### **DETAILED STAFF RECOMMENDATION:**

The application is related to CPA-108 which proposes to change the land use designation from “Neighborhood” to “Multiple Use”. There is currently a creek that bisects the property making the west portion more favorable to development. The applicant has noted their intent to place the east portion of the property inside a conservation easement which would limit the development of that area. The proposed conservation easement is not considered by staff in their recommendation and the City of Tulsa does not have any mechanism to require it be put into a conservation easement.

Staff supports a change to Multiple Use and a rezoning to OL on the western portion of the property. The western portion of the lot has frontage on South Sheridan Road which is a secondary arterial. OL zoning would permit small-scale office uses that are consistent with existing uses along the Sheridan corridor including a day care, a nail salon, and a religious assembly. Staff has recommended denial of the rezoning to OL and land use change for the eastern 623.45-feet of property. The change for the eastern portion of the property would support commercial development interior to an established neighborhood. Allowed uses approved through zoning should remain residential in nature for the portion of the property that that far back into the neighborhood.

The OL district is primarily intended to facilitate the development and preservation of low-intensity office development and is compatible with a “Multiple Use” land use Designation. Residential zoning districts are primarily intended to create, maintain, and promote a variety of housing opportunities for individual households and to maintain and promote the desired physical character of existing and developing neighborhoods. Maintaining the existing RS-3 Zoning on the property is consistent with the “Neighborhood” Land Use designation.

Staff recommends **approval** of OL on the West 646.29-feet and **denial** of OL zoning on the East 623.45-feet of the property, contingent on the approval of CPA-108 per staff recommendation to change the land use designation from “Neighborhood” to “Multiple Use” the Western portion of the property.

## SECTION II: Supporting Documentation

### RELATIONSHIP TO THE COMPREHENSIVE PLAN:

**Staff Summary:** Staff is in support of the Comprehensive plan amendment to change the land use designation to “Multiple Use” on the West 646.29-feet of the property and denial of the of the Comprehensive plan amendment on the East 623.45-feet of the property.

## **Land Use Vision:**

### **Existing:**

#### **Neighborhood**

Neighborhoods are “Mostly Residential Uses” which includes detached, missing middle, and multi-dwelling unit housing types. Churches, schools, and other low-intensity uses that support residents’ daily needs are often acceptable, particularly for properties abutting Multiple Use, Local Center, or Regional Center land use areas. Multi-dwelling unit housing that takes access off of an arterial is considered Multiple Use, Local Center, or Regional Center. If a multi-dwelling unit housing property takes access off of a lower-order street separated from the arterial, then it would be considered Neighborhood.

### **Proposed in CPA-108:**

#### **Multiple Use**

Multiple Use areas are “Mostly Commercial or Retail Uses” which include restaurants, shops, services, and smaller format employment uses. This land use designation is most common in areas of the city from earlier development patterns, with Local Centers being more commonplace in newer parts of the city. For single properties that are commercial but surrounded by Neighborhood, Multiple Use is the preferred designation.

## **Transportation Vision:**

***Major Street and Highway Plan:*** South Sheridan Road is designated as a Secondary Arterial Street and the ultimate right-of-way is in place for the Major Street and Highway plan at this location.

***Trail System Master Plan Considerations:*** None.

### ***Development Era:***

***Late Automobile Era:*** The properties surrounding the subject tract began to develop during the Late Automobile Era (1950-present): In the late 1950s and early 1960s the suburbs grew at a tremendous rate in the Tulsa metropolitan area. It was at this time that surrounding communities, such as Broken Arrow, began to grow at a rapid pace. At this time, the City of Tulsa annexed more than 100 square miles, and neighborhood subdivisions began to proliferate from the core of the city toward the suburban communities. This property was never included in a subdivision though the majority of the pretty in the square mile section of land have been platted.

**Small Area Plan:** None.

**Special District Considerations:** None.

**Historic Preservation Overlay:** None.

## **DESCRIPTION OF EXISTING CONDITIONS:**

***Staff Summary:*** The property contains a non-conforming beauty salon in the front of the property and single-family structures in the rear. The majority of the property is currently undeveloped and rich with mature trees. The Little Haikey Creek Tributary runs through the property and bisects

the property leaving the rear portion accessible by a bridge. Property current has access to South Sheridan Road and is bounded by single family subdivision on three sides.

