Subject: Driveway approach - 2726 E 47th St
Date: Thursday, May 6, 2021 8:16:46 AM

To whom it may concern,

My neighbor, Justin Sack, has made me aware that he is requesting a variance for a 2nd driveway approach at his residence. I live directly across the street from Mr. Sack and fully support them putting in this 2nd approach so that they can install a circle drive and keep cars off the road when they have visitors. 47th Street is not very wide and keeping parked cars off the road will keep things safer for other drivers and those walking and biking since there are no sidewalks.

Thank you,
Jonathan Bush
