HEARING DATE: 09/12/2017 1:00 PM

APPLICANT: Valorey Totten

ACTION REQUESTED: Special Exception to allow a Type 2 Home Occupation in an RS-1 district to permit a Landscaping Business (Section 45.100).

LOCATION: 19140 E 7 ST S  
ZONED: RS-1

PRESENT USE: Residential  
TRACT SIZE: 1 Acre

LEGAL DESCRIPTION: LT 1 BLK 2, INDIAN HILLS, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:  
None Relevant.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of a "Neighborhood Centers" and an "Area of Growth".

Neighborhood Centers are small-scale, one to three story mixed-use areas intended to serve nearby neighborhoods with retail, dining, and services. They can include apartments, condominiums, and townhouses, with small lot single family homes at the edges. These are pedestrian-oriented places served by transit, and visitors who drive can park once and walk to number of destinations.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

ANALYSIS OF SURROUNDING AREA: The subject tract is abutted by RS-1 zoning on the north, south, and west; AG zoned vacant lots abut the site on the east.

STAFF COMMENTS:  
The applicant is before the Board requesting a Special Exception to allow a Home Occupation to permit the existing landscaping business Tulsa Top Soil on the site. The applicant has stated that the existing business provides soil to landscapers and homeowners; the typical hours of operation are Friday, Saturday and Sunday 10 a.m. to 6 p.m. The applicant has stated that the soil material shown in the attached pictures will be moved to a detached accessory building as shown on the attached conceptual site plan; the existing sign on the site will be removed from the lot; and all materials and equipment associated with the business will be stored inside a detached accessory building.
Type 2 Home Occupations are those in which household residents use their home as a place of work and either employees or customers come to the site. Type 2 Home Occupations may be approved as an accessory use to a principal use in the household living use category through the Special Exception procedures. All Type 1 and Type 2 Home Occupations are subject to the following general regulations found in Section 45.100-H of the Code:

1. Home occupations must be accessory and subordinate to the principal residential use of the property.

2. Home occupations that change the character of the residential building they occupy or that adversely affect the character of the surrounding neighborhood are prohibited. Home occupations may not, for example, produce light, noise, vibration, odor, parking demand, or traffic impacts that are not typical of a residential neighborhood in Tulsa. Home occupations must be operated so as not to create or cause a nuisance.

3. Any tools or equipment used as part of a home occupation must be operated in a manner or sound-proofed so as not to be audible beyond the lot lines of the subject property.

4. External structural alterations or site improvements that change the residential character of the lot upon which a home occupation is located are prohibited. Examples of such prohibited alterations include construction of parking lots, the addition of commercial-like exterior lighting, the addition of a separate building entrance that is visible from abutting streets or the exterior display of an illuminated nameplate sign.

Type 2 Home Occupations are subject to the following supplemental regulations found in Section 45.100-J of the Code:

1. Only uses approved in accordance with the special exception procedures or through a mandatory development plan are allowed as type 2 home occupations.

2. At least one individual engaged in the home occupation must reside in the dwelling unit in which the home occupation is located as their primary place of residence.

3. No more than 3 clients or customers may be present at any one time on the site of a type 2 home occupation. Family members of the client or customer are not counted towards the 3-person limit.

4. A maximum of one nonresident employee is allowed with a type 2 home occupation if no customers or clients come to the site at any time. Home occupations that have clients, customers or students coming to the site may not have nonresident employees and vice-versa. For the purpose of this provision, the term "nonresident employee" includes an employee, contractor, business partner, co-owner or any other person affiliated with the home occupation, who does not live at the site, but who visits the site as part of the home occupation.

5. Type 2 home occupations and all related activities, including storage (other than the lawful parking of passenger vehicles), must be conducted entirely within the principal residential building or an allowed accessory building.

If inclined to approve the Board may consider the following conditions:

- Days and hours of operation limited to Friday through Sunday 10 a.m. to 6 p.m.

Sample Motion

Move to ________ (approve/deny) a Special Exception to allow a Type 2 Home Occupation in an RS-1 district to permit a Landscaping Business (Section 45.100).

- Per the Conceptual Plan(s) shown on page(s) ______ of the agenda packet.

- Subject to the following conditions (including time limitation, if any): ________

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

Title 42, Chap. 45, Sect. 100,
Section 45.100 Home Occupations
45.100-A Description
Home occupations are jobs or professions conducted wholly or partly from a residential dwelling.
45.100-B Purpose
The home occupation regulations of this section are intended to allow Tulsa residents to engage in customary home-based work activities, while also helping to ensure that neighbors are not subjected to adverse operational and land use impacts (e.g., excessive noise or traffic or public safety hazards) that are not typical of residential neighborhoods.
45.100-C Types of Home Occupations
2. Type 2 Home Occupations
Type 2 home occupations are those in which household residents use their home as a place of work and either employees or customers come to the site. Typical examples include tutors, teachers, photographers, counselors, hair cutting/styling and real estate agents.
45.100-F Prohibited Uses
The following uses are expressly prohibited as home occupations:
1. Any type of assembly, cleaning, maintenance, painting or repair of vehicles or equipment with internal combustion engines or of large appliances (such as washing machines, clothes dryers or refrigerators);
2. Dispatch centers or other businesses where employees come to the site and are dispatched to other locations;
3. Equipment or supply rental businesses;
4. Taxi, limo, van or bus services;
5. Tow truck services;
6. Taxidermists;
7. Restaurants;
8. Funeral or interment services;
9. Animal care, grooming or boarding businesses; and
10. Any use involving the use or storage of vehicles, products, parts, machinery or similar materials or equipment outside of a completely enclosed building; and
11. Any use that does not comply with regulations of this section.

LOCATION: 4138 S Owasso Ave

LEGAL DESCRIPTION: LT 13 BLK 3, ALTA DENA PLACE, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an 'Existing Neighborhood' and an 'Area of Stability'.

An Existing Neighborhood is intended to preserve and enhance Tulsa’s existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code.

The Areas of Stability include approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS-3 zoned residences.

STAFF COMMENTS:
The applicant is before the Board requesting a Special Exception to permit a Bed & Breakfast in the existing house on the subject site. The request is to permit short-term (less than 30 days) lodging/rental on the site. The applicant has also requested that the Board approve two on-site events per month with a maximum of 30 guests. The Code states that the BOA may authorize bed
and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc.

- The use of bed and breakfasts for on-site events requires express authorization of the board of adjustment, in accordance with the special exception procedures of Section 70.120. As part of approval of the special exception, the board of adjustment is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility’s likely impacts on the area.

As the writing of this case report staff has not received any comments from the surrounding neighbors or property owners.

The following supplemental use regulations in Section 40.060 apply to all bed and breakfast uses.

- Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.

- The maximum length of stay for any guest is limited to 30 consecutive days.

- The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.

- Cooking facilities are prohibited in guest rooms.

- Signs are allowed in accordance with the sign regulations of the subject zoning district unless the board of adjustment establishes stricter conditions at the time of special exception approval.
  
  Section 60.050-B.2.a - Wall Signs - Nonresidential uses in R districts are allowed a maximum of one wall sign per public building entrance. Such signs may not exceed 32 square feet in area.

  Section 60.050-B.2.b - Freestanding Signs - Nonresidential uses in R districts are allowed a maximum of one freestanding sign per street frontage. Allowed freestanding signs are subject to a maximum height limit of 20 feet and may not exceed 32 square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed 150 square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

  Section 60.050-B.2.c - Dynamic Displays - Dynamic displays are prohibited in R districts except that on a lot occupied by an allowed public, civic or institutional use, the board of adjustment is authorized to approve a special exception for the allowed wall sign or the allowed freestanding sign to include a dynamic display.

- Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the board of adjustment at the time of special exception approval.

Sample Motion

Move to _________ (approve/deny) a Special Exception to permit a Bed and Breakfast (short term lodging/rental) in an R district (Section 5.020).

- With _________(approval/denial) to allow on-site events.
- Per the Conceptual Plan(s) shown on page(s) _______ of the agenda packet.
- Subject to the following conditions (including time limitation, if any): _________

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
Nikita,

I would like to know the process for requesting the ability to rent my bed and breakfast for events such as wedding receptions, private dinner parties or anniversaries. I would like approval for two events per month with a maximum of 30 guests. I will seek approval from nearby businesses and organizations for the use of off-street parking. Until then we will request that guests park along 42nd street because few houses face that street. I would also like to do an open house for my neighbors and friends to show them what the property has to offer.

Thank you for your help in this matter.

INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf.

Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.

A hard copy of this letter is available upon request by the applicant.

1. Sec.35.050-G1: Your application is for a Bed & Breakfast which is located in an RS-3 zoning district. This use is allowed in the RS-3 district by Special Exception (Table 5-2; R District Use Regulations).

Review Comment: Submit a copy of a Special Exception reviewed and approved by the Board of Adjustment per Sec.70.120 to allow a Bed & Breakfast in the RS-3 zoning district.

NOTE: The following supplemental use regulations of Sec.40.060 apply to all bed and breakfast uses.

- Sec.40.060-A: Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.
- Sec.40.060-B: The maximum length of stay for any guest is limited to 30 consecutive days.
- Sec.40.060-C: The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.
- Sec.40.060-D: Cooking facilities are prohibited in guest rooms.
- Sec.40.060-E: Signs are allowed in accordance with the sign regulations of the subject zoning district unless the BOA establishes stricter conditions at the time of Special Exception approval.
- Sec.40.060-F: Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the BOA at the time of Special Exception approval. The BOA may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires express authorization of the BOA, in accordance with the Special Exception procedures of Sec.70.120. As part of approval of the Special Exception, the BOA is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility’s likely impacts on the area.

2. Sec.70.080-B1b(5): In order to help ensure a proper arrangement of streets and the adequacy of open spaces for traffic, utilities and emergency vehicle access, commensurate with the intensification of land use
customarily incident to a zoning map amendment, a platting requirement is established. Except as expressly stated in Sec.70.080-B2, no building permit or zoning clearance permit may be issued until that portion of the subject parcel for which the permit is sought has been granted a plat waiver (Sec.70.080-B2a), or has been included within a subdivision plat or replat (Sec.70.080-B2b) that has been submitted to and approved by the planning commission, and filed of record in the county clerk’s office of the county in which the property is located. This platting requirement applies to any property for which a special exception was approved for a Bed & breakfast.

Review comment: Submit a copy of a plat waiver, or a plat or replat that has been submitted to and approved by the planning commission, and filed of record in the county clerk’s office of the county in which the property is located.

END – ZONING CODE REVIEW

NOTE: THIS CONSTITUTES A PLAN REVIEW TO DATE IN RESPONSE TO THE SUBMITTED INFORMATION ASSOCIATED WITH THE ABOVE REFERENCED APPLICATION. STAFF COMMENTS:
The existing office building on the site will used as administrative offices and a training facility for lab technicians of an environmental testing lab. The applicant is requesting a Special Exception as the proposed Training Facility/Trade School is a use only allowed by a special exception in the CS district due to the potential adverse affects. The site is surrounded by a mixture of uses including, residential on the south; office space and commercial/retail abut the site on the north, east and west.

Sample Motion

Move to ________ (approve/deny) a Special Exception to allow a Trade School in the CS district (Section 15.020).

- Subject to the following conditions (including time limitation, if any):

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
Exhibit “B”

Applicant requests a special exception to permit a Trade School in the Commercial Shopping Zoning District (CS), pursuant to Section 15.020, Table 15-2 of the Tulsa Zoning Code (the “Code”). Applicant operates an environmental testing lab, headquartered in Stillwater with a branch office in Oklahoma City. The proposed Tulsa location will serve primarily as a training facility for lab technicians and administrative offices. Applicant intends to use the existing building which is currently vacant.

The subject property is east of the intersection of 51st Street and Harvard Ave. and abuts I-44 to the north. The surrounding area consists primarily of shopping centers and restaurants and is zoned CS to the west, RS-2 to the south, OM and OL to the east, and CO to the north. The special exception use is a use expressly allowed by the Code in the CS District. The City Council has determined that this special exception use is reasonable in this zoning district. Therefore, the use is in harmony with the spirit and intent of the Code and is consistent with the Comprehensive Plan. Further, the operation of a training facility in the existing building will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

INFORMATION ABOUT SUBMITTING REVISIONS

OUR REVIEW HAS IDENTIFIED THE FOLLOWING CODE OMISSIONS OR DEFICIENCIES IN THE PROJECT APPLICATION FORMS, DRAWINGS, AND/OR SPECIFICATIONS. THE DOCUMENTS SHALL BE REVISED TO COMPLY WITH THE REFERENCED CODE SECTIONS.

REVISIONS NEED TO INCLUDE THE FOLLOWING:
1. A COPY OF THIS DEFICIENCY LETTER
2. A WRITTEN RESPONSE AS TO HOW EACH REVIEW COMMENT HAS BEEN RESOLVED
3. THE COMPLETED REVISED/ADDITIONAL PLANS FORM (SEE ATTACHED)
4. BOARD OF ADJUSTMENT APPROVAL DOCUMENTS, IF RELEVANT

REVISIONS SHALL BE SUBMITTED DIRECTLY TO THE CITY OF TULSA PERMIT CENTER LOCATED AT
175 EAST 2ND STREET, SUITE 450, TULSA, OKLAHOMA 74103, PHONE (918) 596-9601.
THE CITY OF TULSA WILL ASSESS A RESUBMITTAL FEE. DO NOT SUBMIT REVISIONS TO THE PLANS EXAMINERS.