**Environmental Considerations:**

The eastern side of the property is cut-off from the Western portion by the Little Haikey Creek Tributary which makes development of the East side of the property considerably more challenging than development on the West Side. The property contains a roughly 36% tree canopy coverage which is evidenced from the aerial imagery provided in the staff report.

**Streets:**

Existing Access	MSHP Design	MSHP R/W	Exist. # Lanes
S. Sheridan Road	Secondary Arterial	100-feet	4 lanes

**Utilities:** City utilities are available to the subject site from S. Sheridan Road.

**Zoning and Surrounding Uses:**

Location	Existing Zoning	Existing Land Use Designation	Existing Use
North	AG and RS-3	Neighborhood	Single-family Residential Subdivision and Single large acre single family lot on the Sheridan frontage
West	RS-3 inside PUD-290	Neighborhood	Single-family Residential Subdivision
South	AG and RS-3	Neighborhood	Day care, Religious Assembly and Single-family Residential Subdivision
East	RS-3	Neighborhood	Single-family Residential Subdivision

## **Relevant Zoning History:**

**ZONING ORDINANCE:** Ordinance number 20779 dated February 6, 2004 established RS-3 zoning for the subject property. Previous ordinance number 11829 dated June 26<sup>th</sup>, 1970 established AG zoning on the subject property.

