Date: Monday, July 26, 2021 6:10:35 PM

Dear Board of Adjustment,

While an LED dynamic display board may be beneficial to the automated notices of the church, proposed location and style is quite inappropriate for the busy intersection of 4th Place and Yale, especially on 4th Place.

This is a residential neighborhood. LED display will be absolutely too bright and unsightly.

I do not want it in my street.

Respectfully,

Aysegul Gedizmen
4710 E 4th Place
Tulsa OK 74112
