These are just a few of the pictures that I have that I have turned in to code enforcement several times. The neighbor to his immediate north has already white in his driveway to triple the size of a standard driveway if this man wants his driveway not only will he have his own personal parking spot in the street, We will lose well over 100 feet of parking for the rest of the neighborhood from these two neighbors combined please do not allow him to be able to park in the street in front of his New driveway

I'm sorry I cannot make it to this meeting I was called to the Covid crisis in Florida for three weeks thank you Darrell Eckles

These are just a few pictures of the resident that wants to extend his driveway to make the street his personal parking spaces. The neighbor to his immediate north has already widen his driveway this would give almost no parking on that side of the street for over 100 feet please do not allow another extra wide driveway for a neighbor to have their own personal street parking.