SUBMITTALS FAXED / EMAILED TO PLANS EXAMINERS WILL NOT BE ACCEPTED.

IMPORTANT INFORMATION

1. SUBMIT TWO (2) SETS [4 SETS IF HEALTH DEPARTMENT REVIEW IS REQUIRED] OF REVISED OR ADDITIONAL PLANS. REVISIONS SHALL BE IDENTIFIED WITH CLOUDS AND REVISION MARKS.

2. INFORMATION ABOUT ZONING CODE, INDIAN NATION COUNCIL OF GOVERNMENT (INCOG), BOARD OF ADJUSTMENT (BOA), AND TULSA METROPOLITAN AREA PLANNING COMMISSION (TMAPC) IS AVAILABLE ONLINE AT WWW.INCOG.ORG OR AT INCOG OFFICES AT 2 W. 2ND ST., 8TH FLOOR, TULSA, OK, 74103, PHONE (918) 584-7526.

3. A COPY OF A "RECORD SEARCH" IS NOT INCLUDED WITH THIS LETTER. PLEASE PRESENT THE "RECORD SEARCH" ALONG WITH THIS LETTER TO INCOG STAFF AT TIME OF APPLYING FOR BOARD OF ADJUSTMENT ACTION AT INCOG. UPON APPROVAL BY THE BOARD OF ADJUSTMENT, INCOG STAFF WILL PROVIDE THE APPROVAL DOCUMENTS TO YOU FOR IMMEDIATE SUBMITTAL TO OUR OFFICE. (See revisions submittal procedure above.).
Note: Please direct all questions regarding rezoning, platting and TMAPC application forms and fees to an INCOG representative at 584-7526. It is your responsibility to submit to our offices documentation of any appeal decisions by an authorized decision making body affecting the status of your application so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf. Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

1. **UNRESOLVED Sec.35.050-D5:** The proposed conference room is for an environmental lab. This type of laboratory is designated a Commercial/Commercial Service/Research Service Use. This designation is based on the information provided on the Accurate Environmental website which shows the availability of a variety of services, including lab testing services. This location is in an OL, office-light zoning district. This use is not permitted in this zoning district (Sec.15.020 Table 15-2)”.
   
   **Review comment:** In order for the lab to be permitted at this location the lot will require rezoning (e.g., CH, commercial high-intensity or IL, industrial-lite).

   - **ACTION REQUIRED** After review of Dr. Fazel’s description of the proposed use as primarily a Training Center, the designation of Research Service has been changed to Commercial/Trade School Use. Per Sec.35.020-E3 the Development Administrator has determined this to be the most appropriate use designation. As stated in comment #1” this location is in an OL (office-light) zoning district. Commercial/Trade School Use is not permitted in the OL zoning district (Sec.15.020 Table 15-2). In order for the Trade School to be permitted at this location the lot will require rezoning (e.g., CH, commercial high-intensity or IL, industrial-lite).

2. **NOTE:** Per Sec.70.080-B1a a subdivision plat, replat or plat waiver, submitted to and approved by the planning commission, and filed of record in the county clerk’s office of the county in which the property is located, is required before any building permit or zoning clearance permit may be issued. This platting requirement applies to any property for which a property owner-initiated zoning map amendment (rezoning) was approved after July 1, 1970.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.

A hard copy of this letter is available upon request by the applicant.

**END – ZONING CODE REVIEW**

**NOTE:** THIS CONSTITUTES A PLAN REVIEW TO DATE IN RESPONSE TO THE SUBMITTED INFORMATION ASSOCIATED WITH THE ABOVE REFERENCED APPLICATION. ADDITIONAL ISSUES MAY DEVELOP WHEN THE REVIEW CONTINUES UPON RECEIPT OF ADDITIONAL INFORMATION REQUESTED IN THIS LETTER OR UPON ADDITIONAL SUBMITTAL FROM THE APPLICANT.

ACTION REQUESTED: Special Exception to allow a Bed and Breakfast (short term rental) in an R district. (Sec.5.020)

LOCATION: 28 S FLORENCE AV E
ZONED: RS-3

PRESENT USE: Residential
TRACT SIZE: 7448.79 SQ FT

LEGAL DESCRIPTION: LT 6 BLK 7, UNIVERSITY PARK, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:
None Relevant.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an 'Existing Neighborhood' and an 'Area of Stability'.

An Existing Neighborhood is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code.

The Areas of Stability include approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS-3 zoned residences.

STAFF COMMENTS:
The applicant is before the Board requesting a Special Exception to permit a Bed & Breakfast in the existing house on the subject site. The request is to permit short-term (less than 30 days) lodging/rental on the site. The applicant has not expressed a desire to have events (weddings/receptions) on the site; it appears that the site will be used for short-term lodging/rental only.
As the writing of this case report staff has not received any comments from the surrounding neighbors and property owners.

The following supplemental use regulations in **Section 40.060** apply to all bed and breakfast uses.

- Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.

- The maximum length of stay for any guest is limited to 30 consecutive days.

- The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.

- Cooking facilities are prohibited in guest rooms.

- Signs are allowed in accordance with the sign regulations of the subject zoning district unless the board of adjustment establishes stricter conditions at the time of special exception approval.
  
  **Section 60.050-B.2,a - Wall Signs** - Nonresidential uses in R districts are allowed a maximum of one wall sign per public building entrance. Such signs may not exceed 32 square feet in area.

  **Section 60.050-B.2,b - Freestanding Signs** - Nonresidential uses in R districts are allowed a maximum of one freestanding sign per street frontage. Allowed freestanding signs are subject to a maximum height limit of 20 feet and may not exceed 32 square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed 150 square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

  **Section 60.050-B.2,c - Dynamic Displays** - Dynamic displays are prohibited in R districts except that on a lot occupied by an allowed public, civic or institutional use, the board of adjustment is authorized to approve a special exception for the allowed wall sign or the allowed freestanding sign to include a dynamic display.

- Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the board of adjustment at the time of special exception approval. The board of adjustment may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires ex-press authorization of the board of adjustment, in accordance with the special exception procedures of Section 70.120. As part of approval of the special exception, the board of adjustment is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility’s likely impacts on the area.

**Sample Motion for a Special Exception**

Move to ________ (approve/deny) a Special Exception to allow a Bed and Breakfast (short-term rental) in an R district. (Sec.5.020)

- Subject to the following conditions (including time limitation, if any): ________

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
This 806 square foot house located at 28 S. Florence Ave. in Tulsa is a detached house in an R - zone. The only thing that is different about it for the purposes I have in mind is that the length of stay would be fewer than 30 days. There would be only one registrant at any given time. There would be no meals or other food served as part of the rent. There is a kitchen for occupants to use, but there would be no cooking in the bedrooms. No bar is permitted. There would be no signs. There would be no events held. Because the house sits at the back of the lot, there is a long driveway so there would be no street parking. The house is furnished so there would be little moving in and out activity. Because I live next door to it, occupants would be inclined to conduct themselves properly, however, if any issue surfaced, I am close enough to know about it, take care of it, or get help to take care of it should that be needed.

This neighborhood was noticeably affected when the highway was developed to the north. The area between the highway and houses is not adequately maintained with respect to vegetation control and fences. There is no sound buffer with respect to highway and emergency vehicle noise. This is a deterrent to potential long-term renters. It is less of an issue for short-term renters.

This house on this property stood vacant for a number of years. It was an eyesore. It received many complaints. I have lived next door to this house for about two years. I bought it and rehabilitated it. There are no longer any complaints. It is still vacant.

The area between the highway and the University of Tulsa campus has a high proportion of rental houses. Yard care varies among these houses, however, there is every indication that greater attention is paid by resident owners. The owner of a short-term rental would be responsible for yard care. It would be in the best interest of the owner to have a neat appearing yard as part of marketing efforts.

In my experience, when I stay at or near a hotel or other facility where the event I am attending is being held, I see little else of the host community. It would be in Tulsa’s interest to have more short-term rental houses. The visitors who stay in them will see more of the city and, in effect, become ambassadors for us when they return home. This kind of lodging often appeals to families. Families means young people. Maybe some of these young people will decide to return to settle in Tulsa one day.

I was born in Tulsa in 1933. There have been a lot of changes. Allowing a special exception for this property, I believe, would do no harm to the neighborhood or the general welfare and can be very good for Tulsa.

**Sample Motion for a Special Exception**

Move to _________ (approve/deny) a Special Exception to allow a Bed and Breakfast (short-term rental) in an R district. (Sec.5.020)

- Subject to the following conditions (including time limitation, if any): _________

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
We are Emelia LaFortune and Stephen Lassiter, the owners and residents of the house at 1628 S. Cheyenne Avenue, along with our children Everett and Brooks. As experienced landlords for the past two years, our family has already been renting this garage apartment to tenants on long-term leases with no disruption to our neighbors. Renting our accessory dwelling unit is within the spirit and harmony of the Zoning Code and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

RESPONSIBLE HOSTS
As discerning owner/occupants, we are particular about who we allow to stay in our backyard apartment in close proximity to our children. We plan to book verified guests with good reviews. Verified guests have scanned a government ID, provided a photo, phone number, and a linked online profile, such as Facebook. We are free to reject anyone with whom we do not feel comfortable staying on our property. Each guest will be notified of strict house rules. Since we live on the property, we are readily available to handle any issues neighbors have with our guests. We want neighbors to call/text us day or night if our guests are disturbing them in any way. Our house rules will forbid disturbing neighbors, and we will deal with any disturbances promptly. For more info visit:
http://www.airbnb.com/trust

NO PARTIES
Our apartment fits two people comfortably. The maximum occupancy allowed will be four people. As owner occupants of the property, we will strictly enforce the no-party and maximum occupancy house rules. We know neighbors don’t want to be disturbed by parties, and we don’t either. We will be targeting business travelers and others who need a quiet, peaceful place to get some sleep during their visit. If neighbors believe our guests are hosting a party, we want them to contact us immediately.

NO NOISE
Quiet hours will be in effect from 8pm to 8am. There should be no noise or loud conversations heard outside the apartment during quiet hours. During the day our house rules forbid any noise that disturbs neighbors. If neighbors hear noise from our property that is disturbing, we ask they contact us immediately so we can put a stop to it.

PARKING
We anticipate most guests arriving in one car. Guests will park on the street, just the same as our current long-term tenants have been doing for the past two years. We invite neighbors to contact us if they believe our guests are blocking driveways, blocking sidewalks, or otherwise parking illegally.
TRASH
Littering will not be tolerated. If guests leave litter, please let us know. We have trash cans in our alley. Guests will be instructed to dispose of all trash in the trash cans before they check out.

FIRE SAFETY
Our apartment is equipped with a fire extinguisher, smoke detectors, and carbon monoxide detectors. Guests will be provided with emergency contact information.

NEIGHBOR FAMILY/FRIEND DISCOUNT
As a thank you, our neighbors and their friends and family can receive a 15% discount to stay at our apartment. This is ideal for neighbors who have people coming in for holidays or other special events. Neighbors may contact us in advance so we can apply the discount.

CONTACT US 24/7 WITH ANY CONCERNS
We invite neighbors to call, text, or knock on our door with any concerns about our guests any time day or night. We are serious about addressing any issues our neighbors have promptly, no matter what day or time it is. Contacting Stephen and Emelia is the fastest way to get an issue resolved. If we don’t resolve a complaint to a neighbor’s satisfaction, they may also contact our reservation service, Airbnb, or the City of Tulsa. In the event of an emergency, please dial 911 for police, fire, or medical.

ACTION REQUESTED: Special Exception to allow for an Outdoor Commercial Assembly use in CBD (Section 15.020).

LOCATION: 326 E 1 ST S

ZONED: CBD

PRESENT USE: Wine Bar/Parking Lot

TRACT SIZE: 2500.35 SQ FT

LEGAL DESCRIPTION: E25 W65 LT 1 BLK 86, TULSA-ORIGINAL TOWN, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

Surrounding Properties:
BOA 22196: the Board accepted a Verification of the 300 foot spacing requirement for a bar from public parks, schools, and religious assemblies and 50 ft. from an R-zoned lot; located immediately east of the subject lot.

BOA 20544: the Board approved a Special Exception to permit open air activities and other events that utilize tents in the CBD district to permit a music and arts festival; located at the SW/c of E Elgin Ave and E 2nd Street.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of the “Downtown Core” and an “Area of Growth”.

Downtown Core is Tulsa’s most intense regional center of commerce, housing, culture and entertainment. It is an urban environment of primarily high density employment and mixed-use residential uses, complemented by regional-scale entertainment, conference, tourism and educational institutions. Downtown core is primarily a pedestrian-oriented area with generous sidewalks shaded by trees, in-town parks, open space and plazas.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.
ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by CBD zoning and a variety of uses including commercial/retail, restaurants and bars.