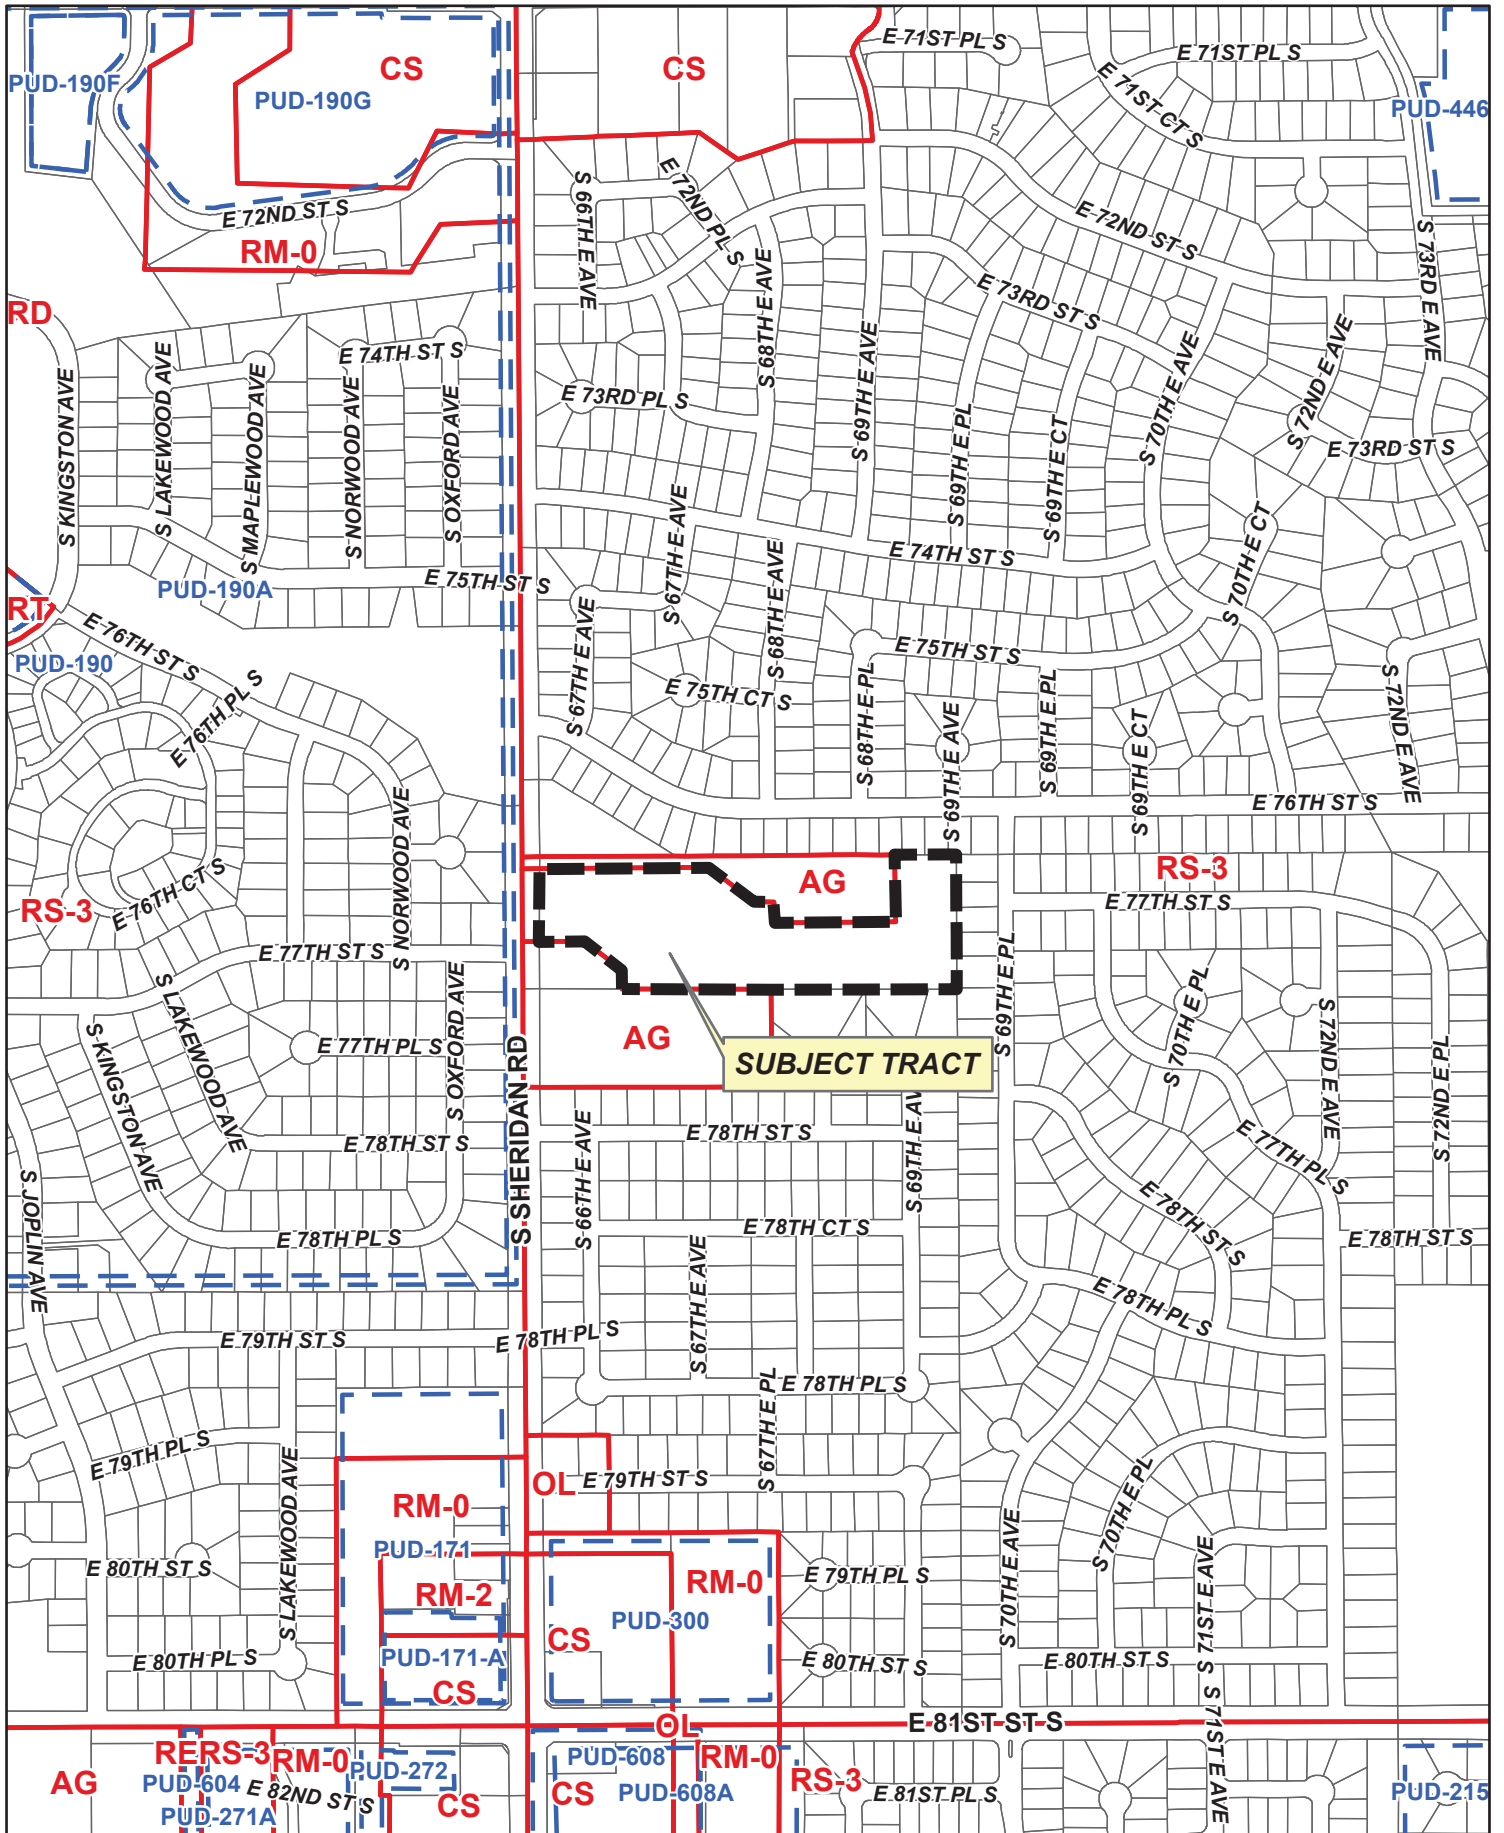

## **Board of Adjustment History:**

### **BOA-8260:**

On 05.16.74 the Board **approved** a daycare and pre-kindergarten school in the AG District.

### **BOA-14332:**

On 01.08.87 the Board **approved** an appeal and reversed the code enforcement Officer decision finding a beauty salon was not a legally non-conforming use.

Dear community members,

We hope this message finds you well. As lifelong residents of Tulsa, we deeply value the importance of our neighborhood and its harmonious development. Over the years, we have had the privilege of undertaking numerous commercial and non-commercial projects, always with our neighbors' best interests at heart. It is with this same mindset that we approach the property on Sheridan.

Within the expansive 8+ acres of land available, our plan is to develop only the front portion, approximately 3.5 acres that directly abuts Sheridan Road, into a light office space. Our intention is to create a space that seamlessly integrates with the existing surroundings while serving the needs of the community.

We understand the significance of preserving our natural environment and maintaining the aesthetic appeal of our neighborhood. Therefore, we are committed to designating everything behind the large house situated in the middle of the property, as well as the area beyond the creek, as a conservation easement. This decision ensures that no further development can ever take place on this land, safeguarding its pristine condition and contributing to the overall appreciation of the properties surrounding it. It will essentially be akin to having a private park in your own backyard.

