.2.7 to permit a cul-de-sac length of 786'

Staff recommends **APPROVAL** of the preliminary subdivision plat and the waiver of subdivision regulations subject to the conditions provided by TAC and the requirements of the Subdivisions Regulations.

July 25, 2017

Tulsa Metropolitan Area Planning Commission 2 West Second Street Suite 800 Tulsa, Ok. 74103

Re: Preliminary Plat for Northstar Estates, waiver request.

Northstar Estates is a proposed residential subdivision in Tulsa County. The project is located South of the southwest corner of East 96th Street North and North Yale Avenue. The 12 lots in this subdivision will be approximately 1 acres in size and larger.

We are requesting the TMAPC waive the Subdivision Regulation Sec. 4.2.7, Cul-de-sac length of 750 feet. The proposed cul-de-sac length is 786 feet from the center of North Yale (east line of the Section to the center of the cul-de-sac.

This subdivision will not be accessible from the North, South or West boundaries. The additional 36 feet of length from the Center of North Yale to the center of the cul-de-sac will not adversely impact public safety nor will it affective the use of public safety equipment.

We therefore, prayerful request a wavier of the Subdivision Regulation Sec. 4.2.7.

R Donelson

PRELIMINARY SUBDIVISION PLAT

Magnolia Ridge - (County)

West of the northwest corner of East 86th Street North and North Memorial Drive

This plat consists of 284 lots, 18 blocks on 93.18 ± acres.

The Technical Advisory Committee (TAC) met on July 20th, 2017 and provided the following conditions:

- 1. **Zoning:** All property within the subdivision has been rezoned to RS (Residential Single Family). All proposed lots conform to the requirements of the Tulsa County Zoning Code.
- 2. Addressing: Addresses will be assigned by INCOG.
- **3. Transportation & Traffic:** Sidewalks shall be provided on both sides of residential streets and shall be observed in the covenants.
- **4. Water:** Water line plans must be submitted to Rural Water District No. 3, Washington County. All requirements of the district must be met for final plat approval.
- **5. Sewer:** Sanitary sewer service to be provided by City of Owasso. Release will be required from City of Owasso for final plat.
- 5. Engineering Graphics: Submit a subdivision control data sheet with final plat. Provide addresses for individual lots on final plat. Provide street names on face of plat. Show only platted subdivision boundaries in the location map and label all other property as "unplatted". Add street labels to location map. Ensure accuracy and consistency between written legal description and bearing angles shown graphically on the face of the plat.
- **Stormwater, Drainage, & Floodplain:** Drainage plans must comply with Tulsa County standards. Any required easements must be properly located and dimensioned on final plat.
- 7. Utilities: Telephone, Electric, Gas, Cable, Pipeline, Others: All utilities indicated to serve the site must provide a release prior to final plat approval. Cox Communications has requested additional easements attached as "Exhibit A". Provide a Certificate of Records Search from the Oklahoma Corporation Commission to verify oil & gas activity on the site. Provide plugging records for any plugged wells on site. 125' building setback is required from any active well or known well bore.

Waivers of Subdivision Regulations:

1. None requested

Staff recommends **APPROVAL** of the preliminary subdivision plat subject to the conditions provided by TAC and the requirements of the Subdivisions Regulations.