STAFF COMMENTS:
The applicant is before the Board requesting a Special Exception to allow an outdoor commercial assembly and entertainment use in a CBD district (Section 15.020).

As shown on the attached site plan the proposed bar immediately east of the site will contain an outdoor seating area. Outdoor seating and dining areas that exceed 50% of the indoor floor area of the principal use are regulated as an outdoor entertainment and assembly use. An assembly and entertainment use is defined as a use that provides gathering places for participant or spectator recreation, entertainment or other assembly activities. The proposed outdoor assembly and entertainment use is only permitted by special exception in the CBD district.

Sample Motion:

Move to _______ (approve/deny) a Special Exception to allow for an Outdoor Commercial Assembly use in CBD (Section 15.020).

- Per the Conceptual Plan(s) shown on page(s) ______ of the agenda packet.

- Subject to the following conditions (including time limitation, if any): _______

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
RS-1 district from 750 sq. ft. to 986.25 sq. ft. (Section 402.B.1.d), with the conditions: the existing shed in the northwest corner of the property would be removed after the new 750 sq. ft. structure is built; the existing structure to the south of the proposed structure will stay in place; no commercial activities, per plan on page 7.6 of the agenda packet, finding the hardship to be the unusual size of the lot, being 3.34 times the minimum permitted lot size for an RS-1 lot; and by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan, on the following described property:

**Case No. 20544**

**Action Requested:**
Special Exception to permit open air activities and activities which utilize tents in the CBD district (Section 701) to permit a music and arts festival, located: At and near the intersection of South Detroit Avenue and East 2nd Street.

Mr. Cuthbertson informed the Board that the City Council and the Mayor approved the special events application for this event. There were security plans both public and private. There is an incident report from last year's event at 18th and Boston. A code change was initiated, which will be reviewed by the planning commission in August. It would allow special events such as the proposed event in the CBD district by right.

**Presentation:**
Tom Green, 1435 East 50th Street, stated they have obtained an agreement with Central Parking and the Performing Arts Center for staging on private property for four days. Those days are July 26th through July 28th. They also obtained permission for another stage on Arnie's parking lot at 3rd and Elgin. He worked with the Fire Department regarding emergency exists, lighting and fire extinguishers. He planned for an Artist's Registration to be set up near Detroit between 1st and 2nd in an alleyway. He commented there will be forty-four security officers and numerous police and others. He provided a large exhibit of all the plans and preparations for this event (Exhibit F-1).

**Interested Parties:**
Jim Norton, President of the Downtown Tulsa Unlimited, 321 South Boston, Suite 101, stated DTU is in support of this application.
Michael Saeger, 320 East 1st Street, stated he is the owner of Blue Dome, LLC. He added they have worked with Mr. Green on this project and are in support. He informed the Board that he has 1,300+ ft. of street front that is affected by this event. This involves nine buildings, three parking lots, two are the special event locations. He was open to approval for a multi-year term for this event.

Suzanne Stewart, 132 East 26th Place, expressed strong support.

Josh Robbie, 919 South Winston, stated his support for this application to promote young artists.

Mary Beth Babcock, 1119 South Detroit, owner of Dwelling Spaces, was in support, stating it is good for business.

Nate Lopez, 2217 East 59th Street, Commissioner on Tulsa Hispanics Commission, stated it would be good for the community.

Sergeant Skipper Bain, 5963 East 13th Street, Tulsa Police Special Events Coordinator, was in support. He stated that everything is in order for public safety, trash collection and communications with the surrounding businesses.

Comments and Questions:
The general comments from Board members were in support of this well-organized plan for the event. Mr. White suggested that the conditions in the plans made for D-Fest could be included in the motion to set a precedent for future events to follow, for thorough preparation in advance of those events. Sergeant Bain informed the Board there will be a workshop on July 27th and 28th to revise the special event applications to provide more detail regarding security, trash, health, tent permits, alcohol permits and other issues.

Board Action:
On Motion of White, the Board voted 5-0-0 (White, Stephens, Henke, Stead, Tidwell "aye"; no "nays"; no "abstentions"; no "abseises") to APPROVE a Special Exception to permit open air activities and activities which utilize tents in the CBD district (Section 701) to permit a music and arts festival for a period of three years from this date, July 10, 2007; with the conditions that prior to the event that all considerations for security, public safety in general, health, and anything else relevant to the safe operation of the proposed event be dealt with the appropriate agencies and approval of those agencies, finding the special exception will be in harmony with the spirit and intent of the code and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare, on the following described property:

Note: Please direct all questions concerning Special Exceptions and all questions regarding BOA application forms and fees to an INCOG representative at 584-7526. It is your responsibility to submit to our offices documentation of any appeal decisions by an authorized decision making body affecting the status of your application so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf. Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

1. **IBC Sec.105.3.2:** The proposed courtyard is a different lot from the bar. This will require a separate permit.
   **Review comment:** Submit a building permit application for the courtyard.

2. **Sec.45.010-D:** The proposed courtyard is an accessory use to the bar and is located on a different lot from the bar. Accessory uses and structures must be located on the same lot as the principal use to which they are accessory.
   **Review comment:** Because it is on a different lot from the bar it does not meet the requirement for an accessory use. You may consider designating the courtyard an Outdoor Assembly use. This will require a Special Exception.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.

A hard copy of this letter is available upon request by the applicant.

ACTION REQUESTED: Special Exception to allow a Group/Assisted Living Facility in the RS-3 district (Section 5.020).

LOCATION: 5527 S 74 AV E

PRESENT USE: Residential

ZONED: RS-3

TRACT SIZE: 9591.95 SQ FT

LEGAL DESCRIPTION: LT 5 BLK 16, SUNGATE ADDN, SOUTHERN PLAZA B1-7, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:
None Relevant.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an 'Existing Neighborhood' and an 'Area of Stability'.

An Existing Neighborhood is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code.

The Areas of Stability include approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS-3 zoned residences.

STAFF COMMENTS:
The applicant is before the Board requesting a special exception to allow a Group/Assisted Living Facility on the subject site. An Assisted Living Center is residential facility designed to meet housing and care needs of older persons and individuals with disabilities in a residential rather than institutional environment. Assisted living programs provide personal care for persons with needs for assistance in the activities of daily living and can respond to unscheduled needs for assistance.
Services typically provided include meals, housekeeping, laundry and linen service, medication monitoring, transportation and activities. The applicant has stated that the maximum capacity of the house is 6 residents. Supervision and care of the residents will be provided 24 hours 7 days a week.

The proposed Group/Assisted Living Facility is only permitted by special exception in the RS-3 district. As the writing of the case report staff has not received any comments from the surrounding property owners.

Sample Motion:

Move to ________ (approve/deny) a Special Exception to allow a Group/Assisted Living Facility in the RS-3 district (Section 5.020).

- Subject to the following conditions (including time limitation, if any): __________

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
To The Board of Adjustment Member,

My name is Darcia Alexandre, I have been a nurse for over 25 years. I am writing to you asking to allow my four bedroom two bath home in our community, to become a residential care home. The maximum capacity the house will hold is 6 residents. My vision is to assist the elderly in a serene home felt atmosphere. Promoting physical, mental, and emotional compassionate person centered care. While maintaining a healthy lifestyle.

I will provide 24 hour 7 days a week supervision with a licensed nurse within the home at all times, medication assistance, and activities of daily living. I will also stay in compliance with the rules and regulations of the state of Oklahoma.

Furthermore I would like to reassure you that Bethesda Residential care home will be a great asset to our community. As we uphold a standard of care and endeavor to carry out the vision to care for our forefathers who have labored before us. We will not disturb the order or standard of Sungate Community, and will abide by all rules and regulations that have been set in place.

Sincerely,

Darcia Alexandre 08-01-17

1. **Sec.5.020 Table 5-2:** Your proposed Residential Care Home is designated a Residential/Group Living/Assisted Living Use and is located in an RS-3 zoning district.
   **Review Comments:** An Assisted Living Use only allowed in an RS-3 zoned lot by Special Exception. Submit a Special Exception reviewed and approved per Sec.70.120 to allow Residential/Group Living/Assisted Living Use to be located in an RS-3 zoning district.

2. **Sec.40.160:** Whenever any group living use is located on a lot abutting an RE- or RS- zoned lot, a screening wall or fence must be provided along the common lot line in accordance with the F1 screening fence or wall standards of Sec.65.060-C2-5.
   **Review comment:** Your lot and three adjacent lots are in an RS-3 zoning district. Submit a site plan providing F1 Screening along your north, east and south lot lines.

3. **Sec.65.060-C2:** F1 screening requirements may be met by either of the following options.
   - (1) The installation of an opaque fence at least 6 feet in height and at least one tree per 25 linear feet of fence; or
   - (2) The installation of a masonry wall with a minimum height of 6 feet.

**Sec.65.060-C2c:** When located in the required street setback, fences and walls may not exceed 4 feet in height.

**Sec.65.060-C2d:** When a fence or wall already exists that provides screening that is as least as effective as would be achieved with a new F1 screening fence or wall, the development administrator is authorized to waive or reduce the fence or wall requirements of this subsection.

**Sec.65.060-C3:** Fences and walls provided to meet the screening standards of this section must:
   - a. Be constructed with customarily used fencing materials;
   - b. Be designed and arranged to provide visual separation of uses irrespective of vegetation;
   - c. Be constructed with all braces and supports on the interior, except when both sides are of the same design and appearance;
   - d. Be erected prior to the occupancy of the building or initiation of the use required to be screened;
   - e. Be uniform in height, except for significant changes in topography;
   - f. If painted, be earth-tone in color when abutting an R district boundary; and
   - g. Not be a chain link fence that utilizes inserts of metal or other materials.
Sec.65.060-C4: Fences and walls provided to meet the screening standards of this section must be maintained by the owner of the lot containing the use or feature required to be screened from view.

Sec.65.060-C5a&b: Applicable screening requirements may be eliminated or modified through the alternative compliance approval process (see Sec.65.080-D) or through a special exception reviewed and approved per Sec.70.120, when existing physical features provide at least as effective visual screening as would strict compliance or when the screening requirement cannot be achieved or is prohibited by other ordinances and/or regulations. An extension of time to install required screening may be approved through the special exception approval process when the properties benefited by the screening are undeveloped.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.

RELEVANT PREVIOUS ACTIONS:

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the
subject property as part of a “Town Center” and an “Area of Growth”.

Town Centers are medium-scale, one to five story mixed-use areas intended to serve a larger area
of neighborhoods than Neighborhood Centers, with retail, dining services and employment. They can
include apartments, condominiums, and townhouses with small lot single family homes at the edges.
A Town Center also may contain offices that employ nearby residents. Town Centers also serve as
the main transit hub for surrounding neighborhoods, and can include plazas and squares for markets
and events. These are pedestrian-oriented centers designed so visitors can park once and walk to
their destinations.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where
it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter
auto trips. Areas of Growth are parts of the city where general agreement exist that development or
redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop
these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to
increase economic activity in the area to benefit existing residents and businesses, and where
necessary, provide the stimulus to redevelop.

ANALYSIS OF SURROUNDING AREA: The subject tract is abutted E Pine St and CS zoning on the
north; CH zoned commercial/retail abuts the site on the south and the west; N Sheridan Rd and CS
zoning abuts the site on the east.
STAFF COMMENTS:
The applicant is before the Board requesting a special exception to permit car sales/rentals on the existing CS zoned lot. Car sales are permitted in the CS district only by special exception. The proposed car sales use is not permitted by right in the CS district because of potential adverse affect, but which if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted.

The Code requires that parking areas be designed in accordance with the standards stated in Section 55.090-D, Table 55-5. Section 55.090-D of the Code is attached for the Board reference. It appears that the submitted conceptual plan meets the requirements of Section 55.090 of the Code.

Sample Motion:

Move to ________ (approve/deny) a Special Exception to _______________; per Section _____ of the Code.

• Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.

• Subject to the following conditions (including time limitation, if any): __________.

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
55.090-D Parking Area Layout (Geometrics)
Parking areas must be designed in accordance with the dimensional standards of Table 55-5, which shows minimum dimensions for various parking layouts (angles). Requirements for layouts or angles not shown in Table 55-5 may be interpolated from the layouts shown, as approved by the development administrator.

LEGAL DESCRIPTION: LT 3 BLK 4, ABDO'S ADDN, City of Tulsa, Tulsa County, State of Oklahoma  

RELEVANT PREVIOUS ACTIONS:  

Surrounding Properties:  
BOA 15682; on 03.26.91 the Board approved a special exception to permit an antique market on a IL zoned lot; and a variance of the required number of off-street parking spaces; located at the southwest corner of East 6th Street South and South Xanthus Ave.  

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of a "Mixed-Use Corridor" and an "Area of Growth".  

A Mixed-Use Corridor is a plan category used in areas surrounding Tulsa's modern thoroughfares that pair high capacity transportation facilities with housing, commercial, and employment uses. The streets usually have four or more travel lanes, and sometimes additional lanes dedicated for transit and bicycle use.  

