SECTION I: PUD-360-G

DEVELOPMENT CONCEPT: The applicant is proposing a Major Amendment to the PUD in conjunction with rezoning from RM-0/CS to CS to add Medical Marijuana Dispensary and Retail Sales uses to the permitted uses within Development Area 2-B of the PUD.

The current permitted uses for Development Area 2-B are those as permitted in the CS district, except within the west 200 feet which shall be restricted to Use Units 11 – Offices, Studios and Support Services and Use Unit 14 – Shopping Goods and Services, which the proposed Medical Marijuana Dispensary and some uses included in the Retail Sales uses of the current zoning code would not fall under. The proposed amendment would allow the previously approved uses as well as Medical Marijuana Dispensary use and those included in the Retail Sales use within 200 feet of the western boundary within Development Area 2-B.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: The site is designated as Town Center in the City of Tulsa Comprehensive Plan

Land Use Vision:

Land Use Plan map designation: Town Center

Town Centers are medium-scale, one to five story mixed-use areas intended to serve a larger area of neighborhoods than Neighborhood Centers, with retail, dining, and services and employment. They can include apartments, condominiums, and townhouses with small lot single family homes at the edges. A Town Center also may contain offices that employ nearby residents. Town centers also serve as the main transit hub for surrounding neighborhoods and can include plazas and squares for markets and events. These are pedestrian-oriented centers designed so visitors can park once and walk to number of destinations.

Areas of Stability and Growth designation: Area of Growth

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas
of Growth are parts of the City where general agreement exists that development or redevelopment is beneficial.

Transportation Vision:
