

Tulsa Metropolitan Area Planning Commission

Special Meeting

Wednesday, April 15, 2026, 11:00 a.m.

10th Floor, North Conference Room, 175 E. 2nd St. Tulsa, OK 74103

Work Session Agenda

The Tulsa Metropolitan Area Planning Commission (TMAPC) may consider, discuss, and/or take action on any item listed on the agenda.

- 1) Proposed Neighborhood Infill Overlay (NIO) extension & related text amendments
- 2) Proposed Citywide Housing Feasibility Amendments Part II

If you require special accommodation pursuant to the Americans with Disabilities Act, please notify the Tulsa Planning Office at 918-596-7526.

Email address: planning@cityoftulsa.org

Website: tulsaplanning.org

Item

Discuss proposed Neighborhood Infill Overlay (NIO) Extension and related text amendments

Background

The Neighborhood Infill Overlay (NIO) establishes zoning regulations that are intended to promote the development of alternative infill housing in established neighborhoods. The overlay allows for a variety of residential housing types in a manner that is compatible, in mass and scale, with the character of surrounding properties. The regulations are also intended to promote housing types that accommodate households of varying sizes and income levels and provide for a more efficient use of residential land.

The existing Neighborhood Infill Overlay (NIO) has been in place since 2021 and was applied to several neighborhoods surrounding downtown. Of these areas, the neighborhoods north of downtown have utilized the overlay the most for infill housing opportunities. There has been demand from property owners to expand the boundary further north and east in north Tulsa. In 2023, a second Neighborhood Infill Overlay (NIO-2) was adopted and applies only to the Dawson neighborhood; however, that overlay is not affected by this initiative.

In addition to extending the NIO boundary, there have been lessons learned from the existing NIO regulations and proposed zoning code amendments to address them. For example, the original NIO regulations were only applied to residentially zoned properties and excluded other districts from taking advantage of the regulations. A proposed amendment would expand the applicability of the NIO to other districts and allow residential building types in those districts to utilize the reduced lot and building regulations of the NIO. Additionally, the previously adopted NIO excluded detached houses from the list of building types eligible for the revised lot and building regulations. A proposed amendment would add detached houses as a building type and ensure single-family homes could also be constructed in accordance with the lot and building regulations of the NIO. Finally, amendments are proposed to the lot and building regulations to better conform with best development practices and desired outcomes for residential development. These amendments would remove challenges that have been identified for new residential development under the existing NIO regulations.

City Councilors from Districts 1 & 3 reached out to the Planning Office and requested the NIO zoning map extension into large portions of their districts and agreed upon necessary text amendments to the NIO. On January 28, 2026, City Council voted to initiate the extension of the overlay (map amendment) and text amendments to the NIO. There are almost 25,000 properties within the proposed expansion boundary (see attached maps).

Public Outreach efforts to date

- **March 3, 2026** - presented proposal at a Developers Community Roundtable, hosted by PartnerTulsa;
- **March 13, 2026** - mailed out 17,000+ notices to affected property owners and those within 300' of the proposed boundary;

- **March 16, 2026** - NIO extension webpage was published with an interactive map and information about the amendments.
<https://tulsaplanning.org/programs/projects/housing/nio-extension/>;
- **March 23, 2026** - Council District 1 Town Hall meeting for NIO, Rudisill Regional Library, approximately 300 in attendance; and
- **March 31, 2026** - Council District 3 Town Hall meeting for NIO, Owen Elementary School, 100+ in attendance.

Next Steps

Both the proposed NIO zoning map extension and the NIO text amendments are scheduled for May 6, 2026, TMAPC public hearing. Following TMAPC, the amendments will be forwarded to Council for their consideration.

Chapter 20 | Overlay Districts

Section 20.080 NIO, Neighborhood Infill Overlay

20.080-A General

1. Purpose and Intent

The Neighborhood Infill Overlay (NIO) establishes zoning regulations that are intended to promote the development of alternative infill housing in established neighborhoods. The overlay allows for a variety of residential housing types in a manner that is compatible, in mass and scale, with the character of surrounding properties. The regulations are also intended to promote housing types that accommodate households of varying sizes and income levels and provide for a more efficient use of residential land.