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exist that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.  

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by IM zoned businesses.
STAFF COMMENTS:
The applicant is before the Board requesting a Variance to reduce the required parking from 9 spaces to 2 spaces to allow a office use in the IM district. The applicant provided the following statement with their application: "There is no allowance for parking on the lot; due to the surrounding environment of the site off-street parking in limited."

The proposed office use is required by Code to provide 9 parking spaces. The Code permits nonresidential uses to count on-street parking spaces on public streets abutting the subject property towards satisfying vehicle parking requirements. The submitted site plan indicates that the site can accommodate 2 on-street parking spaces along E 6th Street. The existing building on the site is built the extent of the interior lot lines making it difficult to meet the off-street parking requirement established by Code.

The Code attempts to ensure that all uses provide adequate on-site parking to make certain that peak vehicle parking demand is accommodated.

Sample Motion

Move to _________ (approve/deny) a Variance to reduce the number of required parking spaces of an office use from 9 spaces to 2 spaces. (Section 55.020)

- Finding the hardship(s) to be__________.
- Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.
- Subject to the following conditions __________.

The Board finds that the following facts, favorable to the property owner, have been established:

"a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;

b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision's intended purpose;

c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;

d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;

e. That the variance to be granted is the minimum variance that will afford relief;

f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and

g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan."
Case No. 15682

Action Requested:
Special Exception to permit a Use Unit 14 (antique and collector's market) in an IM District - Section 901. PRINCIPAL USES PERMITTED IN INDUSTRIAL DISTRICTS - Use Unit 14.

Variance of the required number of off-street parking spaces from 54 to 18 spaces - Section 1214.D USE UNIT 14. SHOPPING GOODS AND SERVICES. Off-Street Parking and Loading Requirements - Use Unit 14.

Variance to permit required off-street parking spaces to be located on a lot not containing the principal use - Section 1301. OFF-STREET PARKING AND OFF-STREET LOADING - General Requirements - Use Unit 14, located 1924 East 6th Street.

Presentation:
The applicant, Dolores Bedingfield, 229 Woodward Boulevard, Tulsa, Oklahoma, owner of the property, was represented by Attorney Bill Elliott, 2251 East Skelly Drive, who submitted a plot plan (Exhibit E-1) and photographs (Exhibit E-2) of the property in question. He informed that the vacant 12,000 sq ft office building has limited parking; however, 15 spaces are available along the dead end street beside the building, and additional off-street parking will be provided on a lot to the west. He stated that the street beside the building could be vacated, as the City does not maintain it. Mr. Elliott stated that a sign company was the last occupant of the building. He pointed out the proposed business will not be a flea market, but will be more like an antique mall.

Comments and Questions:
Mr. Fuller inquired as to the amount of space devoted to office use and the amount that will be used for display area, and he replied that this would depend on the clients that rent spaces.

Ms. White asked the Mr. Elliott to differentiate between a collectors market and a flea market, and he replied that a flea market is an area of booths and tables where small inexpensive items are sold; however, a collectors market has antiques and some large more expensive items for sale.

Mr. Fuller asked if auctions will be held at this location, and Mr. Elliott stated that an auction could take place, but it would be unusual.

Mr. Jackere stated that he would be concerned if a flea market began operation at this location, and Ms. White agreed with Mr. Jackere, pointing out that auctions and flea markets generate a great deal of traffic.

Dolores Bedingfield, 229 Woodward Boulevard, Tulsa, Oklahoma, stated that it is not her intent to operate a flea market at this location. She informed that the market will be open every day from 10:00 a.m. to 5:00 p.m.
Case No. 15682 (continued)

Protestants:

Herschel Wood, 3131 East 84th Street, Tulsa, Oklahoma, stated that he
owns the property to the east and is opposed to vacating the street,
as the street is used to access his property. He informed that
adequate off-street parking is provided for the 22 employees on his
property, and is concerned with the operation of the proposed
business with limited parking spaces. Mr. Wood stated that he is
also opposed to auctions being conducted at this location.

Ms. Bradley asked if the building between the proposed business and
the parking lot to the west is occupied, and Mr. Wood answered in the
affirmative.

Ms. Hubbard stated that a collector’s market requires one space for
every 225 sq ft of floor area, or 54 parking spaces.

Additional Comments:

Ms. White asked Mr. Elliott if his client owns the 15 parking spaces
along the east wall of the building, and he replied that the spaces
are located on City right-of-way, but have always been used by the
tenants in the building.

Mr. Fuller stated that antique businesses do not normally generate a
large amount of traffic.

Ms. Bradley asked if the parking lot to the west is paved, and Mr.
Elliott replied that the lot is not paved.

Ms. White advised the applicant that the Code requires a hard surface
covering on all parking lots.

Board Action:

On MOTION of BOLZLE, the Board voted 5-0-0 (Bradley, Boizle,
Chappelle, Fuller, White, "aye"; no "nays"; no "abstentions"; none
"absent") to APPROVE a Special Exception to permit a Use Unit 14
antique and furniture store only, in an IM District - Section 901.

PRINCIPAL USES PERMITTED IN INDUSTRIAL DISTRICTS - Use Unit 14: to
APPROVE a Variance of the required number of off-street parking
spaces from 54 to 18 spaces - Section 1214.D USE UNIT 14. SHOPPING
GOODS AND SERVICES. Off-Street Parking and Loading Requirements - Use
Unit 14; and to APPROVE a Variance to permit required off-street
parking spaces to be located on a lot not containing the principal
use - Section 1301. OFF-STREET PARKING AND OFF-STREET LOADING -
General Requirements - Use Unit 14; subject to the prohibition of a
flea market operation, as well as any auctions being conducted on
the property; and subject to the parking lot to the west being
retained as parking for the antique and furniture store during the
term of the lease; finding the use, as presented, to be compatible
with the area; and finding a hardship imposed by the size of the
building in an IM zoned district, and the fact that the building has
limited parking and almost any use made of the building would require
relief by this Board; on the following described property:

Lots 1, 2, 4 and 5, Block 4, Abdo’s Addition, City of Tulsa,
Tulsa County, Oklahoma.

UPON APPROVAL BY THE BOARD OF ADJUSTMENT, INCOG STAFF WILL PROVIDE THE APPROVAL DOCUMENTS TO YOU FOR IMMEDIATE SUBMITTAL TO OUR OFFICE. (See revisions submittal procedure above.)

(continued)
1. **Sec.55.080-A:** Except as otherwise expressly stated in this chapter, required off-street parking areas must be located on the same lot as the building or use they are required to serve.

   **Review comment:** The proposed office requires nine (9) parking spaces. The parking area provided on your site plan is not on the same lot as the proposed office. Submit a plan providing the required parking on the same lot as the office. The site plan shall contain the following information:

   - North arrow
   - Appropriate drawing scale;
   - Legal description of the lot;
   - Actual shape and dimensions of the lot;
   - Lot lines and names of abutting streets;
   - Public rights-of-way;
   - The location and dimensions of existing buildings or structures, including distances to lot lines;
   - The location, dimensions and height of proposed buildings or structures;
   - Architectural projections for existing and proposed buildings and structures, i.e. stairs, porches, balconies, fireplaces, roof overhangs, etc.;
   - The intended use of existing and proposed buildings, structures or portion of the lot;
   - The setbacks from the proposed new buildings or structures and alterations of existing buildings or structures to the centerline of abutting Right-of-Way;
   - Location and dimensions of parking areas. This includes the parking spaces, the maneuvering areas necessary to enter and exit the spaces and the drives providing access to the parking spaces and maneuvering areas from a public or private street or other parking areas.

2. **Sec.55.080-D:** You may wish to consider off-site parking. It is allowed when:

   1. All or a portion of required off-street parking for nonresidential uses may be provided off-site, in accordance with the regulations of this section. Required accessible parking spaces (see Section 55.110) may not be located off site.

   2. Off-site parking areas must be located within a 1,000-foot radius of the use served by such parking, measured between the nearest public entrance door of the use to be served and the
outer perimeter of the furthest parking space within the off-site parking lot. Off-site parking lots are allowed only in zoning districts that permit non-accessory parking or in districts that allow the principal use to be served by the off-site parking spaces.

3. Off-site parking areas must comply with all applicable parking area design regulations of Sec. 55.090. Off-site parking proposed to take place on a newly constructed parking area must comply with the PK district lot and building regulations of Sec. 25.030-C.

4. The property to be occupied by the off-site parking facilities must be under the same ownership as the lot containing the use to be served by the parking. The off-site parking area may be under separate ownership only if an agreement is provided guaranteeing the long-term availability of the parking, commensurate with the use served by the parking. The agreement must be filed of record in the county clerk's office of the county in which the property is located. Off-site parking privileges will continue in effect only as long as the agreement, binding on all parties, remains in force. If an off-site parking agreement lapses or is no longer valid, then parking must be provided as otherwise required by this chapter.

Review comment: If you choose to provide off-site parking:

1. Show the location on your site plan;
2. Provide documentation the lot is under the same ownership as the lot with the office; or
3. If under separate ownership submit an agreement guaranteeing the long-term availability of the parking, commensurate with the use served by the parking. This agreement is also reviewed and approved by City of Tulsa legal. Once this is completed, the agreement must be filed of record in the Tulsa county clerk’s office resubmitted to this office.

3. Sec. 55.050-I: On-street parking spaces on public street rights-of-way abutting the subject property may count towards satisfying off-street motor vehicle parking requirements. One on-street parking space credit may be taken for each 20 linear feet of abutting right-of-way where on-street parking is allowed. Only space on the same side of the street as the subject use may be counted, except that the opposite side of the street may be counted if the property on that side of the street does not have the potential for future development. In calculating credit for on-street parking, all fractional spaces are rounded down.

Review comment: On-street parking may be available if it is in compliance with this section. These spaces shall be indicated on your site plan.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.

A hard copy of this letter is available upon request by the applicant.

ZONED: CBD

PRESENT USE: Mixed-Use Commercial/Residential
TRACT SIZE: 1463.62 SQ FT

RELEVANT PREVIOUS ACTIONS:
None Relevant.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of the “Downtown Core” and an “Area of Growth”.

Downtown Core is Tulsa’s most intense regional center of commerce, housing, culture and entertainment. It is an urban environment of primarily high density employment and mixed-use residential uses, complemented by regional-scale entertainment, conference, tourism and educational institutions. Downtown core is primarily a pedestrian-oriented area with generous sidewalks shaded by trees, in-town parks, open space and plazas.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by CBD zoning and a variety of uses including commercial/retail, office space and bars.

STAFF COMMENTS:
The applicant is before the Board requesting a Special Exception to permit a Bed & Breakfast in the existing mixed-use commercial building on the subject site. The applicant has stated that commercial/retail is on the ground floor of the building and the existing apartment on the 2nd floor will be used for short terms rentals. The request is to permit short-term (less than 30 days) lodging/rental
in the existing residence on the site. As the writing of this case report staff has not received any comments from the surrounding neighbors and property owners.

The following supplemental use regulations in Section 40.060 apply to all bed and breakfast uses.

- Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.

- The maximum length of stay for any guest is limited to 30 consecutive days.

- The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.

- Cooking facilities are prohibited in guest rooms.

- Signs are allowed in accordance with the sign regulations of the subject zoning district unless the board of adjustment establishes stricter conditions at the time of special exception approval.
  - **Section 60.050-B.2,a - Wall Signs** - Nonresidential uses in R districts are allowed a maximum of one wall sign per public building entrance. Such signs may not exceed 32 square feet in area.
  - **Section 60.050-B.2,b - Freestanding Signs** - Nonresidential uses in R districts are allowed a maximum of one freestanding sign per street frontage. Allowed freestanding signs are subject to a maximum height limit of 20 feet and may not exceed 32 square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed 150 square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.
  - **Section 60.050-B.2,c - Dynamic Displays** - Dynamic displays are prohibited in R districts except that on a lot occupied by an allowed public, civic or institutional use, the board of adjustment is authorized to approve a special exception for the allowed wall sign or the allowed freestanding sign to include a dynamic display.

- Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the board of adjustment at the time of special exception approval. The board of adjustment may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires ex-press authorization of the board of adjustment, in accordance with the special exception procedures of Section 70.120. As part of approval of the special exception, the board of adjustment is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility's likely impacts on the area.

**Sample Motion for a Special Exception**

Move to _______ (approve/deny) a Special Exception to allow a Bed and Breakfast (Airbnb) in the CBD district (Section 15.020).

- Subject to the following conditions (including time limitation, if any): ________

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

To Whom It May Concern,

My property where I want to have an Airbnb is at 808 E 3rd St, Tulsa, OK 74120 in the East Village District within the CBD. It is a two story building built in 1916 and is zoned mixed use with retail on the first floor and residential on the second floor. I’ve had long-term rentals upstairs for the last six years and would like to change the upstairs to short-term rental in the form of an Airbnb. The upstairs is a two bedroom, one bath apartment. Parking is not an issue with it being in the CBD and a fee parking lot across the street at 3rd and Kenosha. I have checked with my insurance agent at State Farm Insurance and was assured that an Airbnb is covered under my business property policy. I have owned this property since 2006 and have made improvements to it using my finances and believe in making my property the best that it can be to promote downtown Tulsa and its growth.

