RE: Permit for Columbia Building Electrical Display Sign, LED Static Display

June 16, 2020

It is our understanding that, according to the City of Tulsa Code regarding signage in a designated OM zone, which applies to the Columbia Building, located at 2651 East 21 Street, 74114, flashing or changing LED displays are not allowed. This statement certifies that the proposed LED display for the Columbia Building Electrical Display Sign will be a STATIC display, with no flashing or changing of message, dedicated strictly to the identification of the main tenant, which is currently KW Preferred/ Keller Williams Realty. This is offered as an advertising incentive for the main building tenant *only*.

Yours truly,

A handwritten signature in blue ink that reads 'Mike Bolick'.