2. Applicability

Except as otherwise expressly stated, the Neighborhood Infill Overlay regulations of this section apply to ~~RS-3, RS-4, RS-5, RD, RT, RM-0, RM-1, RM-2, and RM-3~~ RE, RS, RD, RT, RM, O, and C zoning districts only within the boundaries of the Neighborhood Infill Overlay districts to all new permitted uses and structures and all building alterations and site modifications that require a building permit.

3. Nonconformities

Nonconformities that exist within the overlay district are governed by the regulations of Chapter 80 except that in residential zoning districts, a ~~single detached house, duplex, or multi-unit house~~ residential use, where the particular residential building type is allowed by right or is allowed by special exception and a special exception has been granted, may be ~~erected~~ located on a nonconforming lot without complying with the minimum lot area, minimum lot area per unit, minimum lot width, or minimum street frontage ~~or minimum open space per unit~~ requirements of the subject zoning district, ~~provided that at least 50% of the lot area remains as open space~~. All other lot and building regulations apply, except that ~~detached houses, duplexes, or multi-unit houses~~ permitted residential uses may be ~~erected~~ located on corner lots that are nonconforming with regard to lot width, subject to a reduced minimum street side building setback of 5 feet. Garages that are accessed through a side yard abutting a street must be set back at least 20 feet from the property line or the back of the sidewalk, whichever is greater.

4. Conflicting Regulations

All applicable regulations of the underlying base zoning district apply to property in the Neighborhood Infill Overlay unless otherwise expressly stated in the Neighborhood Infill Overlay regulations. For properties with approved development plans (PUD, CO, MPD, Optional Development Plan), the approved development plan and development standards apply.

20.080-B

Use Regulations – Residential, Household Living

~~Residential, All principal household living principal uses are allowed in the Neighborhood Infill Overlay district in accordance with Table 20-4.~~

1. ~~Permitted Uses~~

~~Residential, household living uses identified with a “P” symbol are allowed by right in the Neighborhood Infill Overlay district within the particular base zoning district, subject to compliance with any supplemental regulations identified in Chapter 40 and all other applicable regulations of this zoning code.~~

2. ~~Special Exception Uses~~

~~Uses identified with an “S” may be allowed and if reviewed and approved in accordance with the special exception procedures of Section 70.120.~~

3. ~~Prohibited Uses~~

~~Uses identified with an “-” are expressly prohibited. Uses that are not listed in the table and that cannot be reasonably interpreted (as stated in §35.020-E) to fall within any defined use category are also prohibited.~~

Three or more households on single lot	P	P	P	P	P	P	P	P	P

20.080-C

Residential Building Types for Household Living

In the Neighborhood Infill Overlay district, within the particular base zoning district, household living uses must be located in the residential building types identified in Table 20-4.5. Descriptions of the residential building types and references to applicable regulations are found in Section 35.010.

1. **Table 20-4.5 Notes**

The following notes refer to the bracketed numbers (e.g., " [1]") in Table 20-4.5:
 [1] Apartment/Condo is limited to no more than 6 dwelling units on a single lot.

20.080-D **Lot and Building Regulations**

1. **Residential Districts**

In the Neighborhood Infill Overlay district, the lot and building regulations of Table 20-5 apply in the RE, RS-3, RS-4, RS-5, RD, RT, and RM-0, RM-1, RM-2, RM-3 base zoning districts to Duplex, Townhouse, Cottage House Development, Multi-unit House and Apartment/Condo residential building types. General exceptions to these regulations and rules for measuring compliance can be found in Chapter 90. Regulations governing accessory uses and structures can be found in Chapter 45.