Best Regards,

(continued)
1. **Sec.35.050-G1**: Your application is for a Bed & Breakfast which is located in an RM-2 zoning district. This use is allowed in the RM-2 district by Special Exception (Table 5-2: R District Use Regulations).

**Review Comment**: Submit a copy of the Special Exception reviewed and approved per Sec.70.120 to allow a Bed & Breakfast in the CBD zoning district.

**NOTE**: The following supplemental use regulations of Sec.40.060 apply to all bed and breakfast uses.

- **Sec.40.060-A**: Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.
- **Sec.40.060-B**: The maximum length of stay for any guest is limited to 30 consecutive days.
- **Sec.40.060-C**: The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.
- **Sec.40.060-D**: Cooking facilities are prohibited in guest rooms.
- **Sec.40.060-E**: Signs are allowed in accordance with the sign regulations of the subject zoning district unless the BOA establishes stricter conditions at the time of Special Exception approval.
- **Sec.40.060-F**: Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the BOA at the time of Special Exception approval. The BOA may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires express authorization of the BOA, in accordance with the Special Exception procedures of Sec.70.120. As part of approval of the Special Exception, the BOA is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility’s likely impacts on the area.

2. **Sec.70.080-B1b(5)**: In order to help ensure a proper arrangement of streets and the adequacy of open spaces for traffic, utilities and emergency vehicle access, commensurate with the intensification of land use customarily incident to a zoning map amendment, a platting requirement is established. Except as expressly stated in Sec.70.080-B2, no building permit or zoning clearance permit may be issued until that portion of the subject parcel for which the permit is sought has been granted a plat waiver (Sec.70.080-B2a), or has been included within a subdivision plat or replat (Sec.70.080-B2b) that has been submitted to and approved by the planning commission, and filed of record in the county clerk’s office of the county.
in which the property is located. This platting requirement applies to any property for which a special exception was approved for a Bed & breakfast.

3. **NOTE:** A Certificate of Occupancy will be required after approval of Zoning Clearance.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.

A hard copy of this letter is available upon request by the applicant.

ACTION REQUESTED: Variance to allow a dynamic display sign within 200 ft. on an R district (Sec.60.100-F)

LOCATION: 2432 E 51 ST S

ZONED: CS

PRESENT USE: Commercial

TRACT SIZE: 46,112.2 SQ FT

LEGAL DESCRIPTION: Lot 1 Block 1, SPANISH GARDENS ADDN, PARKHILL, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

Subject Lot: BOA 22133; on 10.11.16 the Board approved a Variance of the required off-street parking spaces for retail sales in the CS district from 70 to 48.

BOA 22106; on 07.26.16 the Board approved/accepted a verification of the 300' spacing requirement for a liquor store.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of a “Town Center” and an “Area of Growth”.

Town Centers are medium-scale, one to five story mixed-use areas intended to serve a larger area of neighborhoods than Neighborhood centers, with retail, dining, and services and employment. They can include apartments, condominiums, and townhouses with small lot single family homes at the edges. A Town Center also may contain offices that employ nearby residents. Town centers also serve as the main transit hub for surrounding neighborhoods, and can include plazas and squares for markets and events. These are pedestrian-oriented centers designed so visitors can park once and walk to number of destinations.

The purpose of Areas of Growth is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.
**ANALYSIS OF SURROUNDING AREA:** The subject tract is abutted by CS zoned commercial/retail on the west; RM-2 zoned residential on the east and south. E 51st St S, CS and OM zoning abut the site on the north.

**STAFF COMMENTS:**
The applicant is proposing to install a 4'-8" x 9'-5" (43.9 sq. ft.) dynamic display sign on the north elevation of the building as shown on the submitted plans and photos. It appears that the proposed dynamic display sign is within 200 ft. of a the R district on the east and south.

The Code requires that no dynamic display sign, if visible from an R district other than street, highway or freeway right-of-way, shall be located within 200 feet of the R district. The Code attempts to protect nearby and visible R districts from the impacts of digital signs. The applicant is requesting a variance to allow proposed dynamic display sign within 200' of an R-zoned district. The applicant provided the following statement: “The digital sign will face north and it will not be visible from the residential district.”

**Sample Motion**

Move to _________ (approve/deny) a Variance to permit a dynamic display sign to be located within 200 ft. of a R district (Section 60.100-F).

- Finding the hardship(s) to be ____________.
- Per the Conceptual Plan(s) shown on page(s) ______ of the agenda packet.
- Subject to the following conditions ______________.

The Board finds that the following facts, favorable to the property owner, have been established:

"a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;

b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision’s intended purpose;

c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;

d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;

e. That the variance to be granted is the minimum variance that will afford relief;

f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and

g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan."

Action Requested:
Variance of the required off-street parking spaces for retail sales in the CS District from 70 to 48 (Section 55.020). LOCATION: 2432 East 51st Street South (CD 9)

Ms. Back and Mr. Van De Wiele recused and left the meeting at 1:06 P.M.

Presentation:
Robert Getchell, 100 West 5th Street, Suite 1100, Tulsa, OK; stated the application was originally submitted by Jim Beach of Wallace Engineering on behalf of Parkhill & Parkhill, LLC, the owner of Parkhill Liquor and Wines located at 51st and Lewis. The Parkhill family has operated the business at the southeast corner of 51st and Lewis since 1963. They have built a strong family owned business with a loyal customer base. The success of the business is the decades long presence at its current location. In the past several months circumstances beyond the Parkhill’s control dictates that business must move. The landlord has informed them that the lease for the space within the shopping center will not be renewed. The relocation alternative offered by the current landlord was not economically feasible for the Parkhills. They opted to purchase a one acre tract immediately to the east of their current location. This option will allow the Parkhills to stay in the same area that have been identified with for over five decades. The future site has challenges. It required a rezoning which has been approved. It required a platting of the property which has been approved. The last remaining step is today’s application for the Variance. Parkhill is seeking the Variance to alleviate an unnecessary hardship that will be caused by the strict enforcement of the Code’s requirement. A Variance is intended to provide relief when the requirements of the Zoning Code render property very difficult or impossible to put to a reasonable use because of unique characteristics and such conditions exist on the subject property justifying approval of the requested Variance. The shape of the subject lot, the
topographical conditions and the shape of the lot all make it necessary or have made it necessary for the Parkhills to do certain things to accommodate the footprint of the building. An existing drainage easement in the southeast corner of the subject property has been retained and that has dictated the building could not be moved any farther back on the lot. In accommodating the rezoning and the platting of the subject property it was discovered that there had never been a dedication of additional right-of-way for 51st Street beyond the original statutory section line easement. Between that and a water line that is located on a non-existant easement there was additional roadway dedication prior to the 16 foot easement on the north side all of which required the building to be pushed back southward from 51st Street. This eliminated six parking spaces that were already on the plan while under conception. The landscaping that is required on the east boundary limits the ability to use the east property line for parking. The west property line slopes very steeply towards Lewis Avenue which makes it difficult to move the building eastward. Parking requirements are in place to assure there are sufficient onsite parking to meet peak vehicle demands. Parkhill submits that the literal enforcement of the Code is not necessary to achieve the objective in this instance based on 50 years of experience in operating their store. Parkhill believes that they can represent to the Board that the customers spend a limited amount of time in the store with the average visit being about ten minutes per customer. The parking situation is not one where people spend more than 15 minutes in the store at any particular time. The Parkhills did an analysis of their transaction pattern and the average transaction is typically less each day than the number of parking spaces available. The Zoning Code for parking is based on the square footage of the building. The building is approximately 20,323 square feet, however, approximately 3,000 square feet will not be for public retail use. In addition, a lot of the floor area is used for storage of inventory even of the retail space. Both of these things indicate that the application of the strict formula of the Zoning Code would be somewhat burdensome for Parkhill at the subject location. The conditions at the site are unique and this is an infill development that has issues not likely to exist along the remainder of the 51st Street corridor in the area. Parkhill has maximized the lot for every available spot to be used for parking. If the Variance is approved it will not alter the essential character of the neighborhood or substantially or permanently impair use or development of adjacent property and will not cause substantial detriment to the public good or impair the purpose, spirit or intent of the Zoning Code.

Mr. White asked Mr. Getchell if the store ever ran 70 customers at a time based on the traffic analysis performed. Mr. Getchell stated the store as it currently exists only has 60 spaces in front of the store and based on the generated reports the probable high might be more than 48 customers in the store over a course of an hour. But there are probably not 48 customers in the store at any one given time in the day.

Interested Parties:
Greg Guerreo, 1120 South Boston Avenue, Suite 100, Tulsa, OK; stated he is the managing member for the Atlanta Terrace Apartments which is the property immediately to the east of the subject property. He is familiar with Parkhill and it is his understanding that the amount of business they have during peak periods fill up the
current parking space. Mr. Guerreo stated that he believes the apartment parking for residents will probably be the overflow parking for Parkhill if the parking is not adequate for their needs. Mr. Guerreo stated that the ingress and egress for the subject property, along with the apartments, is terrible. Turning to the right to go east is very easy but people turning to the west have a very difficult time. If the store fills up their entire parking lot the customers will overflow to the apartments. He would echo the objections raised by Venture Properties not because Parkhill is not a good business but because he does not want the apartments to carry the overload of customers.

Mr. White asked Mr. Guerreo if he thought there would still be a problem entering and exiting the property regardless of what type business went on the property. Mr. Guerreo answered affirmatively. Mr. Guerreo stated there is a problem now but the apartments do not have any room to modify their ingress and egress, but if Parkhill could move their ingress and egress might help.

Rebuttal:

Robert Getchell came forward and stated that it is presumptuous to assume the apartments are going to be the overflow parking lot, because there is a fence that comes down the entire common boundary line. People will not pull into the apartment complex, drive down the driveway to find an open space and then walk all the way back to 51st Street then walk back halfway down the property to the entrance of the store is unlikely to occur. In regards to the difficulty getting in and out of the subject property is not different than what already exists. The driveway for the existing Parkhill store is not much farther down the road and there is a challenge in trying to turn westward from the north driveway. The mentioned problem is probably a common problem to virtually every arterial street in Tulsa so he does not think there will be a new or unique kind of problem created.

Comments and Questions:

Mr. Bond understands the interested parties concerns but based on the information provided by the applicant it does not sound like the parking would be full for long periods of time so it would not create a hardship for the neighbor.

Board Action:

On MOTION of FLANAGAN, the Board voted 3-0-2 (Bond, Flanagan, White "aye"; no "nays"; Back, Van De Wiele "abstaining"; Flanagan, Van De Wiele absent) to APPROVE the request for a Variance of the required off-street parking spaces for retail sales in the CS District from 70 to 48 (Section 55.020). The Board determines that the following facts, favorable to the property owner, have been established:

a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;

b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision's intended purpose;
c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;
d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;
e. That the variance to be granted is the minimum variance that will afford relief;
f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and
g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan; for the following property:

- **Karen Meza**, 7330 East 24th Street, Tulsa, OK; stated the subject property will be for selling used cars. They have erected a fence all around the subject property to screen the lot from the neighbors.

Mr. Van De Wiele asked Ms. Meza how many cars they anticipated having on the lot at any one given time. Ms. Meza stated there would be a minimum of ten cars with a maximum of 20 cars.

Mr. Van De Wiele asked Ms. Miller if 10 to 20 cars would fit on the lot based on the diagram provided by the applicant. Ms. Miller stated that the diagram on page 4.10 in the agenda packet shows no dimensions so she is not sure.

Mr. Van De Wiele stated there has been an issue of having too many cars on too small of a lot. So the parking spaces need to meet the dimensions and size of parking stalls

Application No. 425547  2432 E 051 ST S  July 06, 2017

This letter of deficiencies covers Sign Plan Review items only.

For ground, monument, pole & outdoor advertising structure sign applications only, you may receive additional letters from other disciplines such as Water/Sewer/Drainage for additional deficiencies regarding Utility Easement placement which are not addressed in this letter.

60.100-F Dynamic displays may not be located within 200 feet of any of the following: (1) an R district (other than street, highway or freeway right-of-way); (2) a residential development area. This separation distance does not apply if the dynamic display is not visible from the referenced district, area or lot, and the requirements may be modified in R and AG districts if approved through the special exception process.

Review Comments: The proposed dynamic display sign appears to be located within 200 feet of an RM-2 Residential zoning district. You may pursue a variance from the BOA to permit a dynamic display freestanding sign to be located within 200 feet of an RM-2 zoning district.

NOTE: Please direct all questions concerning variances, special exceptions, appeals of an administrative official, Planned Unit Developments (PUD), Corridor (CO) zoned districts, zoning changes, platting, lot splits, lot combinations, alternative compliance landscape plans and all questions regarding (BOA) or (TMAPC) application forms and fees to an INCOG representative at 584-7526. It is your responsibility to send the decision of any actions by the BOA or TMAPC affecting the status of your application for a Sign Permit to our office so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf.

