ACTION REQUESTED: Special Exception to permit an existing Group Living/ Emergency Protective Shelter Use in the RS-3 and CS Districts (Sec. 15.020, Table 15-2)

LOCATION: 7318 E PINE ST N

ZONED: CS,RS-3

PRESENT USE: Emergency Children's Residential Shelter

TRACT SIZE: 871203.57 SQ FT

LEGAL DESCRIPTION: W/2 NW NE SEC 35 20 13, AIRVIEW HGTS ADDN CITY OF TULSA, TULSA COUNTY, STATE OF OKLAHOMA

RELEVANT PREVIOUS ACTIONS: None.

RELATIONSHIP TO THE COMPREHENSIVE PLAN: The Tulsa Comprehensive Plan identifies the subject property as part of a "Mixed-use Corridor and Neighborhood Center" and an "Area of Growth".

The purpose of **Areas of Growth** is to direct the allocation of resources and channel growth to where it will be beneficial and can best improve access to jobs, housing, and services with fewer and shorter auto trips. Areas of Growth are parts of the city where general agreement exists that development or redevelopment is beneficial. As steps are taken to plan for, and, in some cases, develop or redevelop these areas, ensuring that existing residents will not be displaced is a high priority. A major goal is to increase economic activity in the area to benefit existing residents and businesses, and where necessary, provide the stimulus to redevelop.

Mixed-Use Corridors are Tulsa's modern thoroughfares that pair high-capacity transportation facilities with housing, commercial, and employment uses. Off the main travel route, land uses include multifamily housing, small lot, and townhouse developments, which step down intensities to integrate with single family neighborhoods. Mixed-Use Corridors usually have four or more travel lanes, and sometimes additional lanes dedicated for transit and bicycle use. The pedestrian realm includes sidewalks separated from traffic by street trees, medians, and parallel parking strips. Pedestrian crossings are designed so they are highly visible and make use of the shortest path across a street. Buildings along Mixed-Use Corridors include windows and storefronts along the sidewalk, with automobile parking generally located on the side or behind.

Neighborhood Centers are small-scale, one to three story mixed-use areas intended to serve nearby neighborhoods with retail, dining, and services. They can include apartments, condominiums, and townhouses, with small lot single family homes at the edges. These are pedestrian-oriented places served by transit, and visitors who drive can park once and walk to number of destinations.

STAFF ANALYSIS: The applicant is requesting a Special Exception to permit an existing Group Living/ Emergency Protective Shelter Use in the RS-3 and CS Districts (Sec. 15.020, Table 15-2), defined as follows:

Emergency and Protective Shelter

A residential use that provides room and board for a continuous period of no more than 30 consecutive days for adults or children who have been abused, displaced or are transient. Such uses provide protection services and typically provide counseling and pre-placement screening services as well.

Emergency protective shelters are subject to the following supplemental regulations:

Section 40.130 Dispersal Standards for Specified Land Uses

40.130-A The supplemental use regulations of this section apply to all detention and correctional facilities, emergency and protective shelters, homeless centers, residential treatment centers and transitional living center uses.

40.130-B To avoid over-concentration, all detention and correctional facilities, emergency and protective shelters, homeless centers, residential treatment centers and transitional living center uses must be separated from one another by a minimum distance of 2,640 feet, as measured in a straight line from the nearest point on the lot line of the property occupied by one of these uses to the nearest point on a lot line of the other property occupied by one of the subject uses (see [Figure 40-6](#)). The separation distance requirements of this subsection may be reduced if approved through the special exception approval process.

Figure 40-6: Dispersal Standards Measurement

The applicant is seeking to add a maintenance shop to the current Laura Dester Shelter site as shown in the site plan included in your packet.

This property is owned by the State of Oklahoma and previously did not go through the city of Tulsa Building Permitting/ Zoning Review process when it was constructed in 2012.

SAMPLE MOTION:

Move to _____ (approve/deny) a Special Exception to permit an existing Group Living/ Emergency Protective Shelter Use in the RS-3 and CS Districts (Sec. 15.020, Table 15-2)

- Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.
- Subject to the following conditions (including time limitation, if any):
_____.

The Board finds that the requested Special Exception will be in harmony with the spirit and intent of the Code and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

Subject property