We want to assure you that the development will be strategically situated at a considerable distance from any residential areas, ensuring minimal disruptions to the tranquility of the community. The architectural style of the project will be both contemporary and tasteful, reflecting current design trends while maintaining a conservative approach. In terms of utilization, we envision the offices primarily catering to medical services such as chiropractic, dentistry, family physician, and pediatrics. Given the proximity to a childcare center and a church, we are committed to upholding the highest standards regarding the selection of appropriate tenants and compatible uses.

By implementing this plan, we believe that the approximate 3.5 acres abutting Sheridan will be put to great use, while concurrently preserving and protecting nearly 5 acres from any further development. This approach ensures a clean and wholesome environment for the benefit of our community, not just for today, but for many years to come.

We sincerely appreciate your understanding and support for this project. Should you have any questions or concerns, we encourage you to reach out to us directly. We value your input and are committed to open dialogue as we move forward in our shared commitment to the betterment of this neighborhood. [Henry.Penix@Gmail.com](mailto:Henry.Penix@Gmail.com)

**Subject:** Comment on Z-7737 Zoning Change Request  
**Date:** Tuesday, August 22, 2023 3:40:11 PM

---

Good Afternoon,

I am writing to express my objection to the zoning request RE: Case Z-7737 changing the property from Residential Single Family to Office. A few of my neighbors in Minshall park were talking it over in our facebook group and many of us are opposed to the change. There is more than enough office space in Tulsa to clutter up our area with it. We don't need more parking lots, traffic, and unused/ vacant buildings. The developer/ owner not being able to offload the property isn't an imperative to rezone it to something more lucrative for them.

Hope you all are staying safe in all this heat!

-Eric Yeager