LEGAL DESCRIPTION: S4.3 LT 3 & N48 LT 4 BLK 5, NORTH TULSA, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

Subject Lot:  
BOA 18861; on 09.12.00 the Board approved a Variance of lot area and land area per dwelling unit requirement; a Variance of livability space requirement; and a Variance of required front and rear yard setback requirement.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an ‘Existing Neighborhood’ and an ‘Area of Stability’.

An Existing Neighborhood is intended to preserve and enhance Tulsa’s existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code.

The Areas of Stability include approximately 75% of the city’s total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.
ANALYSIS OF SURROUNDING AREA: The subject tract is abutted by RS-4 zoned residences on the north, east and south; RM-1 zoning abuts the site on the west.

STAFF COMMENTS:
The applicant provided the following statement: "The property is unique due to it age; over 100 years old. Having been platted and its structures built prior to any zoning Code being adopted in the City. Currently the lot is non-conforming; by allowing the split there will be at least one conforming lot." As shown on the attached survey, the proposed Tract A will be 2,722.3 sq. ft. and Tract B will be 5,543.8 sq. ft. For a detached house use in the RS-4 district the Code requires a lot area and lot area per unit of 5,500 sq. ft.; the also Code requires a lot width of 50 ft. To permit Tract A as proposed the applicant has requested a variance to reduce the required lot area and lot area per unit requirement from 5,500 sq. ft. to 2,722 sq. ft.

The Code requires a open space per unit of 2,500. Open space per unit refers to the amount of outdoor open space required to be provided on a lot for each dwelling unit on the subject lot. The following may be counted toward satisfying minimum open space-per unit requirements: (1) Outdoor areas that are not occupied by buildings, driveways or parking areas and are generally useable by residents; (2) Driveways and parking areas located in the rear yard of a detached house or duplex; and; (3) Green roofs covering 25% or more of the subject building’s overall roof area. It appears the existing building on Tract A (2722 sq. ft.) occupies 1221 sq. ft. of the site. The applicant has requested a variance to reduce the open space per unit requirement to 1,501 sq. ft. (lot area – building area).

In a previous Board case (BOA 18861) the Board approved a variance to reduce the front setback to 12'-6" and a variance to reduce the rear setback to 3.4' to allow the existing house on Tract A. Therefore the requested Variance to reduce the front and rear building setback requirements for Tract A is not needed and can be withdrawn by the applicant at the hearing.

Variances not utilized within 3 years of approval are null and void; therefore the previously approved variances to reduce the lot area, land area per dwelling unit and the livability space requirement expired because the proposed lot split in BOA 18861 was not approved by the TMAPC.

Sample Motion

Move to ________ (approve/deny) a Variance to reduce the front setback of Tract A from 20 ft. to 12. 6 ft.; Variance to reduce the rear setback of Tract A from 20 ft. to 3.3 ft.; Variance of the minimum open space per unit from 2500 sq. ft. to 1,501 sq. ft. for Tract A; and a Variance of the lot area and lot area per dwelling unit requirement from 5,500 sq. ft. to 2,722 sq. ft. for Tract A to permit a lot-split (Section 5.030).

BULK AND AREA REQUIREMENTS IN THE RESIDENTIAL DISTRICTS, located SW/c W. Golden & Cheyenne Ave.

Presentation:
Ted Sack, 111 S. Elgin, stated that he was representing the applicant, who wants to sell the two residences on the subject property, separately. The applicant is remodeling but there will be no change in the square footage of the homes. It is probably in non-conformance now because there are two residences on one lot, which is against Code.

Comments and Questions:
Ms. Turnbo identified that the lot is in the HP zoning. Mr. Dunham asked what would be the proposed access to Tract B. Mr. Sack replied West Golden is the accessibility.

Interested Parties:
Emily Warner, 1011 N. Cheyenne, stated she is the President of the Brady Heights Neighborhood Association. She is also a member of the Tulsa Preservation Commission, and serves on the Certificate of Appropriateness. She stated that the reason she came because it was not clear that the application was for a lot split. She stated that they do not oppose the lot split.

Board Action:
On MOTION of Dunham, the Board voted 5-0-0 (White, Dunham, Turnbo, Perkins, Cooper "aye"; no "nays"; no "abstentions"; no "absences") to APPROVE a Variance of land area per dwelling unit on Tract B, from 6,750 square feet to 4,938 square feet; a Variance of livability space on Tract B from 2,500 square feet to 2,173 square feet; a Variance of required minimum lot area on Tract A from 5,500 square feet to 5,131 square feet; a Variance of required minimum lot area on Tract B from 5,500 square feet to 3,138 square feet; a Variance of required setback from West Golden from 20' to 12'6”; and a Variance of the required rear yard from

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an 'Existing Neighborhood' and an 'Area of Stability'.

An Existing Neighborhood is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code.

The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

ANALYSIS OF SURROUNDING AREA: The subject tract is abutted by RS-4 zoned residences on the north, east and south; RM-1 zoning abuts the site on the west.
STAFF COMMENTS:
The applicant is before the Board requesting a special exception to allow existing duplex on the subject site. A duplex use is by permitted special exception only in the RS-4 district. As shown on the attached site plan the existing structure has a north side yard setback of 4 ft.; to permit the existing structure the applicant has requested a variance to reduce the side yard setback from 5 ft. to 4 ft. in the RS-4 district.

The existing lot is 7448.79 sq. ft. For a duplex use in the RS-4 district the Code requires a lot area of 9000 sq. ft. and a lot area per unit of 4500 sq. ft. The applicant has requested a variance to reduce the required lot area of a duplex use to 7448.79 sq. ft. and a variance to reduce the lot area per unit requirement 3,724 sq. ft.

For a duplex use in the RS-4 district the Code requires a lot width of 75 ft. The applicant has requested a variance to reduce the lot width requirement for a duplex use in the RS-4 district to 50 ft. as shown on the attached site plan. The applicant provided the following statement: “The existing building was built in the 1920’s or 1930’s. The house is a duplex, however the zoning is single-family high density. This application is being submitted to request an exemption to update the outdated zoning to reflect the property’s status as a duplex.”

SUBJECT TRACT
BOARD OF ADJUSTMENT
CASE REPORT

STR: 9316
CZM: 37
CD: 4
A-P#: 9289

Case Number: BOA-22319

HEARING DATE: 09/12/2017 1:00 PM

APPLICANT: Terri Willms

ACTION REQUESTED: Special Exception to allow a Bed and Breakfast (short-term rental) in an R district. (Sec.5.020)

LOCATION: 4413 E 23 ST S

ZONED: RS-3

PRESENT USE: Residential

TRACT SIZE: 10528.5 SQ FT

LEGAL DESCRIPTION: LT 14 BLK 7, MAYO MEADOW, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

Surrounding Properties: BOA 22289; on 06.27.17 the Board approved a special exception to allow a Bed and Breakfast (Airbnb) in an R district; located W of the SW/c of E. 21 Pl. S. and S. Louisville Ave.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an "Existing Neighborhood" and an "Area of Stability".

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

The Areas of Stability includes approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RS-3 zoned residences.
STAFF COMMENTS:
The applicant is before the Board requesting a Special Exception to permit a Bed & Breakfast in the existing house on the subject site. The request is to permit short-term (less than 30 days) lodging/rental on the site. The applicant has not expressed a desire to have events (weddings/receptions) on the site; it appears that the site will be used for short-term lodging/rental only.

As the writing of this case report staff has not received any comments from the surrounding neighbors and property owners.

The following supplemental use regulations in Section 40.060 apply to all bed and breakfast uses.

- Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.

- The maximum length of stay for any guest is limited to 30 consecutive days.

- The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.

- Cooking facilities are prohibited in guest rooms.

- Signs are allowed in accordance with the sign regulations of the subject zoning district unless the board of adjustment establishes stricter conditions at the time of special exception approval.

  Section 60.050-B.2,a - Wall Signs - Nonresidential uses in R districts are allowed a maximum of one wall sign per public building entrance. Such signs may not exceed 32 square feet in area.

  Section 60.050-B.2,b - Freestanding Signs - Nonresidential uses in R districts are allowed a maximum of one freestanding sign per street frontage. Allowed freestanding signs are subject to a maximum height limit of 20 feet and may not exceed 32 square feet in area or 0.20 square feet of sign area per linear foot of street frontage, whichever is greater, but in no case may the sign exceed 150 square feet in area. The maximum sign area calculation must be based on the street frontage to which the sign is oriented.

  Section 60.050-B.2,c - Dynamic Displays - Dynamic displays are prohibited in R districts except that on a lot occupied by an allowed public, civic or institutional use, the board of adjustment is authorized to approve a special exception for the allowed wall sign or the allowed freestanding sign to include a dynamic display.

- Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the board of adjustment at the time of special exception approval. The board of adjustment may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires express authorization of the board of adjustment, in accordance with the special exception procedures of Section 70.120. As part of approval of the special exception, the board of adjustment is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility's likely impacts on the area.

Sample Motion for a Special Exception

Move to ________ (approve/deny) a Special Exception to allow a Bed and Breakfast (short-term rental) in an R district. (Sec.5.020)

- Subject to the following conditions (including time limitation, if any): __________
The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
Board Action:
On MOTION of FLANAGAN, the Board voted 3-0-1 (Back, Flanagan, White "aye"; no "nays"; Van De Wiele "abstaining"; Bond absent) to APPROVE the request for a Variance to increase the permitted height of a projecting sign to from 25 feet to 62 feet in the CBD District (Section 60.080-D), subject to conceptual plans 14.9 and 14.10 in the agenda packet. The Board has found the hardship to be the building location to the property line. The Board finds that the following facts, favorable to the property owner, have been established:

a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;

b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision’s intended purpose;

c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;

d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;

e. That the variance to be granted is the minimum variance that will afford relief;

f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and

g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan; for the following property:

LT 3 & N50 LT 4 BLK 163, TULSA-ORIGINAL TOWN, City of Tulsa, Tulsa County, State of Oklahoma

22269—Natalie Hynes

Action Requested:
Special Exception to permit a Bed & Breakfast (Airbnb) in the R District (Section 5.020). LOCATION: 3540 East 21st Place South (CD 4)

Presentation:
Natalie Hynes, 3923 South 65th West Avenue, Tulsa, OK; stated the request is for an Airbnb and there will be no events or parties hosted at the house, and no pets will be allowed. Tulsa is a growing market and the house will be very structured and she will be careful as to who stays. Ms. Hynes stated that six neighbors called her and they encouraged the project. She will come by the property to check on it and make sure that everything is maintained. Ms. Hynes stated that her family owns several properties, commercial and residential in Tulsa. Ms. Hynes stated that she saw the news story on FOX 23 on May 24th and she filed for the permit on May 25th. No one has ever stayed
at the house and no one has slept there since she has owned the house. She and her family want to do everything by the book and make it a positive thing for the neighbors. The house will be just for people traveling to or through the city.

Mr. Van De Wiele asked Ms. Hynes if the house was three bedrooms. Ms. Hynes answered affirmatively. Ms. Hynes stated the house will be booked as one booking, no one will be allowed to just rent a bedroom. Mr. Van De Wiele asked if there would be a limit to the number of people that could stay in the house. Ms. Hynes stated there would be a limitation to the amount of guests with eight being the maximum amount. There is a two-car garage also that the guests will have access to and the driveway could accommodate up to four cars.

**Interested Parties:**

**Patti Barker,** 3516 East 21st Place, Tulsa, OK; stated she lives five houses to the west of the subject property and she has lived there for 21 years. She is in support of this request. She is a consumer of VRBO and Airbnb properties when she travels. Guests are held to standards and she knows the standards hosts are held to. Ms. Barker stated there are rental properties on the street and she would prefer an Airbnb to a landlord, because it takes landlords forever to evict a problem or to take care of a yard or to fix a house. Ms. Barker this would be a great addition to the neighborhood and there are other VRBOs in the neighborhood that are obviously not licensed. This is not anything new because it has been going on in Tulsa for a long time. Her daughter married six years ago and she rented a VRBO for wedding guests in the 22nd and Lewis area. Ms. Barker stated that she knows what kind of deposit is required and she knows what is lost when a guest does not take care of a property. Ms. Barker stated that the applicant's family has been in Tulsa for generations and they are respected. This is a great addition, especially since it is so close to Route 66, so cannot imagine that it will not be an asset to the neighborhood.

**Carolyn Gaither,** 3520 East 21st Place, Tulsa, OK; stated she owns a house at 3515 East 22nd Place. Ms. Gaither stated that most of the houses have one car garages and during the festivities there is parking on one side of the street only. Ms. Gaither is worried about this request opening up the neighborhood to people having the crazy idea that they can make money because it is a small neighborhood. Ms. Gaither stated she bought her house in 1957 and she bought the house on 22nd Place in 1972 and she loves the area. The area is residential and the houses are not large. The yards are not large. Ms. Gaither stated that she worried about strangers coming in and out of the neighborhood, and it is scary. Ms. Gaither asked the Board to please consider the people that live in the neighborhood. The neighborhood does not need businesses coming in and allow people to come in with hair brained ideas.