Table 20-5: Neighborhood Infill Overlay District Lot and Building Regulations

Minimum Lot Area (sq. ft.)	1,200
Townhouse	1,600
Duplex, Cottage House Development, Multi-Unit House, Apartment/Condo	4,000
Minimum Lot Area per Unit (sq. ft.)	N/A
Minimum Lot Width	
Townhouse	2016
Duplex, Cottage House Development, Multi-Unit House, Apartment/Condo All other residential building types	4025
Minimum Street Frontage (feet)	20 [1]
Minimum Open Space per Unit (sq. ft.)	100
Minimum Building Setbacks (feet)	
Street	10 [2]
Side	3 [3]
Rear	405
Maximum Building Height (feet)	35

Table 20-5 Notes

- The following notes refer to the bracketed numbers (e.g., " [1]") in Table 20-5:
- [1] Minimum street frontage requirements apply to townhouse developments, not to individual townhouse units. ~~Cottage house developments require minimum street frontage of 50 feet.~~
 - [2] Minimum setback for street-facing garage doors is 20 feet.
 - [3] No side setback is required for interior units in townhouse developments. Side setback applies to end units.

2. **Office and Commercial Districts**

In the Neighborhood Infill Overlay district, the lot and building regulations of Section 15.030 apply in O and C base zoning districts, except that the minimum street frontage in the OL, OM, OMH, CS, and CG districts is reduced to 20 feet for household living uses. The minimum street frontage requirement applies to townhouse developments, not to individual townhouse units. General

[exceptions to these regulations and rules for measuring compliance can be found in Chapter 90. Regulations governing accessory uses and structures can be found in Chapter 45.](#)

20.080-E Parking Regulations

1. Minimum Parking Ratios

The minimum parking ratios established in [Section 55.020, Table 55-1](#) for a Household Living use are reduced by 50% in the Neighborhood Infill Overlay district.

2. Location

Parking spaces, not including drive aisles, are prohibited between building and street right-of-way (see [Figure 20-5](#)) on lots occupied by a 3+ Unit Townhouse, Cottage House Development, Multi-unit House and Apartment/Condo.

Figure 20-5: Parking Prohibited between Building and Street Right-of-Way

20.080-F Accessory Dwelling Units

Accessory dwelling units (ADUs), as defined in [Section 45.031](#), are permitted by right. [Two accessory dwelling units are allowed per lot, provided that the number may be increased in accordance with the special exception procedures of Section 70.120.](#)

Item

Discuss proposed Citywide Housing Feasibility Amendments Part II

Background

The Planning Commission and City Council approved the first round of Housing Feasibility amendments to the City of Tulsa Zoning Code in 2024. The goal of the amendments was to promote the development of new housing in existing neighborhoods. In a continued effort to address the Mayor/Council priority to increase housing, the Planning Office and other members of the Zoning Code Implementation Team (with representatives from Legal, Development Services, and Code Enforcement) have been focused on recommendations and goals identified in existing reports and plans, such as the 2023 AARP zoning code audit, Housing Strategy, and 3H Task Force recommendations, and identifying further revisions to the City of Tulsa Zoning Code to facilitate housing production.

As noted in the AARP zoning code audit, our residential regulations are overly complicated and restrictive, reducing the City's ability to meet its housing goals. The 2024 Housing Strategy highlighted zoning as one of the main barriers to housing that the City of Tulsa can control, and suggested adopting AARP's recommendations.

Key Concepts from AARP's recommendations

- **Enable more housing diversity by simplifying residential uses and building forms.** The zoning code lists 15 specific residential uses which must be contained within one of 18 distinct residential building types, there are 13 individual residential zoning districts, and the number of group living use categories make it difficult to tell many apart. This is a level of complexity not found in most cities.
- **Relax residential site regulations.** Our requirements are so restrictive that almost 40% of existing residential lots are narrower than our minimums, and 20% are smaller than what is currently required. Each of the 18 specific building types have their own set of lot and building regulations that vary based on the zoning district, resulting in complicated and repetitive tables of information.
- **Expand where ADUs are allowed.** Currently, ADUs are allowed by right in all zoning districts *except* for the residential zoning districts that comprise most of our neighborhoods; in most neighborhoods, extra time and money for approvals from the Board of Adjustment are required, which are almost always approved.

Next Steps

The Planning Office and the Zoning Code Implementation Team are continuing to refine proposed amendments and finalize a draft to present to Planning Commission at a summer work session. In the meantime, Planning Commission could initiate the proposed amendments so that discussions can begin with stakeholders and other interested parties.
