SCRAMBLER

CREATIVE SERVICES

Bird's Liquor Mural

LOCATION:
3135 E. 15th Street | Tulsa OK

SCRAMBLER
CREATIVE SERVICES

About the Artist: Josh Butts received his degree in Fine Arts from the University of Tulsa, but he received his education as a soldier. As a chaplain assistant for an air assault infantry battalion in Ar Ramadi Iraq during 2004 - home to some of the fiercest fighting of that conflict - Josh was responsible for ensuring combat readiness through enhancing the morale of the men. His responsibilities included aiding with mass casualty operations, memorial ceremonies, religious support, and a liaison between the command staff and the soldiers on the ground.

Josh received a scholarship for track and field at The University of Tulsa after his deployment. While attending TU, Josh met and was married to Erin Dixon.

Josh worked for several non-profits and creative agencies following his masters work in painting at The University of Tulsa. After his son Marcus, 7 and daughter Anna, 6 were born, Josh started Scrambler Creative Services - a creative services agency with a focus on integrating innovative commercial concepts with fine art. A small but productive creative agency, Scrambler is located in the former Zeigler Art Supply Building in the historic Kendall Whittier neighborhood.

The Butts family resides in midtown Tulsa.

Learn more about Josh Butts and Scrambler Creative Services in the links below:

Alexandre Hogue was an American artist active from the 1930s through the 1960s. He was a realist painter associated with the Dallas Nine; the majority of his works focus on Southwestern United States and Midwestern United States landscapes during the Dust Bowl. From 1945 to 1963, he became the head of the art department at the University of Tulsa. After his retirement from the University of Tulsa, the institution founded the Alexandre Hogue Gallery in his honor. Hogue remained in Tulsa until his death in 1994. We will lean stylistically on Alexandre Hogue's work as a relevant American Regionalist artist with a Tulsa connection.

Subject: Case number:BOA 22934

(Hello, Mr. Chapman, thank you for your prompt responses with helpful information, yesterday, Monday, June 22nd!)

Honorable BOA members,

Hello, my name is John Huffines, the Tulsa liaison for the Brookside Neighborhood Assoc. We are grateful for all the good you, your staff, and team are doing for our city and for our neighborhoods. Yes, thank you for serving the citizens of this great city, Tulsa, OK.

As the representative of the Brookside Neighborhood Assoc. I would like to say that while we appreciate the applicant's entrepreneurial spirit, in this particular case, however, we consider it important to adhere closely to the law.

We are fine with this applicant advertising at the sign size standard previously set. This business, situated close to Interstate 44, between Lewis and Peoria Ave, is located near a place where much lane changing occurs, entering and exiting I-44.

It is helpful when motorists can stay focused on driving.

The sign size limit was determined for a reason. Let us honor the insight of our City Planners. Much thought and deliberation goes into the setting of these standards.

The applicant has options. One example is, there are Billboards in the area that might be utilized.

Please deny this request and maintain the standards set by the city for sizes of signs. Thank you.
Case number: BOA 22934

Respectfully,
John Huffines,

Tulsa Liaison
BNA

All please see the attached petition in support of BOA-22934. I have asked the applicant if these are residents in the area or customers of her dispensary and have not received a response from the applicant.