**Rebuttal:**

**Natalie Hynes** came forward and presented a photo of the subject house showing the two-car garage and the driveway. Ms. Hynes stated that she wants to assure Ms. Gaither and the neighbors that this is not some sort of hair brained idea. Ms. Hynes stated that her family owns and has owned several businesses and residential
properties, which they lease the residential property through Chenowth and Cohen. This is not something that her family takes lightly and this will be handled like a professional business.

**Ryan Sharnell**, 1525 South Owasso, Tulsa, OK; stated he did not plan on speaking today; he is attending just to see what is going on with the Airbnb. Mr. Sharnell stated that he will have a similar issue coming before the Board of Adjustment in July. Mr. Sharnell stated that he does not think the Code is written to handle Airbnbs or a Bed & Breakfast. A bed and breakfast is where the resident is on staff, and are in the house looking over the people that are renting the property. The Airbnbs are outside the bed and breakfast realm because the owner is not on site. The concern in Tulsa, in general, by allowing the Airbnbs is the absent owners. There is no one overseeing the property other than a negative review two weeks later. Mr. Sharnell stated that he thinks it can have a snowball effect so before one is approved, more in the future will be hard to deny regardless of what the residents say or object to.

Mr. Van De Wiele stated that he has asked the question about “owner occupied” to the INCOG staff and because he too generally views a bed and breakfast as owner occupied. But it is not required, at least in the way the Zoning Code defines a bed and breakfast. Owner occupancy is not required under the Zoning Code.

Mr. Van De Wiele asked Ms. Miller if staff, City Council, or anyone looking at this for more clarification, because this seems to be a square peg trying to fit into a round hole. Ms. Miller stated that next week there is a meeting in the Mayor’s office to discuss and review all the different perspectives of a bed and breakfast.

Mr. Sharnell stated that even the Board has suggested in the past to look at the Code to address amending the Code to the Airbnb situation, while not hastily making a decision.

Ms. Hynes came forward and stated people are applying for these permits and the City actually told her that she was the first to actually apply for a permit without receiving any complaints. Ms. Hynes stated they have received zero complaints because they have not been open. When people come to Tulsa they are going to find some place to stay and in this day and age they are moving away from hotels because they want the home away experience. She has spent $766.00 to receive a license from the City, sent letters to the neighbors and met with the neighbors. From her perspective she is ready to go and get the business started.

**Allen Hynes**, 3923 South 65th West Avenue, Tulsa, OK; stated that he is a business man and takes things seriously. This is a house that he passes almost every day and he can check on it a lot. He can make sure the lawn and the flower beds are taken care of. This is something that they are not going to be an absentee about.

**Comments and Questions:**
Mr. Van De Wiele stated that he appreciates the fact that the applicant filed an application prior to opening and the fact that they reached out to the neighbors. In
regards to this application he does not see this as opening the flood gates because every one of the applications presented to the Board are taken on a one on one basis. Mr. Van De Wiele thinks this is a good use of the property. He would want to see limitations on a single booking with no parties or events, no exterior signage, and a time limitation of three to five years because of how new these establishments are.

Mr. Flanagan stated that he has no issues with the request. The only way the Board can judge future behavior is by past behavior and it is a good thing that Ms. Hynes filed for a permit prior to opening.

Mr. White thinks the instead of imposing a time frame should the request be approved let the market sort it out. Mr. Van De Wiele stated that his thoughts are that this is an existing three bedroom house and it will still be that three to five years from now even the applicant looses the Special Exception. Mr. Van De Wiele stated that what may be good for the business may not be good for the neighborhood.

Ms. Back stated that it has been stated that staff will have a meeting next week to discuss all the components of this and the impacts. Ms. Back could support this request but her concern is if this request is granted today will the applicant be grandfathered in and not have to pay hotel taxes? Ms. Miller stated that it is her understanding that in the State of Oklahoma there will be taxes charged on Airbnbs on July 1st but that is not connected to any zoning.

**Board Action:**
On **MOTION of BACK**, the Board voted 4-0-0 (Back, Flanagan, Van De Wiele, White "aye"; no "nays"; no "abstentions"; Bond absent) to **APPROVE** the request for a **Special Exception** to permit a Bed & Breakfast (Airbnb) in the R District (Section 5.020) in the existing structure. The approval is subject to the following conditions: a five year time limit set from today’s date of June 27, 2017 and is to end June 26, 2022; there is to be no exterior signage allowed; no bookings for events or parties will be allowed; and there is to be single bookings with no partial bookings. The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare; for the following property:

**LT 2 BLK 5, JEFFERSON HILLS ADDN, City of Tulsa, Tulsa County, State of Oklahoma**

Ms. Miller left the meeting at 3:50 P.M.

**REVIEW COMMENTS**

SECTIONS REFERENCED BELOW ARE FROM THE CITY OF TULSA ZONING CODE TITLE 42 AND CAN BE VIEWED AT [WWW.CITYOFTULSA-BOA.ORG](http://www.cityoftulsa-boa.org)
Note: Please direct all questions concerning special exceptions, platting and appeals of an administrative official decision and all questions regarding BOA application forms and fees to an INCOG representative at 918-584-7526. It is your responsibility to submit to our offices documentation of any appeal decisions by an authorized decision making body affecting the status of your application so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf. Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

1. Sec.35.050-G1: Your application is for a Bed & Breakfast which is located in an RM-2 zoning district. This use is allowed in the RM-2 district by Special Exception (Table 5-2: R District Use Regulations). Review Comment: Submit a copy of the Special Exception reviewed and approved per Sec.70.120 to allow a Bed & Breakfast in the RM-2 zoning district.

NOTE: The following supplemental use regulations of Sec.40.060 apply to all bed and breakfast uses.

- **Sec.40.060-A:** Bed and breakfast are limited to a maximum of 12 guest rooms unless a lower limit is established by the board of adjustment as a condition of an approved special exception.
- **Sec.40.060-B:** The maximum length of stay for any guest is limited to 30 consecutive days.
- **Sec.40.060-C:** The owner/operator must maintain a register of bed and breakfast guests and on-site events for each calendar year and make the register available to city code enforcement upon request.
- **Sec.40.060-D:** Cooking facilities are prohibited in guest rooms.
- **Sec.40.060-E:** Signs are allowed in accordance with the sign regulations of the subject zoning district unless the BOA establishes stricter conditions at the time of Special Exception approval.
- **Sec.40.060-F:** Public restaurants are prohibited. Meals may be served only to overnight guests and for on-site events expressly authorized by the BOA at the time of Special Exception approval. The BOA may authorize bed and breakfasts to be rented for events, such as weddings, receptions, anniversaries, private dinner parties, business seminars, etc. The use of bed and breakfasts for on-site events requires express authorization of the BOA, in accordance with the Special Exception procedures of Sec.70.120. As part of approval of the Special Exception, the BOA is authorized to establish the maximum number of on-site events per year and the maximum number of guests per any single event, based on the availability of off-street parking and the facility’s likely impacts on the area.

2. Sec.70.080-B1b(5): In order to help ensure a proper arrangement of streets and the adequacy of open spaces for traffic, utilities and emergency vehicle access, commensurate with the intensification of land use customarily incident to a zoning map amendment, a platting requirement is established. Except as expressly stated in Sec.70.080-B2, no building permit or zoning clearance permit may be issued until that portion of the subject parcel for which the permit is sought has been granted a plat waiver (Sec.70.080-B2a), or has been included within a subdivision plat or replat (Sec.70.080-B2b) that has been submitted to and approved by the planning commission, and filed of record in the county clerk’s office of the county in which the property is located. This platting requirement applies to any property for which a special exception was approved for a Bed & Breakfast.

Review comment: Submit a copy of a plat waiver, or a plat or replat that has been submitted to and approved by the planning commission, and filed of record in the county clerk’s office of the county in which the property is located.

This letter of deficiencies covers Zoning plan review items only. You may receive additional letters from other disciplines such as Building or Water/Sewer/Drainage for items not addressed in this letter.
A hard copy of this letter is available upon request by the applicant.

BOARD OF ADJUSTMENT
CASE REPORT

STR: 9320
CZM: 47
CD: 9
A-P#: 9237

Case Number: BOA-22321

HEARING DATE: 09/12/2017 1:00 PM

APPLICANT: Jack Arnold

ACTION REQUESTED: Special Exception to allow the driveway width to exceed 30 ft. in width on an RE zoned lot (Section 55.090-F3)

LOCATION: 2521 E 34 ST S

ZONED: RE

PRESENT USE: Residential

TRACT SIZE: 12863.32 SQ FT

LEGAL DESCRIPTION: LOT 3, BLK 2, TIMBERLAND ADDN, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

Subject Lot:
BOA 22116; on 08.23.16 the Board approved a variance of the required street setback from E 34th Street from 35' to 25' in the RE district.

BOA 16608; on 03.22.94 the Board approved a variance of the required rear yard from 25' to 16' to allow an addition which will align with the existing building, per plan.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an "Existing Neighborhood" and an "Area of Stability".

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

The Areas of Stability includes approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.
ANALYSIS OF SURROUNDING AREA: The subject tract is surrounded by RE and RS-2 zoned residences.

STAFF COMMENTS:
The applicant is before the Board requesting a Special Exception to permit construction of a driveway greater than 30’ in width on the lot. As shown on the attached plan the proposed driveway width (outside of the right-of-way) of 36'-2” ft. exceeds the maximum allowed driveway width on the lot in the RS-1 zoning district.

In RE and RS zoning districts, driveways serving residential dwelling units may not exceed the following maximum widths unless a greater width is approved in accordance with the special exception procedures of Section 70.120:

Sample Motion

Move to _________ (approve/deny) a Special Exception to allow the driveway width to exceed 30 ft. in width on an RE zoned lot (Section 55.090-F3)

- Per the Conceptual Plan(s) shown on page(s) ______ of the agenda packet.
- Subject to the following conditions (including time limitation, if any): ____________

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code, and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.
c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;
d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;
e. That the variance to be granted is the minimum variance that will afford relief;
f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and
g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan; for the following property:

ALL BLK 5, ROOSEVELT ADDN, City of Tulsa, Tulsa County, State of Oklahoma

22116—Jack Arnold

Action Requested:
Variance of the required street setback from East 34th Street from 35 feet to 25 feet in the RE District (Section 5.030). LOCATION: 2521 East 34th Street South (CD 9)

Presentation:
Jack Arnold, 7310 South Yale, Tulsa, OK; stated that his client would like to raze the existing house and build a new house on the subject property. The property is zoned RE but it the lot is not the size of an RE zoned lot. The corner lot is odd shaped and on the existing house there is a bay window that abuts the 25 foot building line. Following that radius is where part of the new house would be constructed.

Interested Parties:
There were no interested parties present.

Comments and Questions:
None.

Board Action:
On MOTION of WHITE, the Board voted 5-0-0 (Back, Bond, Flanagan, Van De Wiele, White "aye"; no "nays"; no "abstentions"; none absent) to APPROVE the request for a Variance of the required street setback from East 34th Street from 35 feet to 25 feet in the RE District (Section 5.030), subject to conceptual plan 5.16. The Board has found that this particular lot is zoned RE but it is not actually RE by its size and the proposed house would not fit following the RE specifications. The Board determines that the following facts, favorable to the property owner, have been established:

a. That the physical surroundings, shape, or topographical conditions of the subject property would result in unnecessary hardships or practical difficulties for
the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out;
b. That literal enforcement of the subject zoning code provision is not necessary to achieve the provision’s intended purpose;
c. That the conditions leading to the need of the requested variance are unique to the subject property and not applicable, generally, to other property within the same zoning classification;
d. That the alleged practical difficulty or unnecessary hardship was not created or self-imposed by the current property owner;
e. That the variance to be granted is the minimum variance that will afford relief;
f. That the variance to be granted will not alter the essential character of the neighborhood in which the subject property is located, nor substantially or permanently impair use or development of adjacent property; and
g. That the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of this zoning code or the comprehensive plan; for the following property:

LOT-3-BLK-2, TIMBERLAND ADDN, City of Tulsa, Tulsa County, State of Oklahoma

22117—Matt Bayne

Action Requested:
Special Exception to allow a non-conforming two-story detached garage to be reconstructed (Section 80.030); Variance to allow a accessory building to exceed 40% of the floor area of the principal structure (Section 45.030); Variance to increase the footprint of a non-conforming structure (Section 80.030); Variance to allow a detached accessory building to exceed 10 feet at the top of the top plate (Section 90.090). **LOCATION:** 216 East 27th Street South (CD 4)

Mr. White recused at 2:33 P.M.

Presentation:
Matt Bayne, 216 East 27th Street, Tulsa, OK; stated there is an existing detached garage on the subject property that is at least 60 years old. The existing structure is deep but not wide and will not allow for two modern automobiles. The survey indicated that the southeast corner was approximately 6” into the utility easement. So he proposes to tear down the existing structure and build a new structure moving it out of the utility easement and far enough toward the front property line to get out of the 30% square foot usage in the rear setback zoning requirement. To be able to mimic the architectural design of the house there is a need for a Variance for the top plate requirement. In the neighborhood there is a preponderance of this type of structure so the proposal is in character for the neighborhood.
NEW APPLICATIONS

Case No. 16605

Action Requested:
Variance of the required side yard from 10' to 7.6' - SECTION 403. BULK AND AREA REQUIREMENTS IN THE RESIDENTIAL DISTRICTS - Use Unit 6, located 5677 South Zunis Avenue

Presentation:
The applicant, Patsy Keeler, 5677 South Zunis Avenue, submitted a plot plan (Exhibit C-1) and stated that the house in question is encroaching into the required side yard setback approximately 2 1/2'. She explained that the dwelling was constructed approximately 35 years ago and the proposed addition will align with the existing building wall.

Protestants:
None.

Board Action:
On MOTION of BOLZLE, the Board voted 4-0-0 (Bolzle, Chappelle, Dooverspike, T. White, "aye"; no "nays"; no "abstentions"; S. White, "absent") to APPROVE a Variance of the required side yard from 10' to 7.6' - SECTION 403. BULK AND AREA REQUIREMENTS IN THE RESIDENTIAL DISTRICTS - Use Unit 6, per plot plan submitted; finding that the dwelling was constructed prior to current setback regulations and the proposed construction will align with the existing building wall; on the following described property:

Lot 11, Block 4, Cherokee Meadows, City of Tulsa, Tulsa County, Oklahoma.

Case No. 16608

Action Requested:
Variance of the required rear yard from 25' to 16' - SECTION 403. BULK AND AREA REQUIREMENTS IN THE RESIDENTIAL DISTRICTS - Use Unit 6, located 2521 East 34th Street.

Presentation:
The applicant, Pamela Iaco, 2551 East 34th Street, submitted a plot plan (Exhibit D-1) and letters of support (Exhibit D-2) from neighbors that own abutting properties. Ms. Iaco stated that she is proposing to construct an addition to the existing dwelling, which will align with the existing building and will not encroach farther into the setback.

Protestants:
None.
Case No. 16608 (continued)

Board Action:
On MOTION of BOLZLE, the Board voted 4-0-0 (Bolzle, Chappelle, Dooverspike, T. White, "aye"); no "nays"; no "abstentions"; S. White, "absent") to APPROVE a Variance of the required rear yard from 25' to 16' - SECTION 403. BULK AND AREA REQUIREMENTS IN THE RESIDENTIAL DISTRICTS - Use Unit 6; per plan submitted; subject to the rear wall of the addition aligning with the north wall of the existing dwelling; finding that approval of the request will not add to the existing encroachment; on the following described property:

Lot 3, Block 2, Timberland Addition, City of Tulsa, Tulsa County, Oklahoma.

Case No. 16609

Action Requested:
Special Exception to permit a manufactured home in an AG zoned district, and a variance of the one-year time limitation - SECTION 301. PRINCIPAL USES PERMITTED IN THE AGRICULTURE DISTRICT - Use Unit 9, located 2824 South Lynn Lane.

Presentation:
The applicant, Hugh Durrett, Route 5, Box 343, Tahlequah, Oklahoma, submitted a plot plan (Exhibit E-1) and requested permission to install a double-wide mobile home at the above stated location.

Comments and Questions:
In response to Mr. Dooverspike, the applicant stated that the mobile unit will be located approximately in the center of the tract, approximately 1500' west from Lynn Lane.

Mr. Gardner asked Mr. Durrett if the unit will be placed on a permanent foundation, and he answered in the affirmative.

Mr. Bolzle inquired as to the distance from the south property line to the dwelling, and the applicant stated that the unit will be approximately 700' from the south boundary.

Protestants:
None.

Board Action:
On MOTION of BOLZLE, the Board voted 4-0-0 (Bolzle, Chappelle, Dooverspike, T. White, "aye"); no "nays"; no "abstentions"; S. White, "absent") to APPROVE a Special Exception to permit a manufactured home in an AG zoned district, and a variance of the one-year time limitation - SECTION 301. PRINCIPAL USES PERMITTED IN THE AGRICULTURE DISTRICT - Use Unit 9; per plan submitted; subject to the unit being placed on a permanent foundation; and subject to a building permit and Health Department approval; finding that the area is sparsely developed and the manufactured home will be on a foundation and have the appearance of a conventional single-family dwelling; on the following described property:

INFORMATION ABOUT SUBMITTING REVISIONS

OUR REVIEW HAS IDENTIFIED THE FOLLOWING CODE OMISSIONS OR DEFICIENCIES IN THE PROJECT APPLICATION FORMS, DRAWINGS, AND/OR SPECIFICATIONS. THE DOCUMENTS SHALL BE REVISED TO COMPLY WITH THE REFERENCED CODE SECTIONS.

REVISIONS NEED TO INCLUDE THE FOLLOWING:
1. A COPY OF THIS DEFICIENCY LETTER
2. A WRITTEN RESPONSE AS TO HOW EACH REVIEW COMMENT HAS BEEN RESOLVED
3. THE COMPLETED REVISED/ADDITIONAL PLANS FORM (SEE ATTACHED)
4. BOARD OF ADJUSTMENT APPROVAL DOCUMENTS, IF RELEVANT

REVISIONS SHALL BE SUBMITTED DIRECTLY TO THE CITY OF TULSA PERMIT CENTER LOCATED AT 175 EAST 2nd STREET, SUITE 450, TULSA, OKLAHOMA 74103, PHONE (918) 596-9601. THE CITY OF TULSA WILL ASSESS A RESUBMITTAL FEE. DO NOT SUBMIT REVISIONS TO THE PLANS EXAMINERS.

SUBMITTALS FAXED / EMAILED TO PLANS EXAMINERS WILL NOT BE ACCEPTED.

IMPORTANT INFORMATION

1. SUBMIT TWO (2) SETS (4 SETS IF HEALTH DEPARTMENT REVIEW IS REQUIRED) OF REVISED OR ADDITIONAL PLANS. REVISIONS SHALL BE IDENTIFIED WITH CLOUDS AND REVISION MARKS.

2. INFORMATION ABOUT ZONING CODE, INDIAN NATION COUNCIL OF GOVERNMENT (INCOG), BOARD OF ADJUSTMENT (BOA), AND TULSA METROPOLITAN AREA PLANNING COMMISSION (TMAPC) IS AVAILABLE ONLINE AT WWW.INCOG.ORG OR AT INCOG OFFICES AT 2 W. 2nd ST., 8th FLOOR, TULSA, OK, 74103, PHONE (918) 584-7526.

3. A COPY OF A "RECORD SEARCH" IS NOT INCLUDED WITH THIS LETTER. PLEASE PRESENT THE "RECORD SEARCH" ALONG WITH THIS LETTER TO INCOG STAFF AT TIME OF APPLYING FOR BOARD OF ADJUSTMENT ACTION AT INCOG. UPON APPROVAL BY THE BOARD OF ADJUSTMENT, INCOG STAFF WILL PROVIDE THE APPROVAL DOCUMENTS TO YOU FOR IMMEDIATE SUBMITTAL TO OUR OFFICE. (See revisions submittal procedure above.)

17.12
Note: As provided for in Section 70.130 you may request the Board of Adjustment to grant a variance from the terms of the Zoning Code requirements identified in the letter of deficiency below. Please direct all questions concerning variances, special exceptions, appeals of an administrative official decision, Master Plan Developments Districts (MPD), Planned Unit Developments (PUD), Corridor (CO) zoned districts, zoning changes, platting, lot splits, lot combinations, alternative compliance landscape and screening plans and all questions regarding (BOA) or (TMAPC) application forms and fees to an INCOG representative at 584-7526. It is your responsibility to submit to our offices documentation of any appeal decisions by an authorized decision making body affecting the status of your application so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf.

Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

1. **55.090-F3 Surfacing.** In RE zoning districts, driveways serving residential dwelling units may not exceed the following maximum widths unless a greater width is approved in accordance with the special exception procedures of Section 70.120. Maximum Driveway Width in the Right Of Way (ROW) is 20’ and 30’ outside of ROW.

   **Review Comments:** The submitted site plan proposes a driveway width that exceeds the maximum allowable driveway width on the lot. Sidewalks at the same elevation as the driveway are to be considered as part of the drive and parking area. Revise plans to indicate the driveway shall not exceed 30’ in width on the lot or apply to the BOA for a special exception to allow the driveway width to exceed 30’ in width on the lot.

3. **In RE and RS zoning districts, driveways serving residential dwelling units may not exceed the following maximum widths unless a greater width is approved in accordance with the special exception procedures of Section 70.120:**

BOARD OF ADJUSTMENT
CASE REPORT

STR: 8312
CZM: 53
CD: 7
A-P#: 426945

Case Number: BOA-22322

HEARING DATE: 09/12/2017 1:00 PM

APPLICANT: Lisa Guten

ACTION REQUESTED: Verification of the 300' spacing requirement between family day care homes located on the same street. (Section 45.070)

LOCATION: 7411 S 95 AV E
ZONED: RM-1/PUD 179

PRESENT USE: Residential
TRACT SIZE: 6886.86 SQ FT

LEGAL DESCRIPTION: LT 24 BLK 1, WOODLANDS, THE, City of Tulsa, Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:
None Relevant.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of an "Existing Neighborhood" and an "Area of Stability".

The Existing Residential Neighborhood category is intended to preserve and enhance Tulsa's existing single family neighborhoods. Development activities in these areas should be limited to the rehabilitation, improvement or replacement of existing homes, and small-scale infill projects, as permitted through clear and objective setback, height, and other development standards of the zoning code. In cooperation with the existing community, the city should make improvements to sidewalks, bicycle routes, and transit so residents can better access parks, schools, churches, and other civic amenities.

The Areas of Stability includes approximately 75% of the city's total parcels. Existing residential neighborhoods, where change is expected to be minimal, make up a large proportion of the Areas of Stability. The ideal for the Areas of Stability is to identify and maintain the valued character of an area while accommodating the rehabilitation, improvement or replacement of existing homes, and small scale infill projects. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life. The concept of stability and growth is specifically designed to enhance the unique qualities of older neighborhoods that are looking for new ways to preserve their character and quality of life.

ANALYSIS OF SURROUNDING AREA: The subject tract is abutted by RM-1 zoning on the north, west and south; OL and AG zoning abuts the site on the east.
STAFF COMMENTS:
The applicant is before the Board requesting a Verification of the spacing requirement for a family child care home of 300 ft. from any another family child care home on the same street (Section 45.070).

The Code provides that No family day care home may be located on a lot within 300 feet of another lot containing a Family Child Care Home if any boundary of said lots abut the same street. “Street” as used herein shall mean any named or numbered street along its full length, irrespective of any intervening street.

The subject property abuts S 95 AV E; the spacing requirement is only applicable along S 95 AV E. The list of the closest care providers registered with the Oklahoma Department of Human Services and a map which illustrates a 300 ft. radius measured from the subject property is attached.

The applicant has stated on the attached exhibit that there are no existing child care homes abutting S 95 AV E within 300 ft of the subject site.

Sample motion that can be utilized by the Board in verifying the spacing requirement:

I move that based upon the facts in this matter as they presently exist, we accept the applicant’s verification of spacing shown on the attached exhibit, indicating that there are no existing Family Child Care Homes operating within the required spacing radius of the subject lot.

Note: Please direct all questions concerning spacing verification, variances and all questions regarding BOA application forms and fees to an INCOG representative at 584-7526. It is your responsibility to submit to our offices documentation of any appeal decisions by an authorized decision making body affecting the status of your application so we may continue to process your application. INCOG does not act as your legal or responsible agent in submitting documents to the City of Tulsa on your behalf. Staff review comments may sometimes identify compliance methods as provided in the Tulsa Zoning Code. The permit applicant is responsible for exploring all or any options available to address the noncompliance and submit the selected compliance option for review. Staff review makes neither representation nor recommendation as to any optimal method of code solution for the project.

**Sec.45.070-G:** Your proposed daycare is designated a Family Child Care Home. Family child care homes must be an accessory use to an allowed household living use and be licensed by the State of Oklahoma. Applicants for family child care homes must obtain a zoning clearance permit and a certificate of occupancy before commencing operation. Family child care homes may provide supervision for no more than 7 children. No person may be employed other than a member of the household residing on the premises or a non-resident, substitute caregiver, as may be required for family child care homes by the State of Oklahoma. A family child care home may not be established on any lot located within 300 feet of another lot occupied by a family child care home if any boundary of the subject lot abuts the same street. For purposes of this provision, "street" means any named or numbered street along its full length, regardless of any intervening streets (see Figure 45-2 below). State licensed family child care homes lawfully established on or before October 22, 1985 that would be prohibited by the distance separation requirements of this section, are allowed to continue to exist and operate.

**Review comment:** Submit a copy of the 300 foot Spacing and Separation Distance Verification, reviewed and approved per Sec.70.110. A variance, reviewed and approved, per Sec.70.130 is required if your lot fails to meet the 300 foot spacing requirement.
